

MEG HARRIS  
5X OLYMPIC MEDALIST

2025 SPRING/SUMMER CATALOG

[FINISswim.com](https://FINISswim.com)

FRONT COVER: MEG HARRIS WEARING BLACK HYDROX  
CLOSEDBACK AND MACH 1 GOGGLES IN BLUE COBALT

## TO SWIMMERS EVERYWHERE,

At FINIS, we are excited to continue our legacy of innovation, inspired by the incredible success of our athletes at the 2024 Paris Games, where we celebrated 6 Gold, 2 Silver, and 3 Bronze medals. These accomplishments are a testament to our commitment to providing swimmers with the tools they need to reach their full potential.

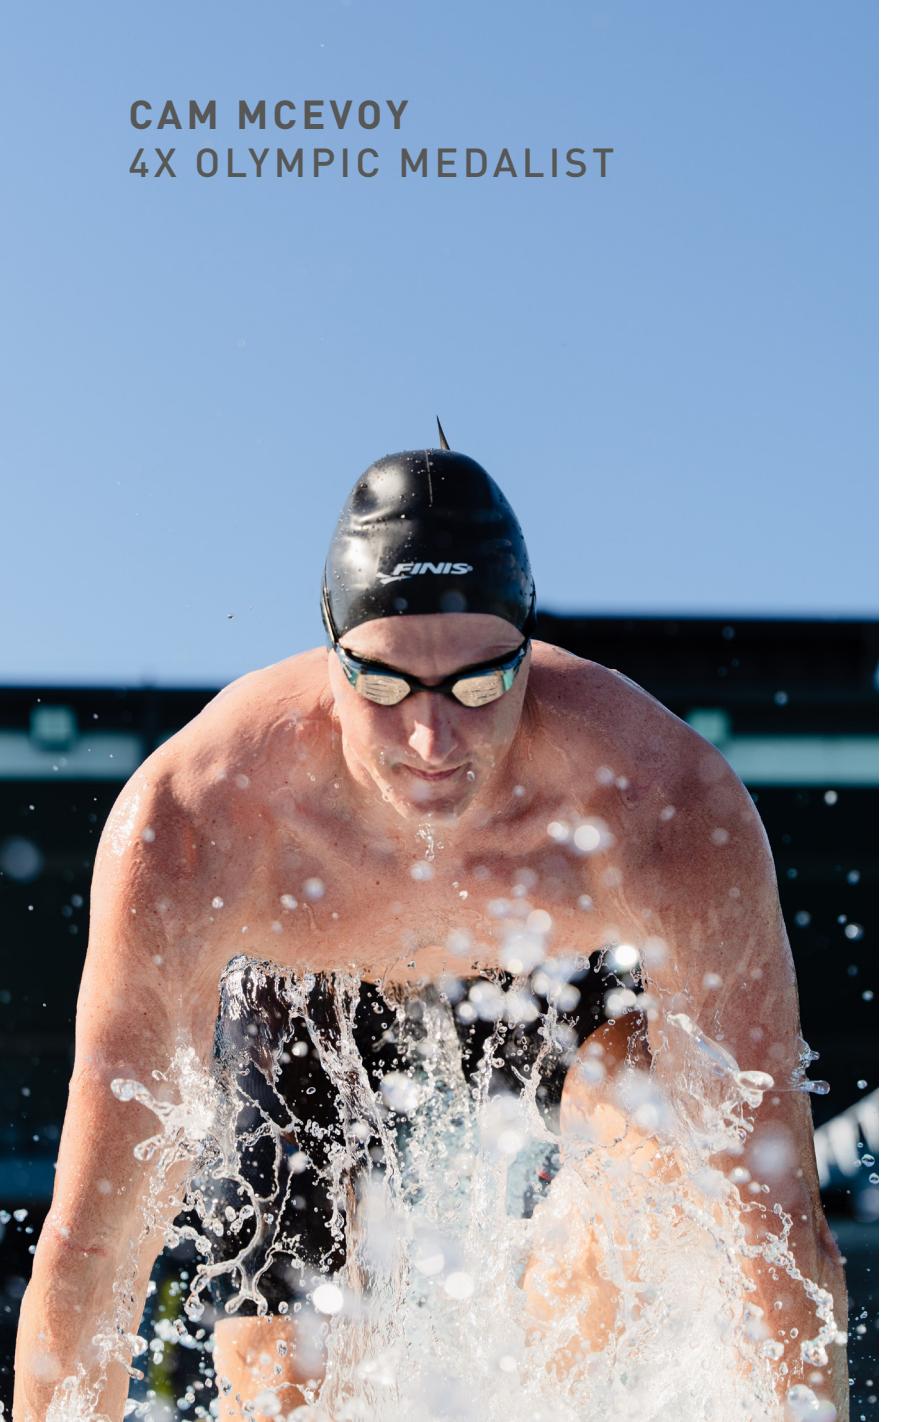

Whether you're learning to swim, refining your technique, or aiming to swim faster, good technique is a key to success. Swimming is not just for competition—it's a lifelong pursuit. It's an activity that can be enjoyed at any age, offering both fitness and fun for a lifetime.

In this catalog, you'll find our latest innovations and trusted training tools to help you swim better today and continue swimming for years to come. We're here to support you at every stage of your journey.

Thank you for choosing FINIS. We look forward to helping you enjoy swimming throughout your life.

Sincerely,  
John Mix,  
FINIS Co-Founder

CAM MCEVOY

## SNORKELS

### STABILITY SNORKEL\*

### BRACKETLESS™ SNORKEL

STYLE: 1.05.021

BLACK [100]

NAVY [106]  
new!

Designed to be used by any swimmer. By removing the head bracket and adding a cushioned resting spot in its place, swimmers can train with this snorkel for longer periods of time without discomfort. Swimming with a snorkel eliminates the need to turn the head for a breath, so swimmers can focus on technique and body position.

REPLACEMENT MOUTHPIECE  
STYLE: 1.05.083.001

REPLACEMENT STRAP WITH BUCKLE  
STYLE: 1.05.032

### STABILITY SNORKEL JR\*

### YOUTH SWIM SNORKEL

STYLE: 1.05.003

MAGICAL MAGENTA [223]

OCEAN BLUE [118]

The Stability Snorkel Junior allows younger swimmers to learn techniques like older swimmers have been learning for years and is specifically designed for swimmers ages 6-10. Swimming with a snorkel eliminates the need to turn the head for a breath, so the swimmer can focus on learning to swim with the correct body position. The snorkel also gives swimmers confidence, letting them learn new skills and improve their overall technique.

\*WARNING: This product can expose you to chemicals including Butyl Benzyl Phthalate known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to: [www.p65warnings.ca.gov/fact-sheets/butyl-benzyl-phthalate-bbp](http://www.p65warnings.ca.gov/fact-sheets/butyl-benzyl-phthalate-bbp)

## ORIGINAL SWIMMER'S SNORKEL | SR & JR\*

YELLOW SR  
(STYLE: 1.05.009.50)

PINK SR  
(STYLE: 1.05.009.112.50)

YELLOW JR  
(STYLE: 1.05.009.48)

## TECHNICAL & TRAINING SNORKEL

Allows Sr & Jr swimmers to focus on stroke technique without the interruption of turning the head to breathe. The center-mount design accommodates a full range of motion for butterfly, breaststroke and freestyle.

HEAD BRACKET REPLACEMENT  
STYLE: 1.05.017.101

PURGE VALVE REPLACEMENT  
STYLE: 1.05.010.101

## GLIDE SNORKEL\*

### TECHNIQUE & TRAINING SNORKEL

MINT GREEN  
(STYLE: 1.05.002.107.50)

OCEAN BLUE  
(STYLE: 1.05.002.118.50)

## FREESTYLE SNORKEL\*

### DESIGNED FOR FREESTYLE

STYLE: 1.05.001

Allows swimmers to focus on freestyle stroke technique without the interruption of turning the head to breathe. The curved design promotes proper head position and body alignment to maximize stroke efficiency. Reinforced stability allows for full range of motion at all speeds, including flip turns. Ideal for a lower hand position for sprint freestyle training.

HEAD BRACKET REPLACEMENT  
STYLE: 1.05.017.101

## COMPATIBLE WITH ORIGINAL SWIMMER'S SNORKEL (SR & JR) AND GLIDE SNORKEL

### SNORKEL DRY TOP

STYLE: 1.05.057

Patented internal buoy design keeps water out of the tube and makes breathing easier.

### SNORKEL CARDIO CAP

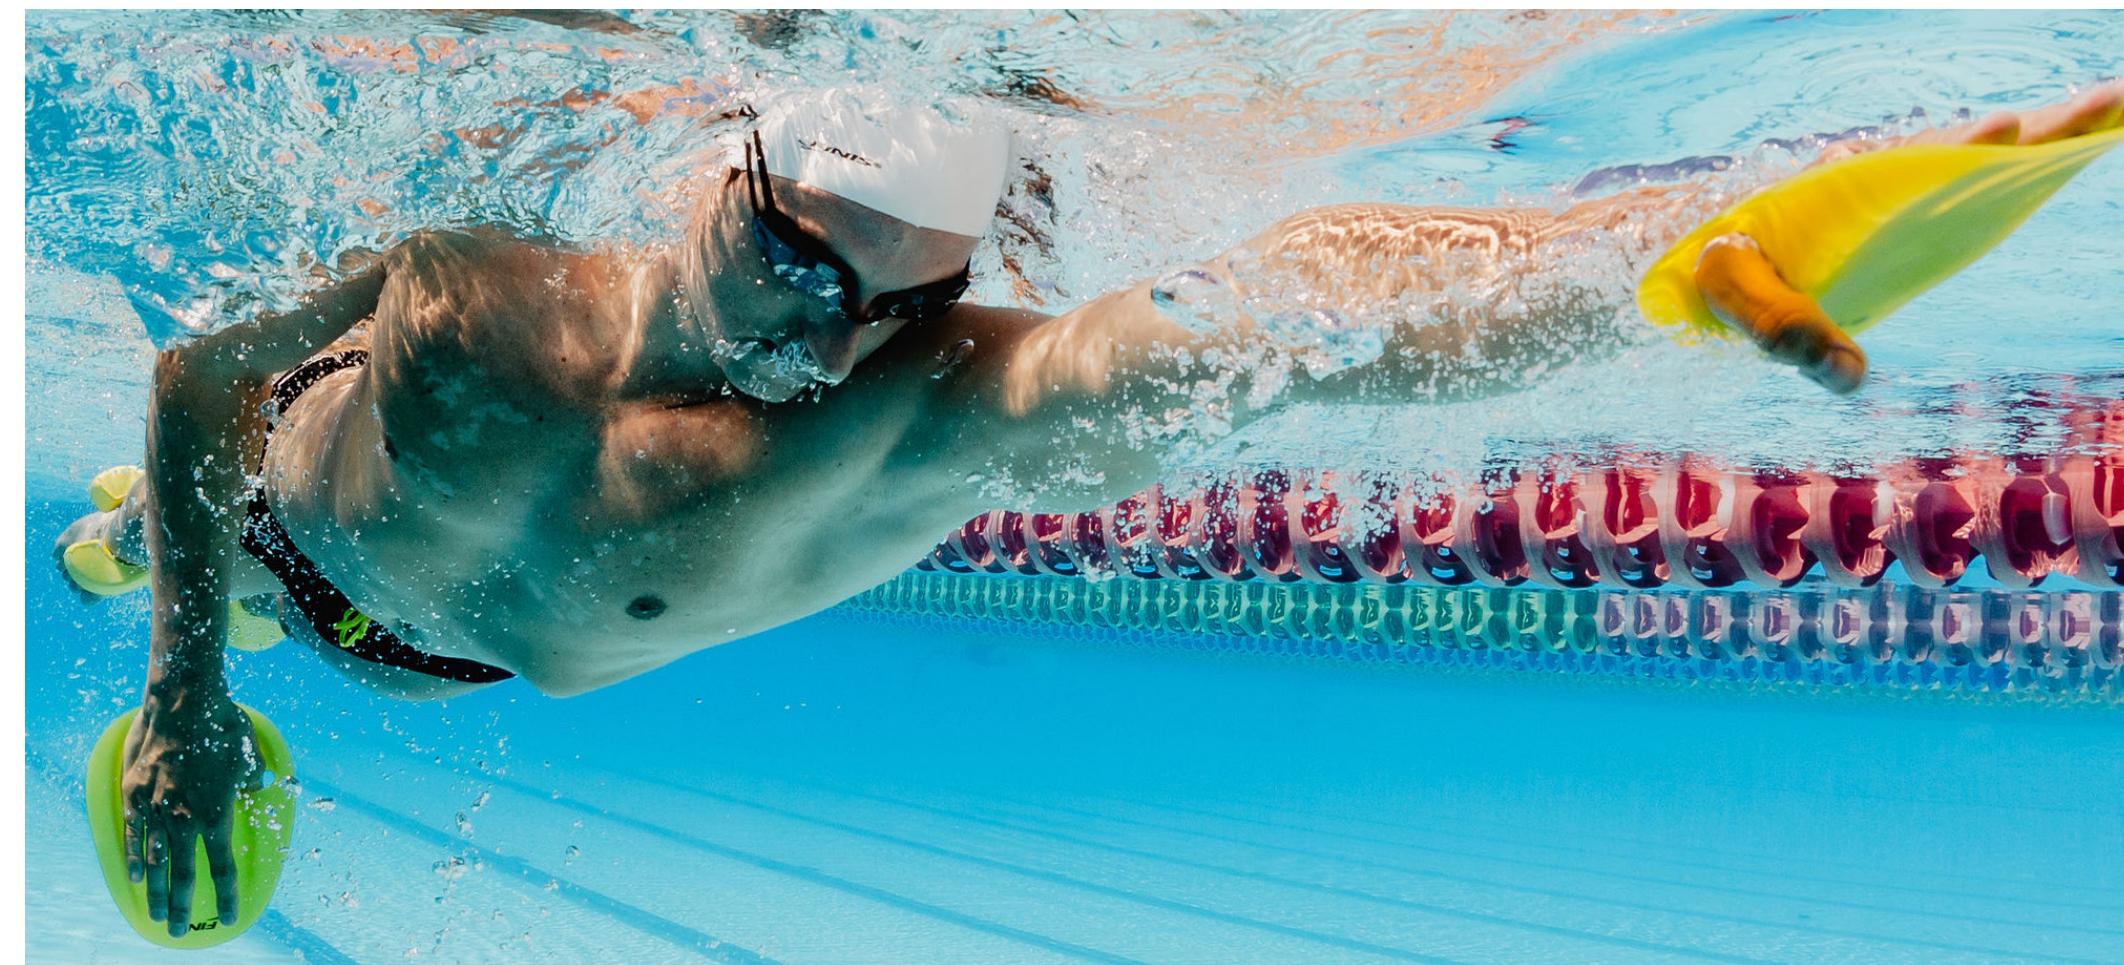

STYLE: 1.05.022

Replicates higher altitude workouts by reducing oxygen consumption and teaching a deeper breathing technique.

# PADDLES

## MANTA PADDLES

## STRAPLESS STRENGTH & TECHNIQUE PADDLES

STYLE: 1.05.152

Crafted to enhance strength, stroke efficiency, and distance per stroke, Manta Paddles feature a strapless, curved design that conforms to the natural contours of your hand. This unique shape teaches swimmers to apply consistent pressure throughout their pull, aiding in the understanding and application of hip-driven freestyle technique.

## AGILITY PADDLES FLOATING

## STRAPLESS TECHNIQUE PADDLES

STYLE : 1.05.129

Designed to provide swimmers with instant stroke feedback, the Agility Paddles strapless design teaches you to apply positive pressure throughout your stroke. If you do not maintain a proper stroke, the paddle will let you know by shifting or falling off, keeping you conscious of your technique, while building strength and heightening your feel for the water.

U.S.A. PATENTED

## ISO PADDLES

## STRAPLESS ISOLATION PADDLES

STYLE : 1.05.033

INSIDE ISOLATION

OUTSIDE ISOLATION

Iso paddles are strapless paddles designed to isolate specific muscle groups, develop proper hand position, and heighten stroke awareness. They are uniquely crafted to create an imbalance in a stroke's catch phase and force swimmers to apply more pressure on either side of the paddle to maintain a proper stroke.

U.S.A. PATENTED

[Click to view Paddles Sizing Charts](#)

## FREESTYLER PADDLES | SR & JR\*

## FREESTYLE TRAINING PADDLES

STYLE SR: 1.05.020.50

STYLE JR: 1.05.006.48

Specifically designed for freestyle training, the long fin shape and surf-skeg design planes the hand forward through the water, improving distance-per-stroke. Promotes a strong pull-through and better hip rotation. The narrow profile prevents shoulder strain.

PADDLE REPLACEMENT TUBING  
STYLE: 1.05.029

## FOREARM FULCRUMS | SR & JR

## EARLY VERTICAL FOREARM TOOL

STYLE SR: 1.05.028.50

STYLE JR: 1.05.028.48

Develops early vertical forearm (EVF) and increases stroke efficiency. An EVF position utilizes the forearm through the pull, from fingertips to elbow. Promotes stroke refinement through muscle memory of the proper hand, wrist and forearm position.

U.S.A. Patented

## BOLSTER PADDLES\*

## EARLY VERTICAL FOREARM PADDLES

STYLE: 1.05.026

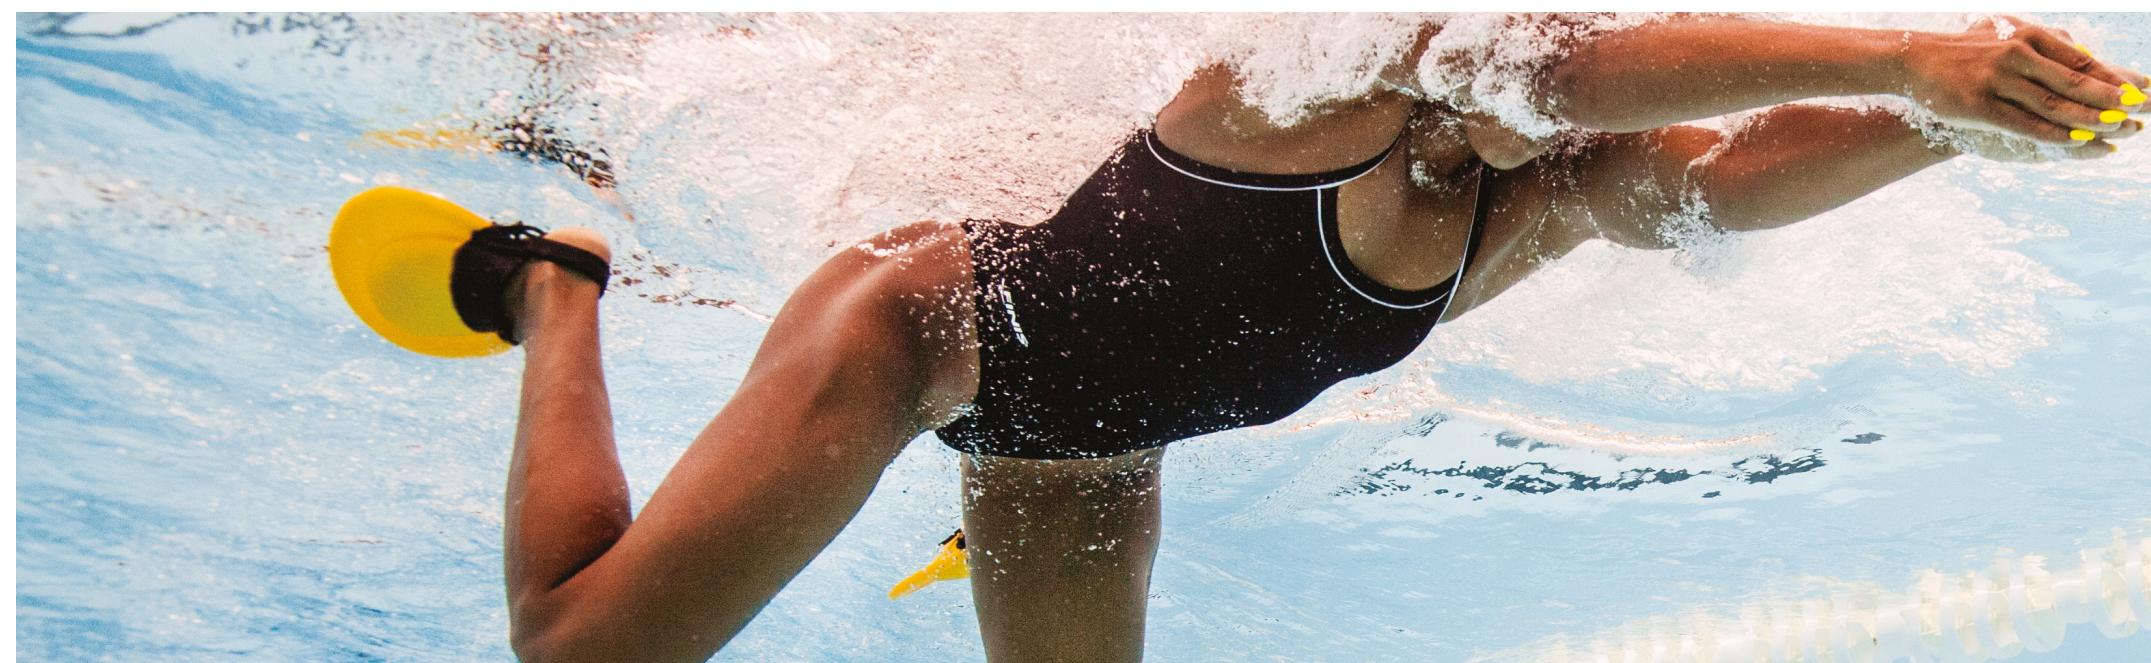

Encourages an early vertical forearm (EVF) position that utilizes the entire forearm during the pull, creating uniform application of force from fingertips to elbow. This creates and sustains longer peak velocity through the power phase of the stroke pull. At the same time it grooves neural pathways for stroke specific strength. The Bolster paddles are a versatile tool for all four swim strokes.

PADDLE REPLACEMENT TUBING  
STYLE: 1.05.029

**\*WARNING:** This product can expose you to chemicals including Butyl Benzyl Phthalate known to the State of California to cause cancer and birth defects or other reproductive harm. **EDGE FINS****MUSCLE-BUILDING TRAINING FINS**

STYLE: 2.35.050

The Edge fins are designed to improve technique and give your legs a real workout. It takes power to push these fins through the water, which results in building strength and endurance. The side rails on the fin activate your hips and quadriceps – enforcing a proper kick that starts at your hips and not your knees. This motion is great for glute and hamstring development.

**Z2 GOLD ZOOMERS®****SHORT BLADE SWIM FINS**

STYLE: 2.35.004

The comfort of natural rubber creates a secure fit and inhibits hyperflexion. The fluid separator on top of the fin helps reduce fatigue. The flex box on the bottom of fin catches water on the up-kick to build muscle. An ideal training fin for drill progression.

**ZOOMERS® GOLD****SHORT BLADE TRAINING FINS**

STYLE: 2.35.003

Short blade encourages shorter, faster kicks for added propulsion through the water. Natural rubber provides a secure and comfortable fit. An ideal training fin for cardiovascular conditioning and speed training.

U.S.A. PATENTED

**POSITIVE DRIVE FINS****FOUR STROKE TRAINING FINS**

STYLE: 2.35.100

Ellipsoidal blade generates correct propulsion in all four swim strokes, including breaststroke. The short, wide blade design promotes an inward supination kick style to improve foot speed and ankle flexibility. An ideal training fin for the individual medley.

[Click to view Fins Sizing Chart](#)

**LONG FLOATING FINS****FLOATING SWIM FINS**

STYLE: 1.05.037

Long, hydrodynamic blade lifts legs for a more propulsive kick. Added buoyancy reduces drag and builds leg strength. The closed heel design provides protection against hyperflexion of ankles and increases comfort. An ideal training fin for all ages and abilities.

**BOOSTER FINS****SHORT BLADE SWIM FINS**

STYLE: 1.05.081

Feedback from the fins teaches swimmers how kicking generates forward movement through the water. Made of a natural rubber that floats, Booster fins help lift legs to the surface and teach proper body position.

**FISHTAIL 2****LEARN-TO-SWIM FINS**

STYLE: 1.05.059.37

Designed to be worn as soon as a child is able to walk, the Fishtail 2 swim fins reward even the smallest kicks with forward movement to accelerate learning and build confidence.

**FOOTBOOTIES**

STYLE: 1.25.004.101

Soft neoprene material prevents chafing on top of feet and adds comfort when using fins or monofins

Available Sizes:  
S (04), M (05), L (06).

**SKIN SOCKS**

STYLE: 1.25.002.101

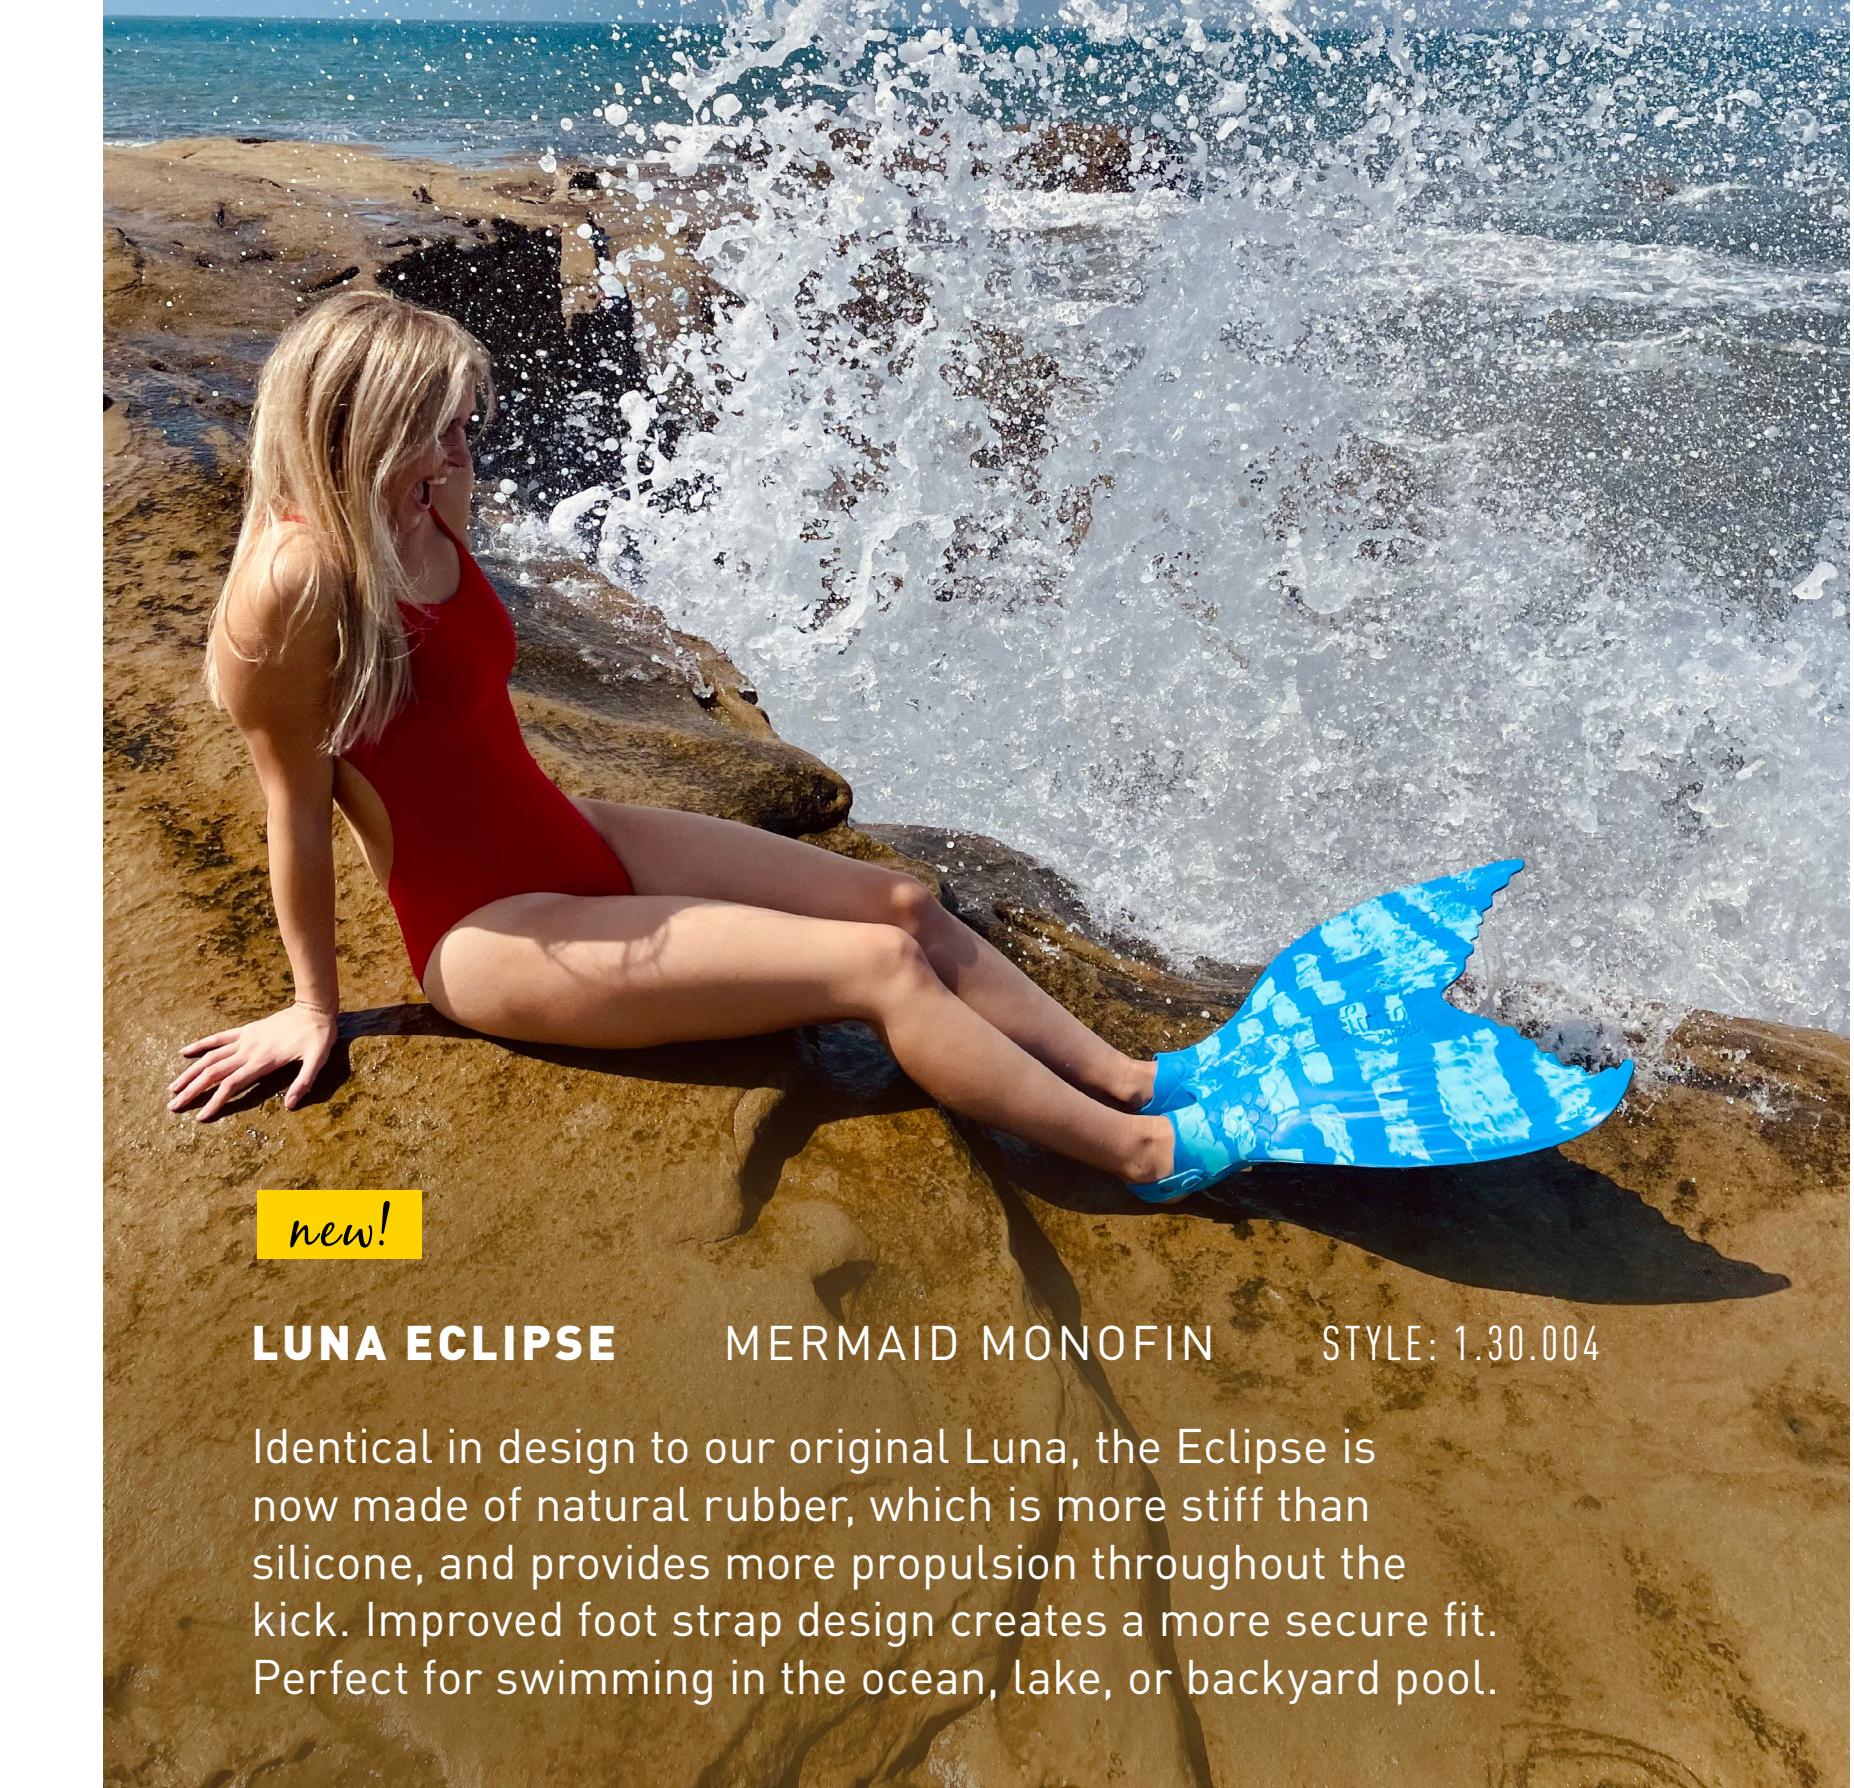

Versatile sport socks designed to protect and comfort feet. Reduces irritation against feet, effectively preventing blisters and chafing.

Available Sizes:  
S (04), M (05), L (06).

## MONOFINS

### LUNA ECLIPSE MERMAID MONOFIN    STYLE: 1.30.004

Identical in design to our original Luna, the Eclipse is now made of natural rubber, which is more stiff than silicone, and provides more propulsion throughout the kick. Improved foot strap design creates a more secure fit. Perfect for swimming in the ocean, lake, or backyard pool.

MEDIUM (228)

SMALL (176)

#### EXPLORE THE MAGIC OF SWIMMING

Allows swimmers to glide through the water with the graceful movements of a mermaid

#### ADJUSTABLE STRAPS

Adjustable straps fit a variety of foot sizes and allow for a customized fit

#### COMFORTABLE

Constructed from natural rubber the Luna Eclipse is soft, durable, and comfortable

[Click to view Monofins Sizing Charts](#)

**EVO MONOFIN****QUICK-TEMPO MONOFIN**

STYLE: 1.35.029.104

The Evo is the first and only short-blade monofin designed to teach swimmers an efficient dolphin kick, build muscle memory, and create perfect body position in the water. We achieved our goal of designing a monofin that supports a natural dolphin kick by enabling ankle movement.

**FOIL MONOFIN****TECHNIQUE MONOFIN**

STYLE: 1.35.012

Teaches the full body motion developed and made popular by Coach Bob Gillett. Promotes an equal use of up and down kicks for propulsion throughout the entire dolphin kick, increasing core and leg strength. Natural rubber provides a secure and comfortable fit.

U.S.A. PATENTED

**RAPID MONOFIN\*****RECREATIONAL ADULT MONOFIN**

STYLE: 1.35.003

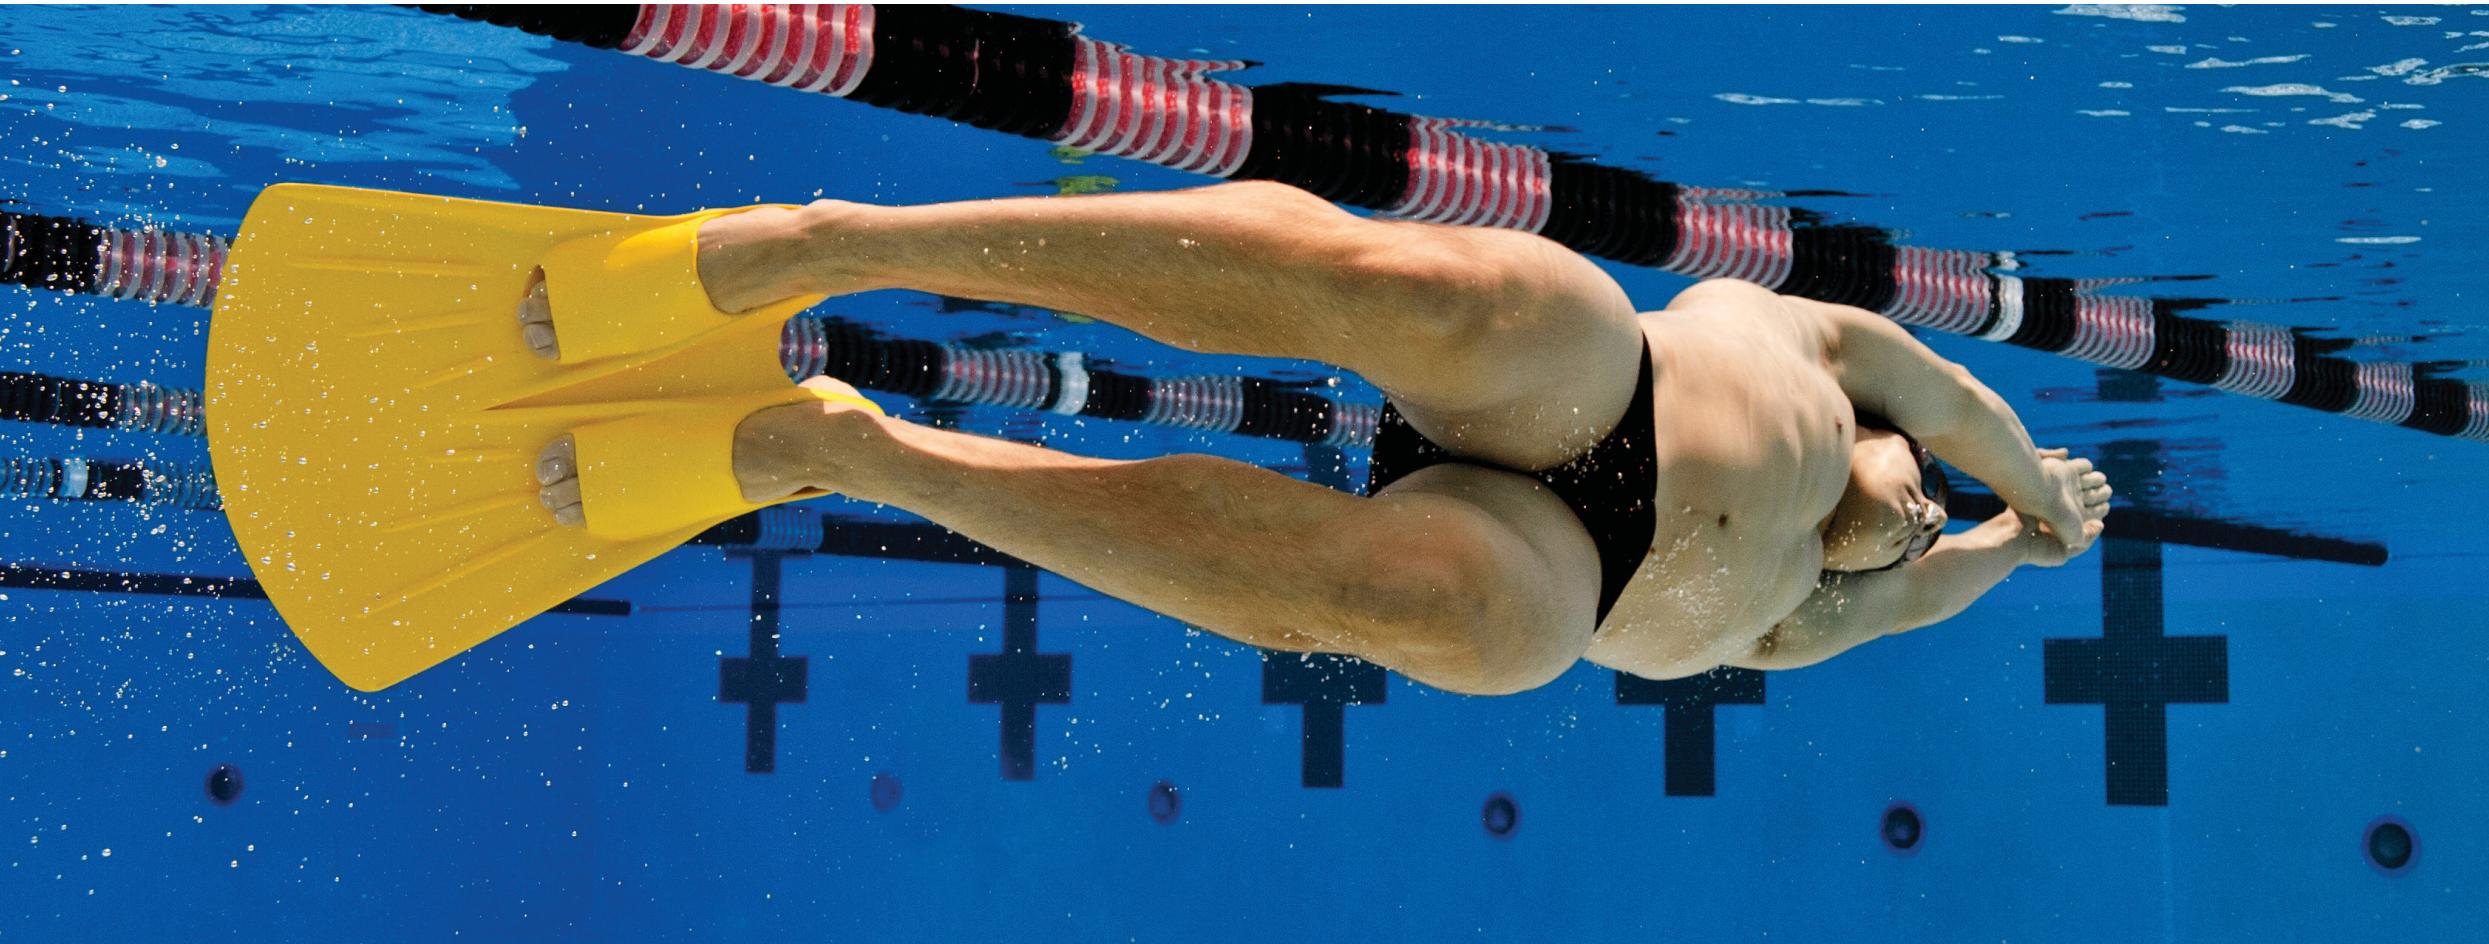

Teaches teens and adults proper undulation in the water and builds core and leg muscles. The blade flexibility provides speed without causing added strain on ankles. Built-in stability ridge provides proper flexion, and an adjustable heel strap offers a customizable fit.

U.S.A. PATENTED

RAPID REPLACEMENT STRAP  
STYLE: 1.35.009

**WARNING:** This product can expose you to chemicals including Di(2-ethylhexyl)phthalate (DEHP) known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to: [www.p65warnings.ca.gov/fact-sheets/di2-ethylhexylphthalate-dehp](http://www.p65warnings.ca.gov/fact-sheets/di2-ethylhexylphthalate-dehp)

[Click to view Monofins Sizing Charts](#)

**SHOOTER MONOFIN****SHORT BLADE MONOFIN**

STYLE: 1.35.004

SIZE: XL

SIZE: L

SIZE: M

Short fiberglass blade is ideal for competitive swimmers who want to develop a quick, powerful dolphin kick while improving flexibility in feet and ankles. Allows for high speed training that targets core and leg muscles.

U.S.A. PATENTED

[ASSEMBLED IN THE USA]

**TRAINER 1 MONOFIN****SWIM TRAINING MONOFIN**

STYLE: 1.35.005

SIZE: XL

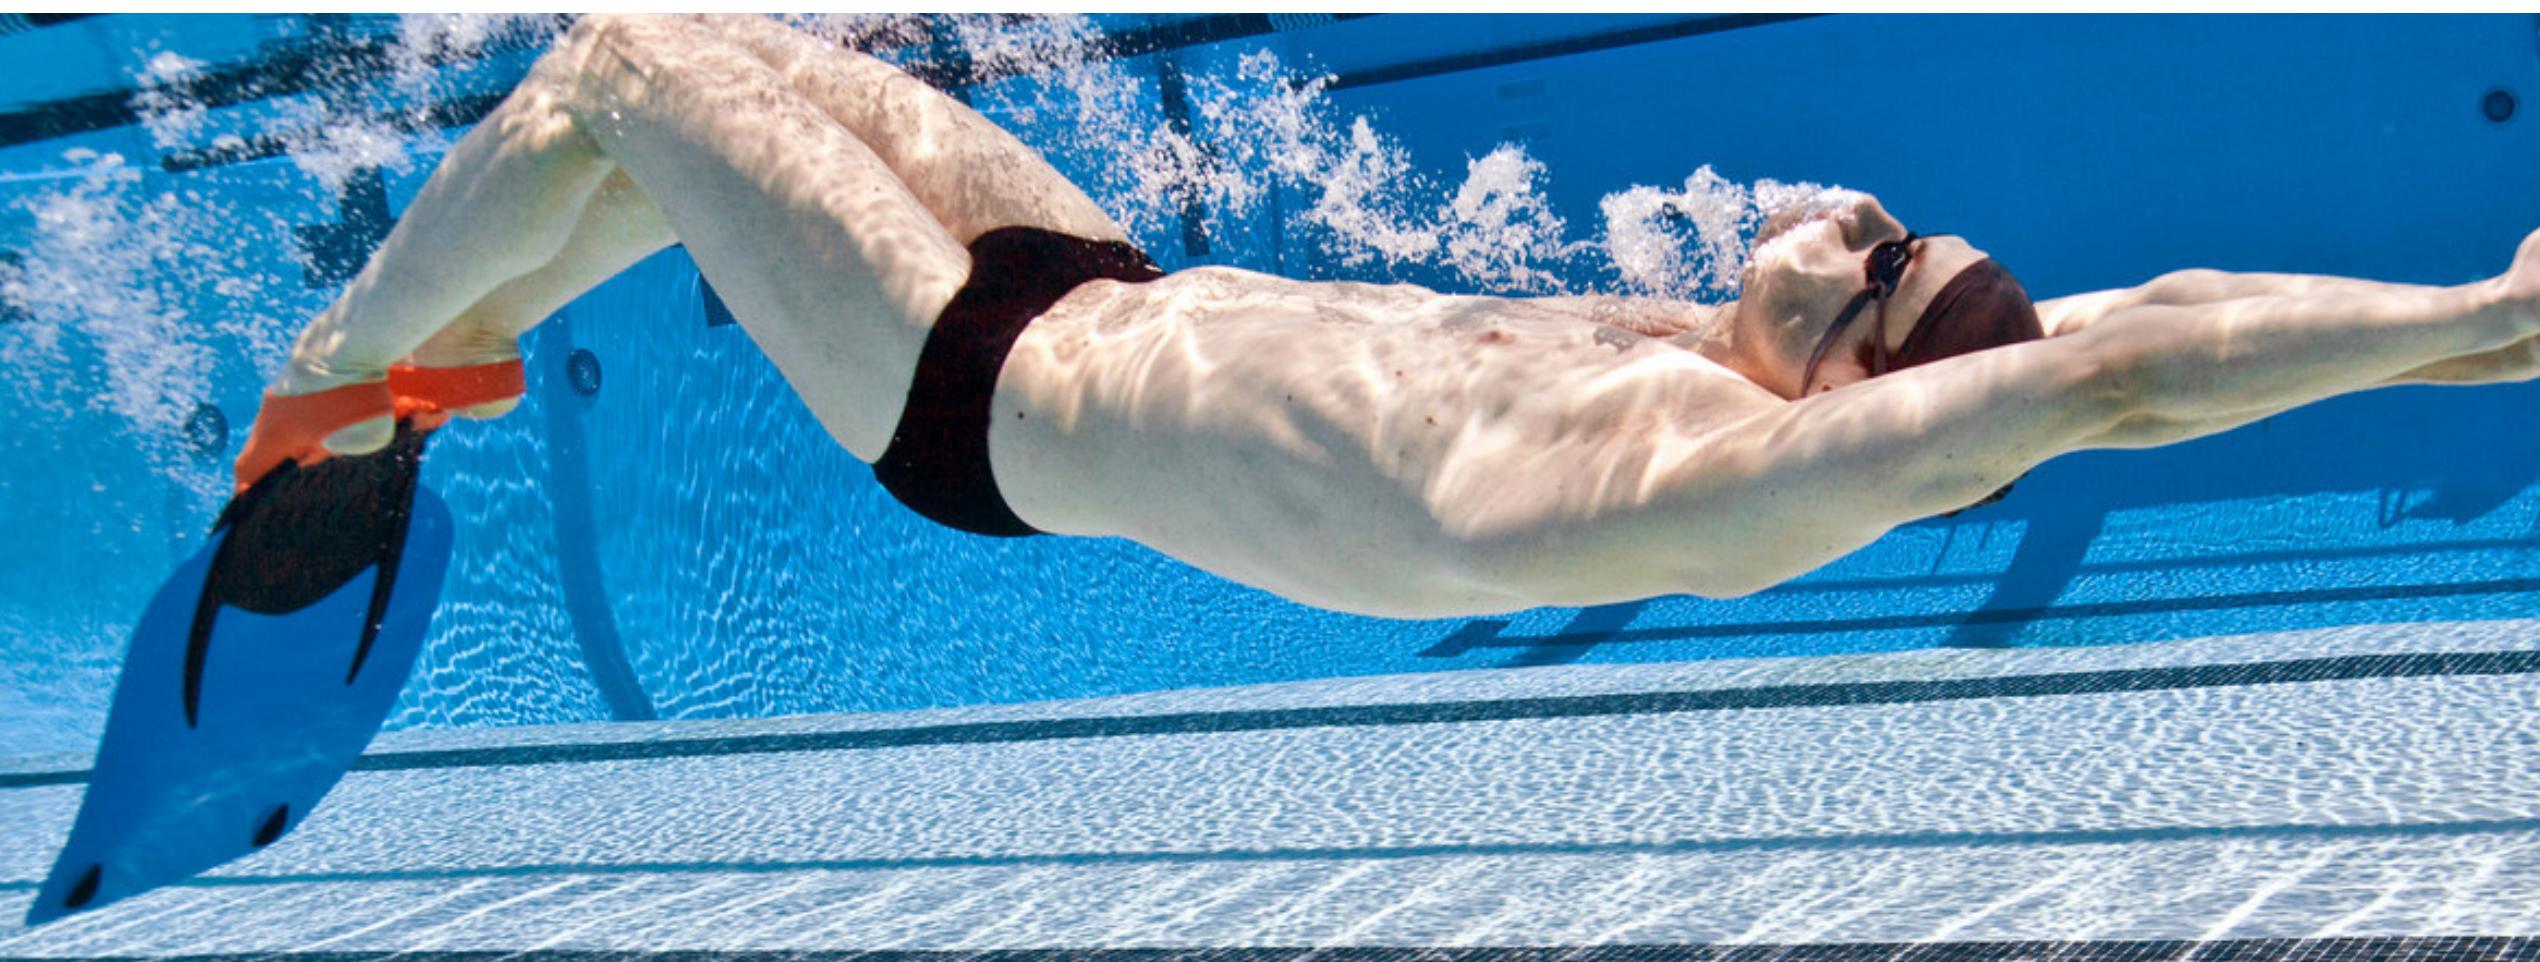

SIZE: L

SIZE: M

Long flexible fiberglass blade is ideal for competitive swimmers who want to improve body balance and stroke timing, while strengthening core muscles. Corrects dolphin kick technique by generating kick from hips and chest instead of knees.

[ASSEMBLED IN THE USA]

**COMPETITOR MONOFIN****PROFESSIONAL FREEDIVE MONOFIN**

STYLE: 1.35.007

SIZE: XL

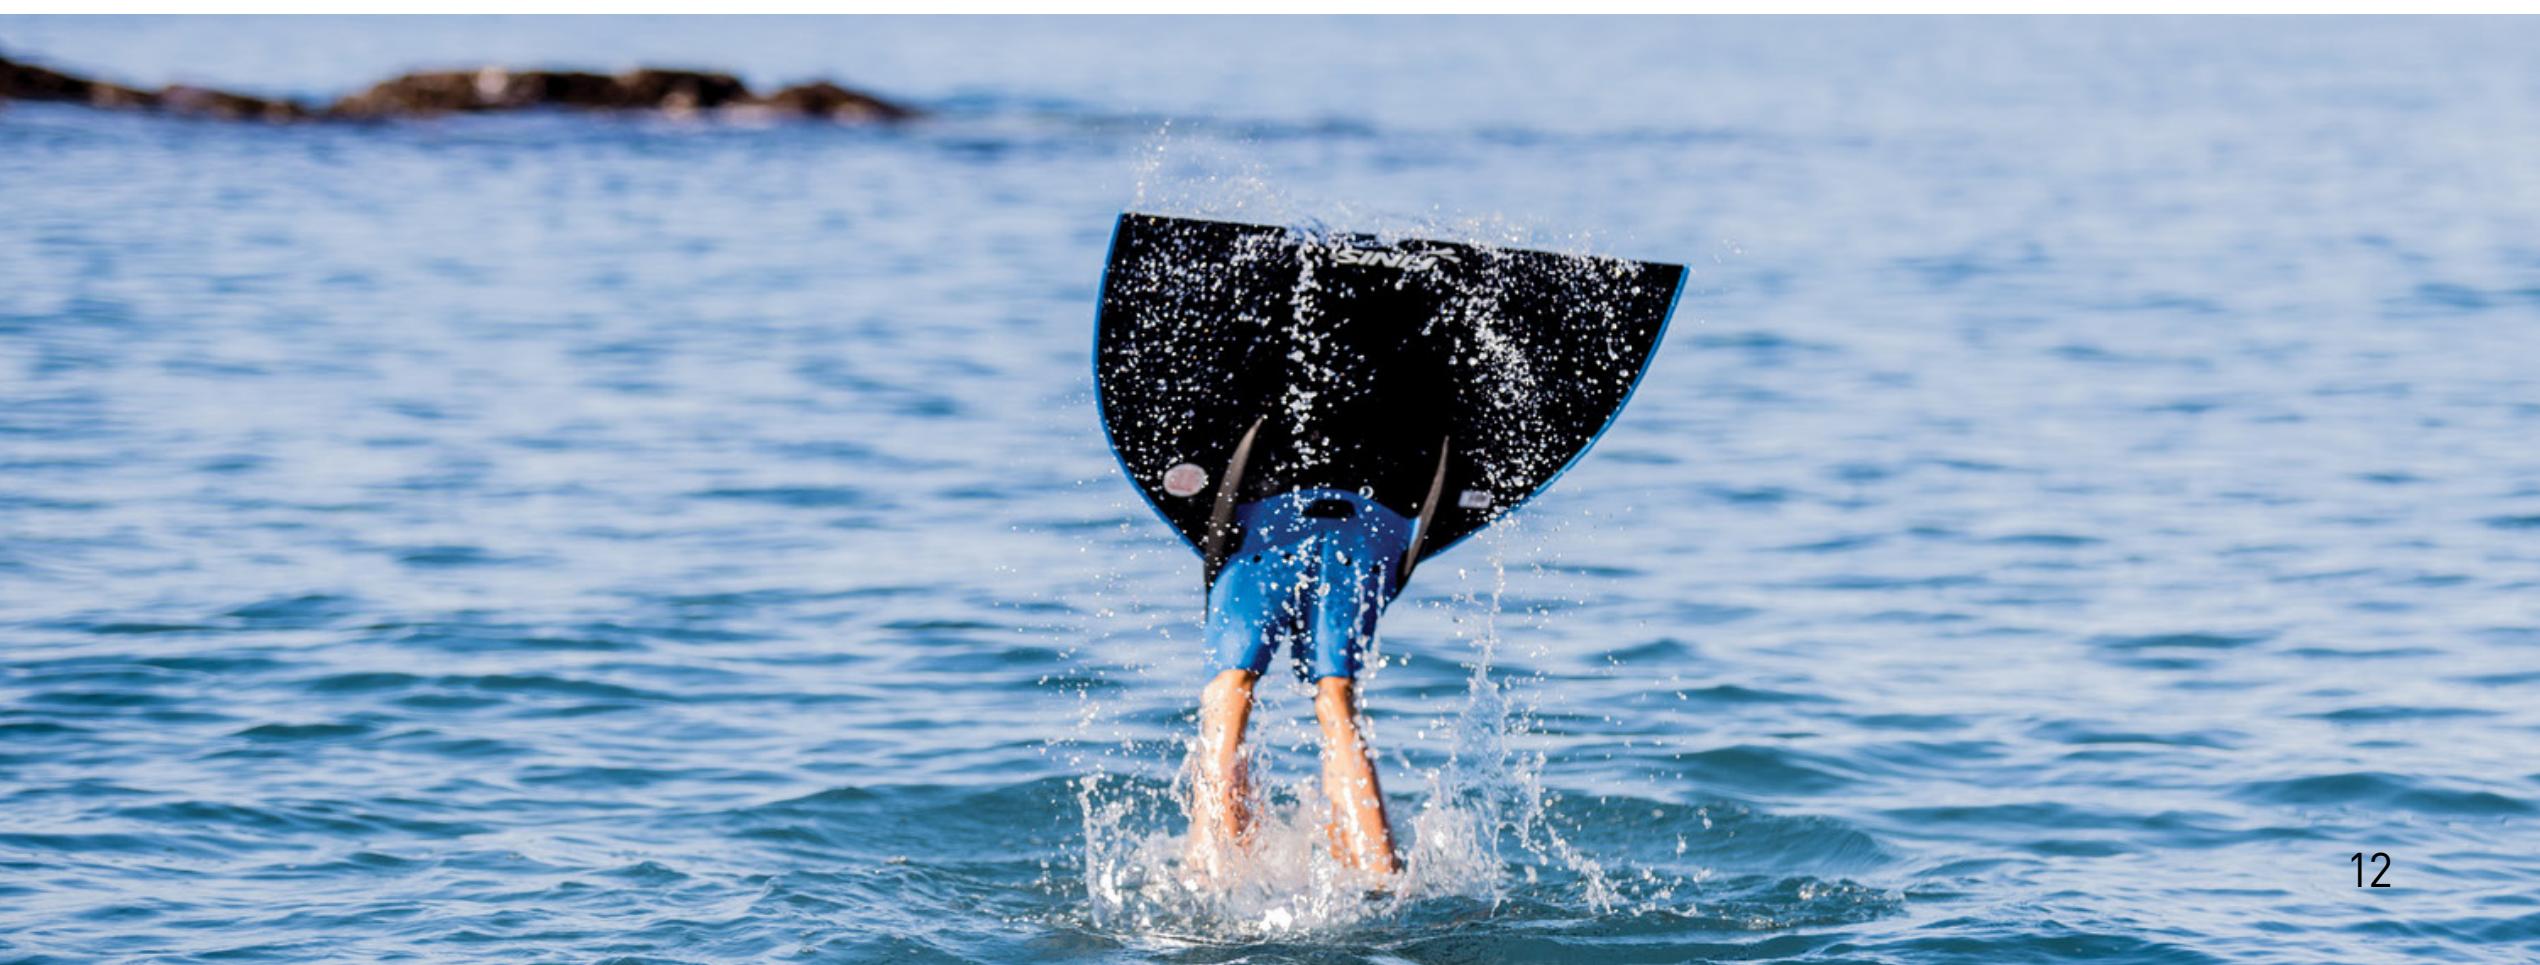

SIZE: L

SIZE: M

Hand-tapered fiberglass blade and durable rubber foot pocket create a whip-like action at the end of each kick and supply compounded resistance for maximum propulsion. Ideal for freedivers, fin swimmers and water sport enthusiasts.

[ASSEMBLED IN THE USA]

[Click to view Monofins Sizing Charts](#)

## ALIGNMENT KICKBOARD

## STREAMLINE KICKBOARD

STYLE: 1.05.042

Hydrodynamic design and stabilizing hand strap allows control over the board without gripping, creating perfect alignment from fingertips to toes. When paired with a snorkel, it encourages proper head alignment and improves overall technique. The EVA foam provides durability and prevents skin irritation.

U.S.A. PATENTED

## FOAM KICKBOARD | SR & JR

STYLE SR: 1.05.035.50

STYLE JR: 1.05.035.48

## STANDARD KICKBOARD

## ANKLE BUOY

## HYDRODYNAMIC ANKLE BUOY

STYLE: 1.05.094.05

The Ankle Buoy helps you realize full body rotation by connecting the shoulders, core, and hips all the way through the legs. Body alignment extends from fingertips to toes, so while traditional buoys are nice, placing a buoy at your ankles brings your feet to the surface of the water and eliminates uphill swimming.

## FOAM PULL BUOY | SR & JR

## LEG BUOY

STYLE SR: 1.05.036.50 / STYLE JR: 1.05.036.48

Immobilizes legs and provides lift to build upper body strength and increase focus on proper hip rotation. The EVA foam provides durability and prevents skin irritation.

**PULLING ANKLE STRAP**

STYLE: 1.05.052.104

Rubber strap worn around ankles to eliminate kicking. Ideally used with the Foam Pull Buoy, to immobilize legs to build upper body and stabilizing core strength.

**HYDRO HIP****CORE STRENGTHENING TOOL**

STYLE: 1.05.007

Bilateral blade promotes proper timing of hips, arms and body. Adds resistance to improve core strength and builds muscle groups that aid in full body rotation. Ideal for drills or technique-focused training sessions.

**TECH TOC****AUDIBLE HIP ROTATION TRAINING TOOL**

STYLE: 1.05.014

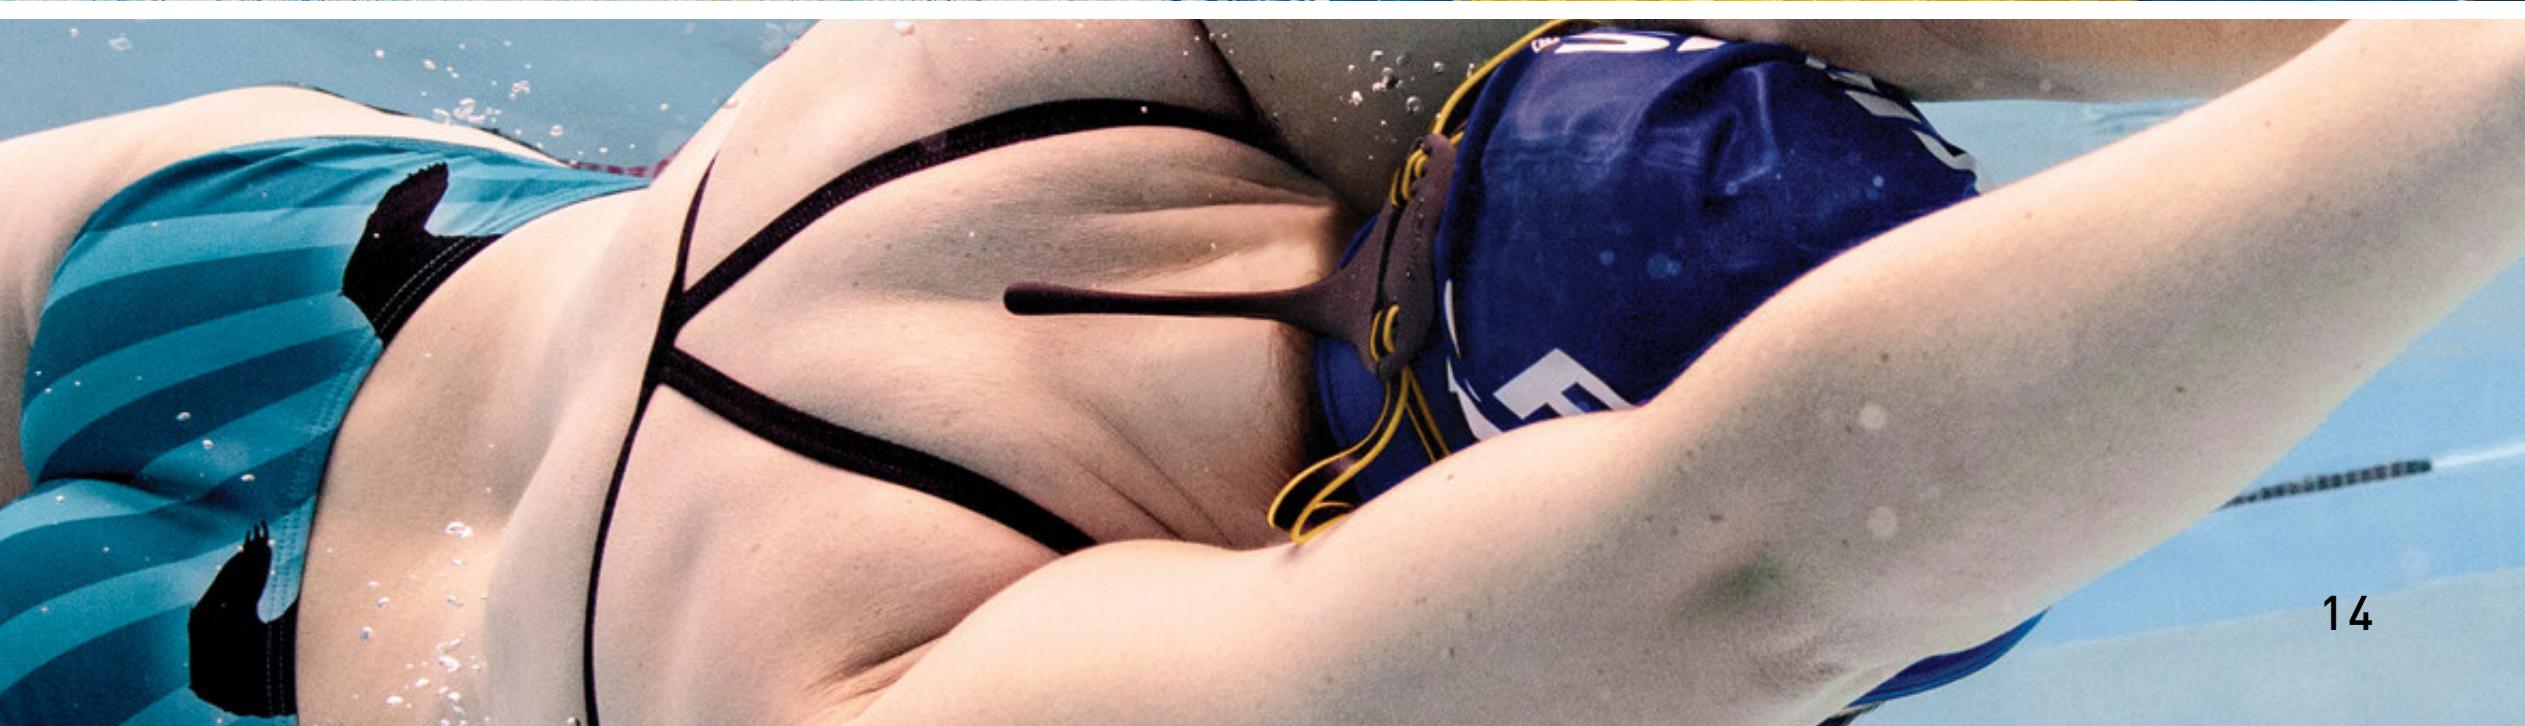

Utilizes a ball bearing and acoustic amplifiers to create sound as the device is tipped from side to side. Provides immediate audio feedback to teach proper timing and hip rotation.

**POSTURE TRAINER****HEAD ALIGNMENT TRAINING TOOL**

STYLE: 1.05.045

Promotes correct head and spine alignment. When secured to back center of head, device should be undetectable until the swimmer exceeds recommended posture range. Improves alignment for all four swim strokes.

**SWIM PARACHUTE****RESISTANCE PARACHUTE**

STYLE: 1.05.110

RED 8" (102)

NAVY 12" (106)

A comfortable, adjustable nylon belt connected to a durable parachute creates resistance during workout. The added resistance builds muscle and endurance. Compatible with all four swim strokes and does not interfere with kicking or flip turns.

**SLIDE DRYLAND TRAINER****FULL RANGE OF MOTION DRYLAND CORDS**

STYLE: 1.05.095

7MM RESISTANCE (07) - YELLOW

9MM RESISTANCE (09) - RED

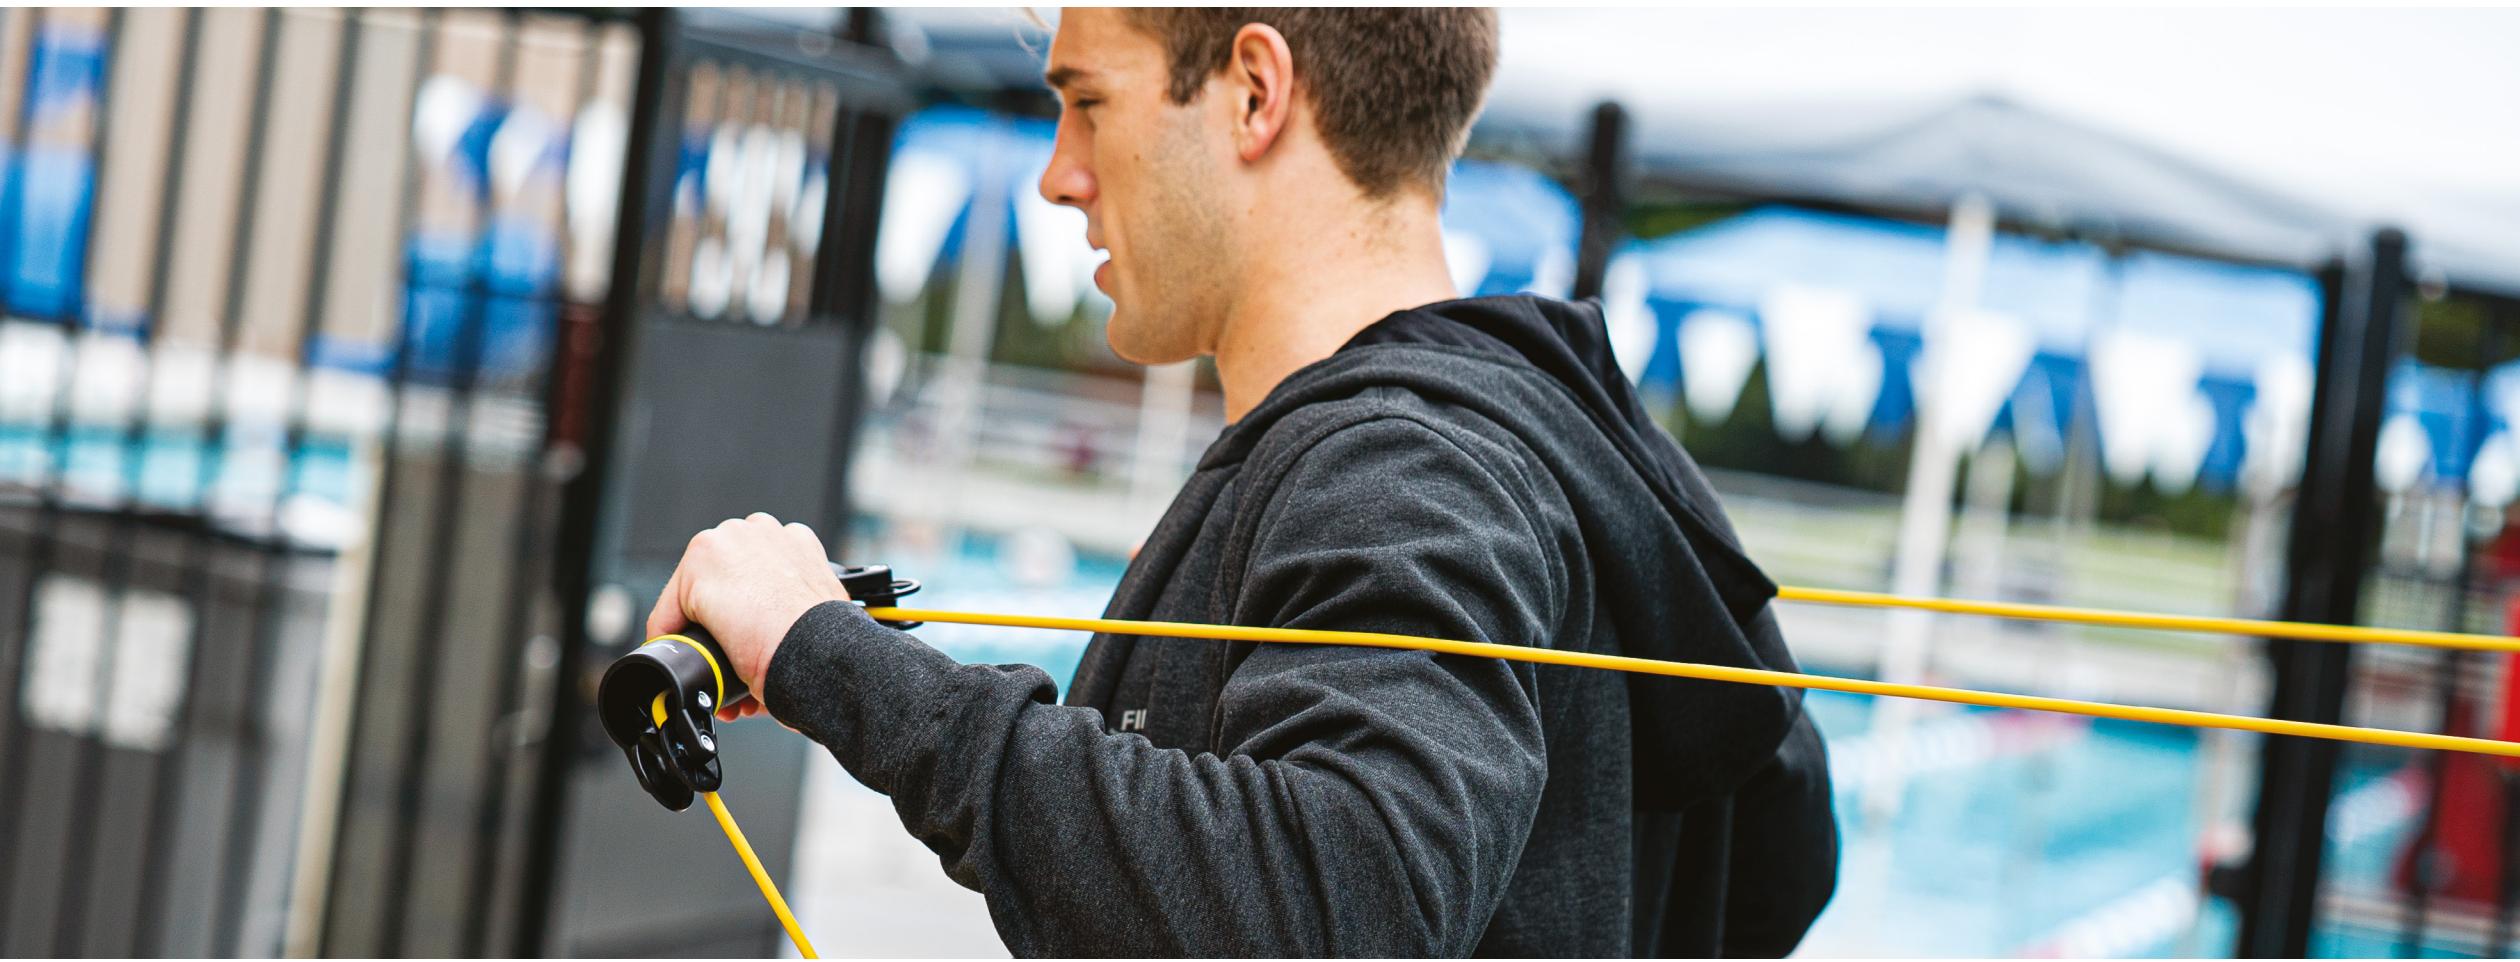

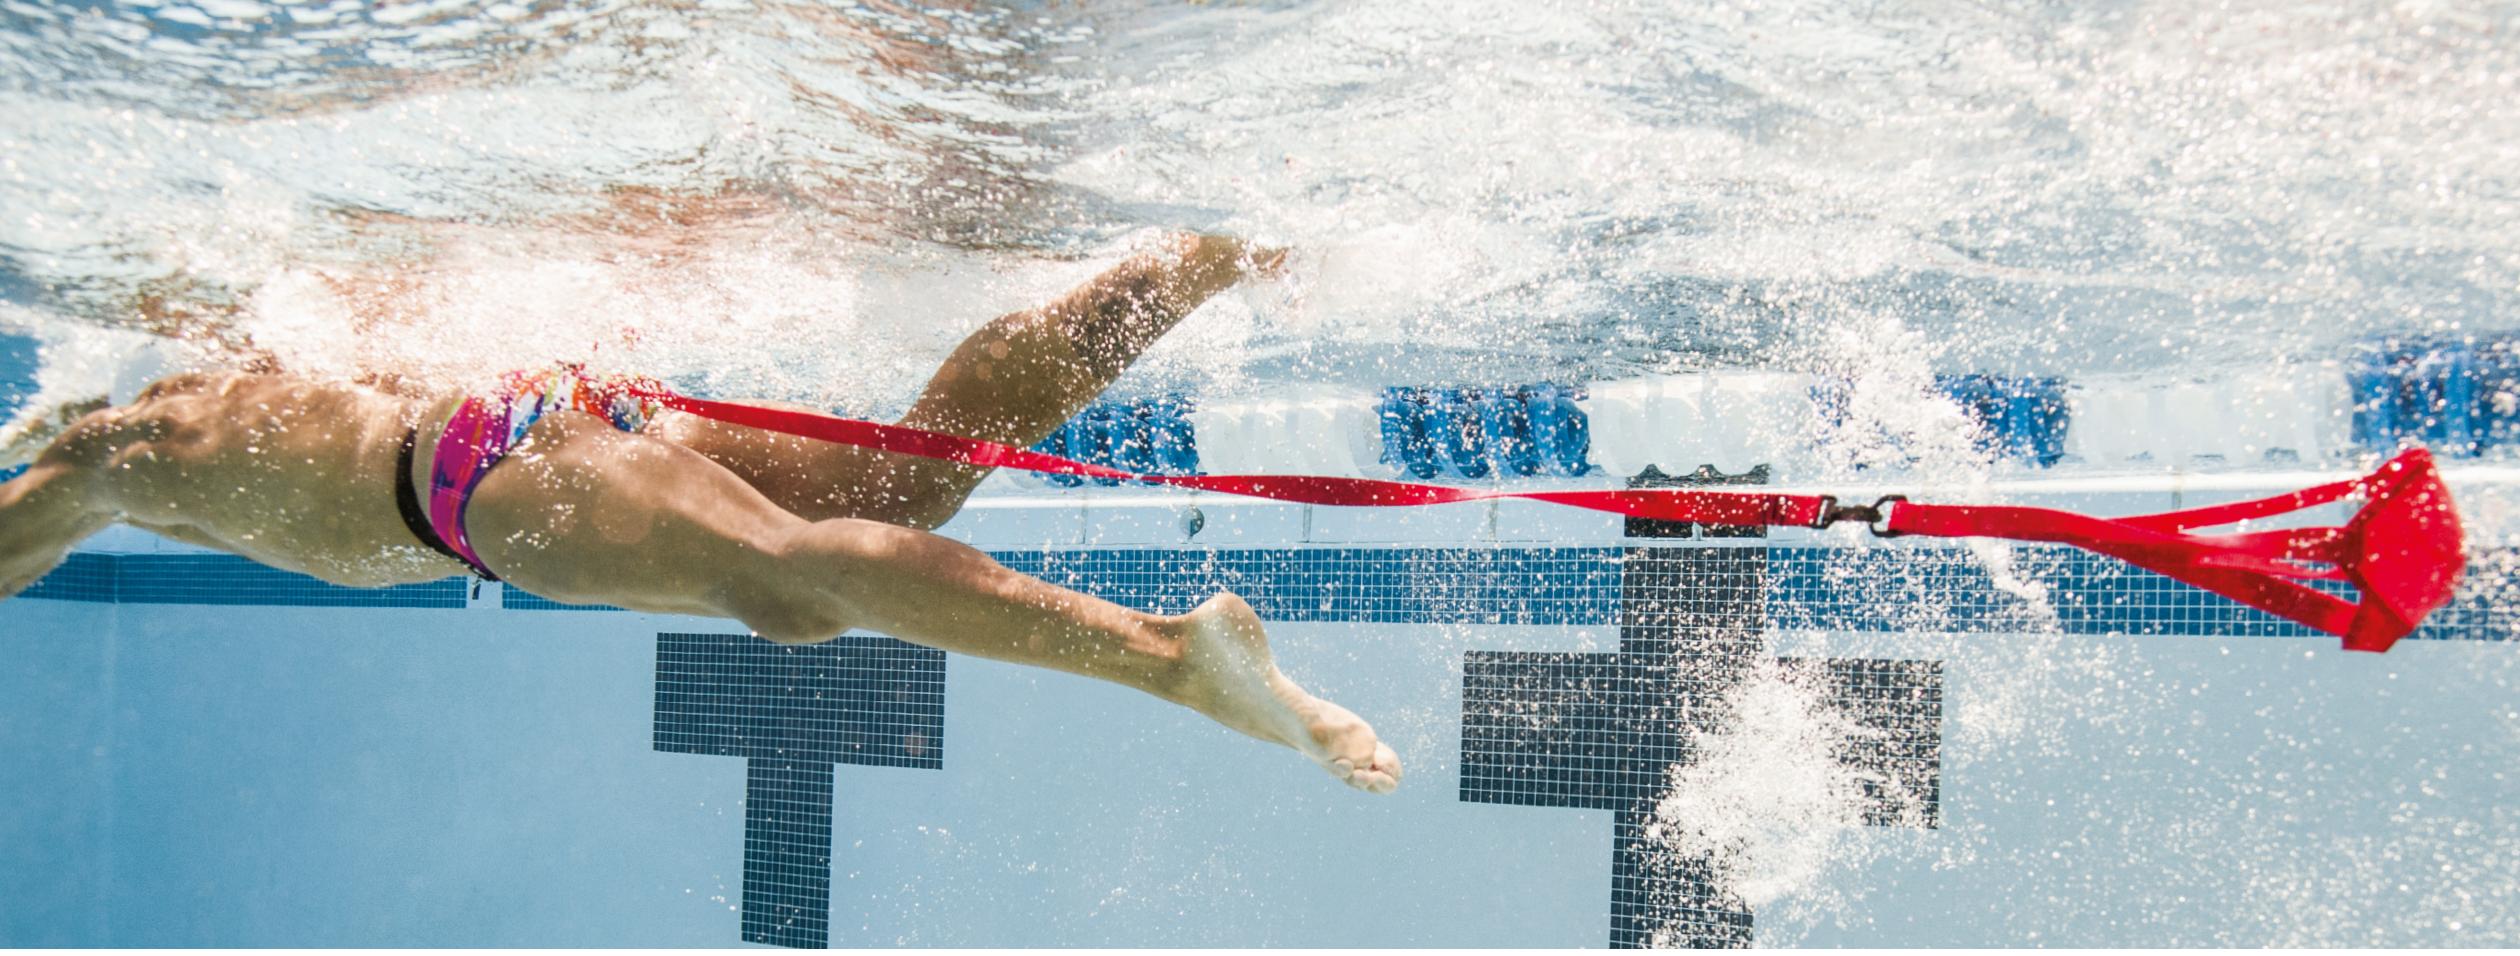

The Slide Dryland Trainer is designed to provide swimmers with exercises that mimic the entire swim stroke cycle with consistent resistance. Attach the cord to two different points on a chain-link fence (or similar) to add variety and different angles to your strength and conditioning training. The two rotating handles allow swimmers to practice hand and forearm positioning without cord interference or overloading.

**DRYLAND CORD****RESISTANCE STRETCH CORD**

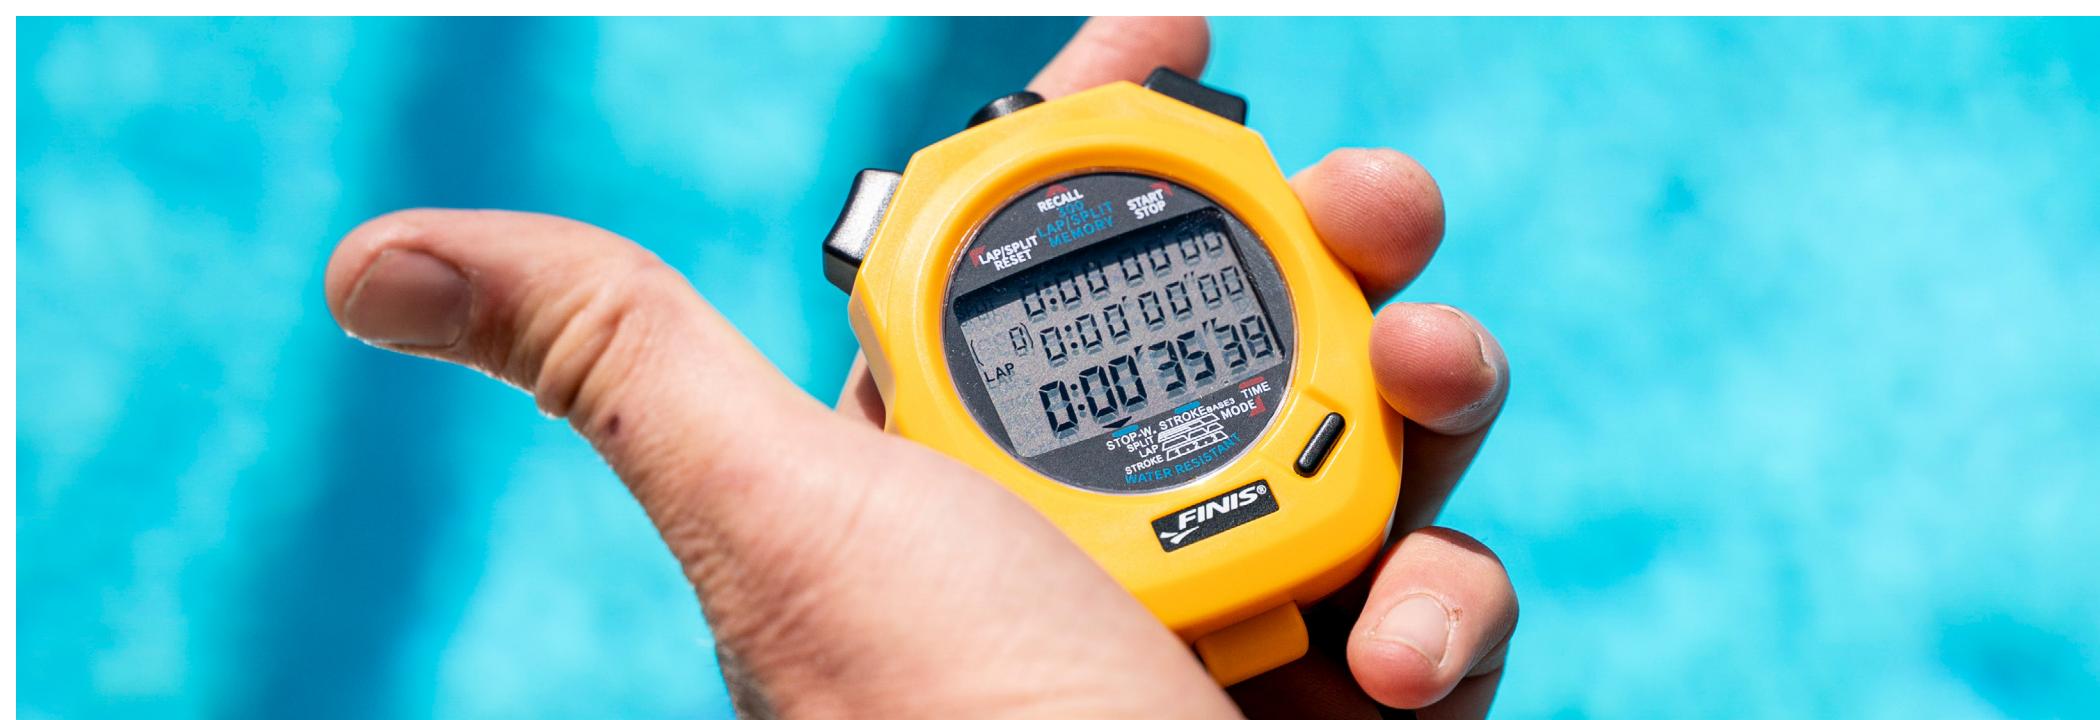

STYLE: 1.05.113

YELLOW (104)  
LIGHT RESISTANCEGREEN (105)  
MEDIUM RESISTANCERED (102)  
HEAVY RESISTANCE

Durable rubber tubing and comfortable handles designed to simulate swimming movements to build strength and improve range of motion. Available in three different resistances for swimmers of all ages and abilities.

# ELECTRONICS

## TEMPO TRAINER PRO

## UNDERWATER METRONOME

STYLE: 1.05.120

The small, waterproof device easily secures beneath a swim cap and transmits an audible tempo beep. Three different modes allow for customizable pace training, adjustable by 1/100th of a second. Includes a clip for dryland exercise. U.S.A PATENTED

[Download the Tempo Trainer Pro Guide](#)

CROWN (150)

PARADISE (161)

SEASHELL (224)

Mermaid accessories allow you to instantly transform into a mermaid. The Silicone Cap reduces drag in the water and protects hair against chlorine and sun exposure. Made of 100% silicone for added durability and comfort.

**NOSE CLIP**

STYLE: 3.25.005

BLUE (103)

CLEAR (001)

Anatomic design comfortably fits most noses to keep water out. Made of a nylon material for prolonged life and pressure retention. Silicone nose pads offer maximum comfort. Carrying case included.

**MESH BAG****MESH GEAR BAG**

STYLE: 1.25.026

BLACK (101)

RED (102)

NAVY (106)

A convenient way to store all swim equipment. The durable nylon mesh material provides airflow for fast drying and includes a pull drawstring that securely closes the bag. A small zip compartment safely stores smaller items such as goggles or a Tempo Trainer Pro.

**EAR PLUGS**

STYLE: 3.25.006.001

The specialized shape conforms to ears, effectively sealing water out without going too far into the ears. 100% silicone provides maximum comfort and a secure seal. Carrying case included.

**TEAM BACKPACK 2.0****TRAINING AND TRAVEL BACKPACK**

STYLE: 3.25.117

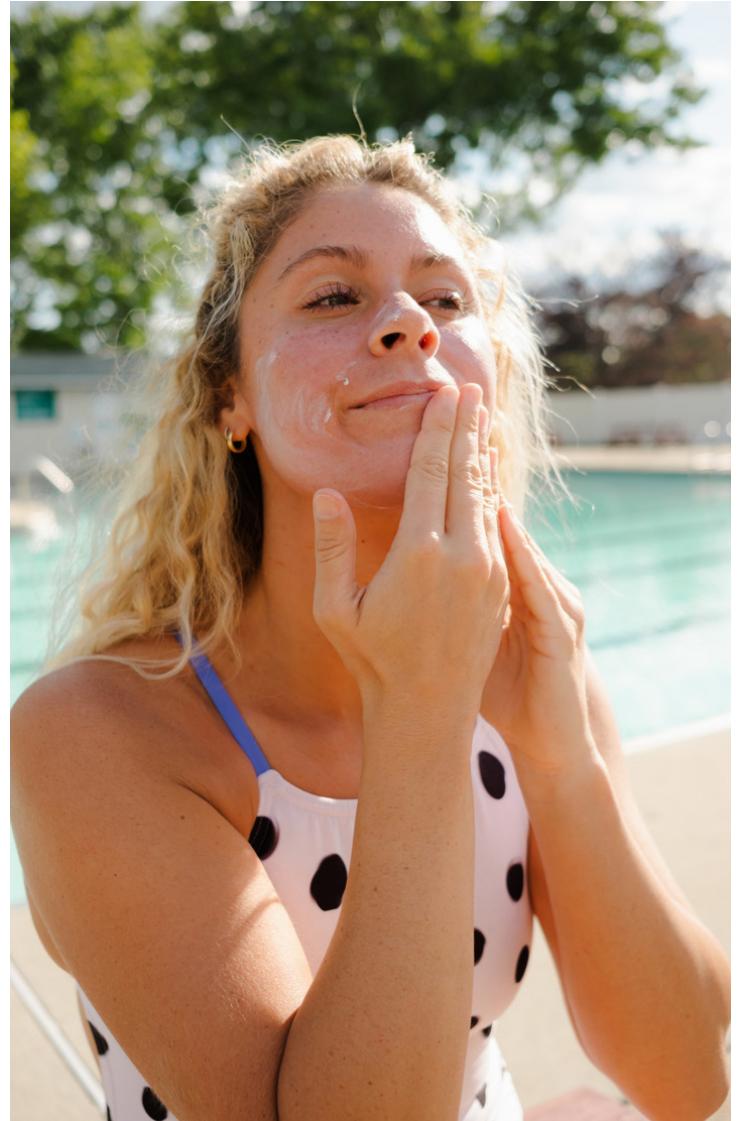

Designed to hold wet and dry gear, the Team Backpack 2.0 makes life simple. Breathable compartments at the bottom and side of the bag are perfect for storing wet suits, towels, and other gear. The main compartment is spacious and features a space for 15-inch laptops.

Dimensions: 32cm (L) x 20cm (W) x 51cm (H)

## SKINCARE

### DERMASPORT SPF 50 FACIAL SUNSCREEN

STYLE: 4.10.000

A clean SPF 50 mineral lotion with a hydrophobic barrier that protects your skin from chlorine and sun damage for up to 80 minutes so you can swim, sweat, and enjoy the sunshine with peace of mind.

### DERMASPORT FACIAL MOISTURIZER

STYLE: 4.10.200

Revive chlorine and sun-damaged skin with this ultra-hydrating lightweight formula. A soothing blend of botanicals and hyaluronic acid calms chlorine rash and helps reverse the visible signs of photoaging.

### DERMASPORT GENTLE FACIAL CLEANSER

STYLE: 4.10.100

A pH-balanced cleanser that gently removes chlorine, sunscreen, sweat, dirt, and makeup without stripping, leaving skin soft, smooth, and hydrated.

### DERMASPORT EYE CREAM

STYLE: 4.10.300

Restore your naturally healthy glow with this zen-like eye cream. A powerful vitamin and peptide firming complex helps lift the skin to reduce the appearance of fatigue, goggle marks, and dark circles.

### DERMASPORT COMPLETE KIT

STYLE: 4.10.800

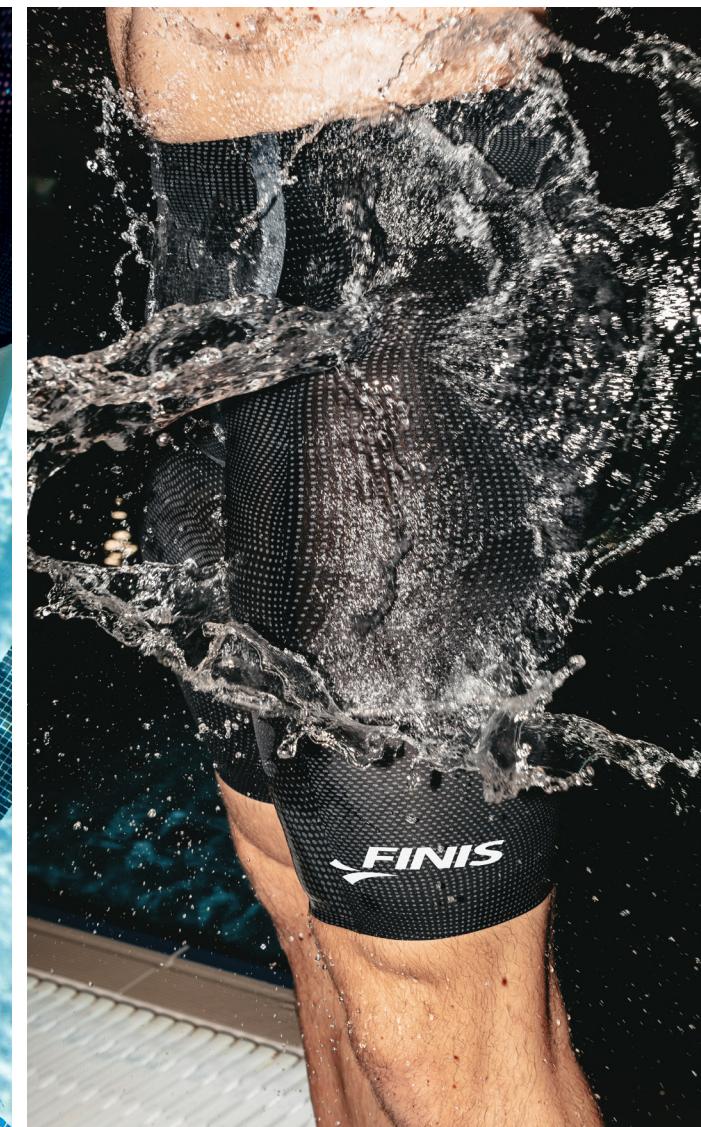

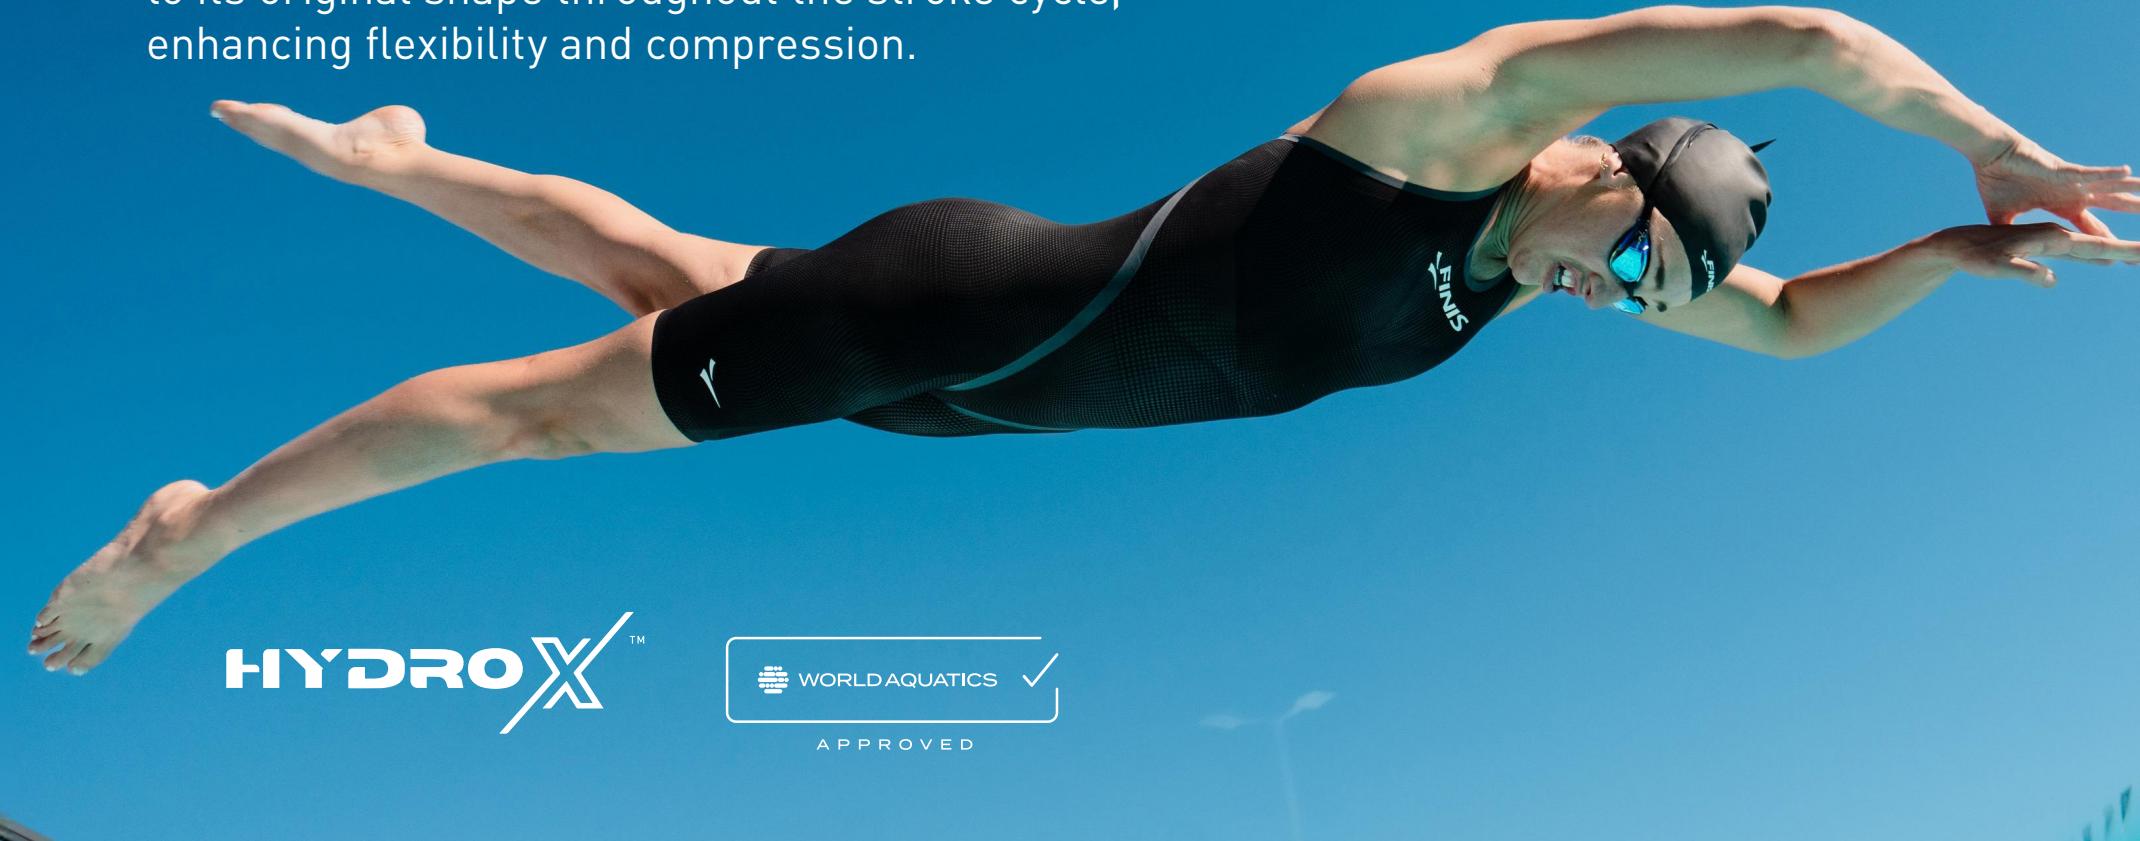

Dermasport's best-selling 4-step system has everything a swimmer needs to protect against sun damage, chlorine rash, dry skin, and goggle marks. Get the high-performance skincare trusted by Olympic swimmers Nathan Adrian and Elizabeth Beisel. It's time to swim with healthy skin!

## HYDROX NEXT GENERATION TECHNICAL RACING SUIT

Amplify your confidence in the HydroX - our latest innovation in competition swimwear. We perfected the most essential details of the race suit, starting with the fabric and the way it interacts with muscle. The threads of our proprietary MemoryFlex® fabric are positioned to optimize the natural expansion and contraction of the muscle, providing consistent compression for the highest performance. MemoryFlex® is a smart material that will return to its original shape throughout the stroke cycle, enhancing flexibility and compression.

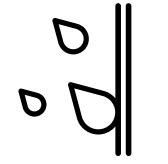

OPEN BACK KNEESKIN | STYLE: 1.10.034

CLOSED BACK KNEESKIN | STYLE: 1.10.044

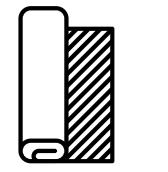

JAMMER | STYLE: 1.10.144

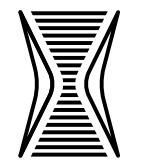

### MEMORYFLEX® FABRIC

The multi-directional weave of our proprietary fabric was intentionally designed to enhance the natural motion of the muscles.

### SMART MATERIAL

Enhances flexibility and compression throughout the stroke cycle and returns to its original shape.

### CORE STABILITY

Allows for great flexibility and free range of motion while maintaining core stability and balance through the hips.

### COLORS

BLACK (101)

WHITE (100)

## RIVAL 2.0 ELITE TECHNICAL RACING SUIT

Rival 2.0 features a new, proprietary fabric called Shield-Tech™. Developed using a unique weavemethod, Shield-Tech™ provides the suit with a perfect combination of durability and flexibility. The fabric's surface retains a very small amount of water, creating a shield-like effect and reducing friction. Designed in California at the FINIS Stroke Lab.

### COMPRESSION IN THE RIGHT AREAS

Compression placed in areas to conform and streamline the body, thus reducing drag

### ELITE FIT

Designed during hands-on fit sessions with FINIS Olympians Anthony Ervin, Olivia Smoliga and James Guy

### EVERY SEAM HAS A REASON

Bonded seams are placed to strengthen the fabrics and enhance compression in adjacent areas

### TWO FABRICS ARE BETTER THAN ONE

The one-way stretch increases compression and the two-way stretch allows optimal range of motion

### FLEXIBLE HIP PANELS FOR ALL STROKES

Features single-layered panels on the inner thighs to increase range-of-motion

### THIS SUIT IS MADE FOR THE WATER

The fabric's surface retains a very small amount of water, creating a shield-like effect and reducing friction

## REUSABLE SWIM DIAPER (NAPPY)

STYLE: 5.20.014

Great alternative to disposable diapers. Snug elastic around waist and legs create a secure fit to contain solid waste. Woven polyester lining creates an extra soft layer against baby's skin. UPF 50+ keeps harmful UV rays away from sensitive areas. Phthalates and PVC free.

## SWIM TEACHING PLATFORM

1.2M - STYLE: 1.05.107.98

1.8M - STYLE: 1.05.107.92

## FIBERGLASS STANDING DECK

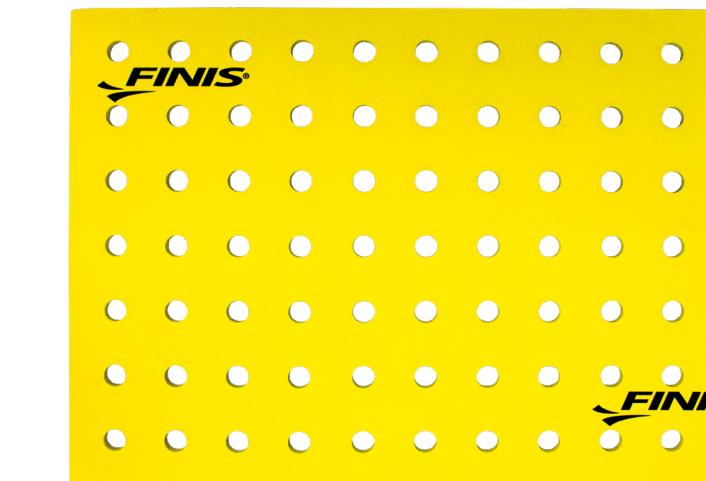

Submersible standing deck designed for teaching lessons in deeper water. The uniquely molded fiberglass creates a sturdy, non-slip surface above the pool bottom. Railings create a safe and clear distinction between teaching areas and can be connected to create larger platforms. Should only be used under adult supervision.

## FLOATING ISLAND

## LEARN-TO-SWIM FLOAT FOR KIDS

STYLE: 5.40.035.06

Safe and fun learn-to-swim tool for swim classes, recreational poolside or open water. High-density EVA foam provides optimal buoyancy, and the holes allow water to seep through so children can build water confidence. Should only be used under adult supervision.

Dimensions: W 50" X H 35" X D 1"

*Larger Floating Foam Mat Available For Special Order - Dimensions: W 79" x 39.5" x D 1"*

## FOAM HAND FLOATS

Floatie Friends™ are swim aids designed to help children build confidence in the water. These hand floats make it easier for kids to relax, control their breathing, and float independently. They provide a fun way for young swimmers to learn basic skills and gain confidence.

Each pair includes two floats, one for each hand. This helps swimmers find the right buoyancy and body position. Kids learn to put their faces in the water and kick to move forward.

**BACKSTROKE START WEDGE**

STYLE: 1.30.031

**ADJUSTABLE, NONSLIP BACKSTROKE STARTING WEDGE**

The Backstroke Start Wedge is manual and can be set up multiple ways to fit all standard starting blocks. Swimmers can also easily adjust the wedge to their desired height through five different settings to optimize their backstroke start.

**NONSLIP TRACK-START PLATFORM**

STYLE: 1.30.044

The Track-Start is a platform that can be attached to your existing blocks via two methods: bolted or strapped. The bolt method is a semi permanent method requiring you to drill small holes into your block. The strap method is temporary and allows you to strap the platform onto your block when you are ready to practice with it. The Swim Block Track-Start fits all standard blocks and is FINA-compliant.

*2 installation methods: bolted (semi-permanent) or strapped (temporary).*

*Width: 50+ cm, Length: 50-81cm.*

**TURNMASTER PRO**

2.50 M | STYLE: 1.05.106.07

**INDIVIDUAL LANE BULKHEAD**

2.05 M | STYLE: 1.05.106.04

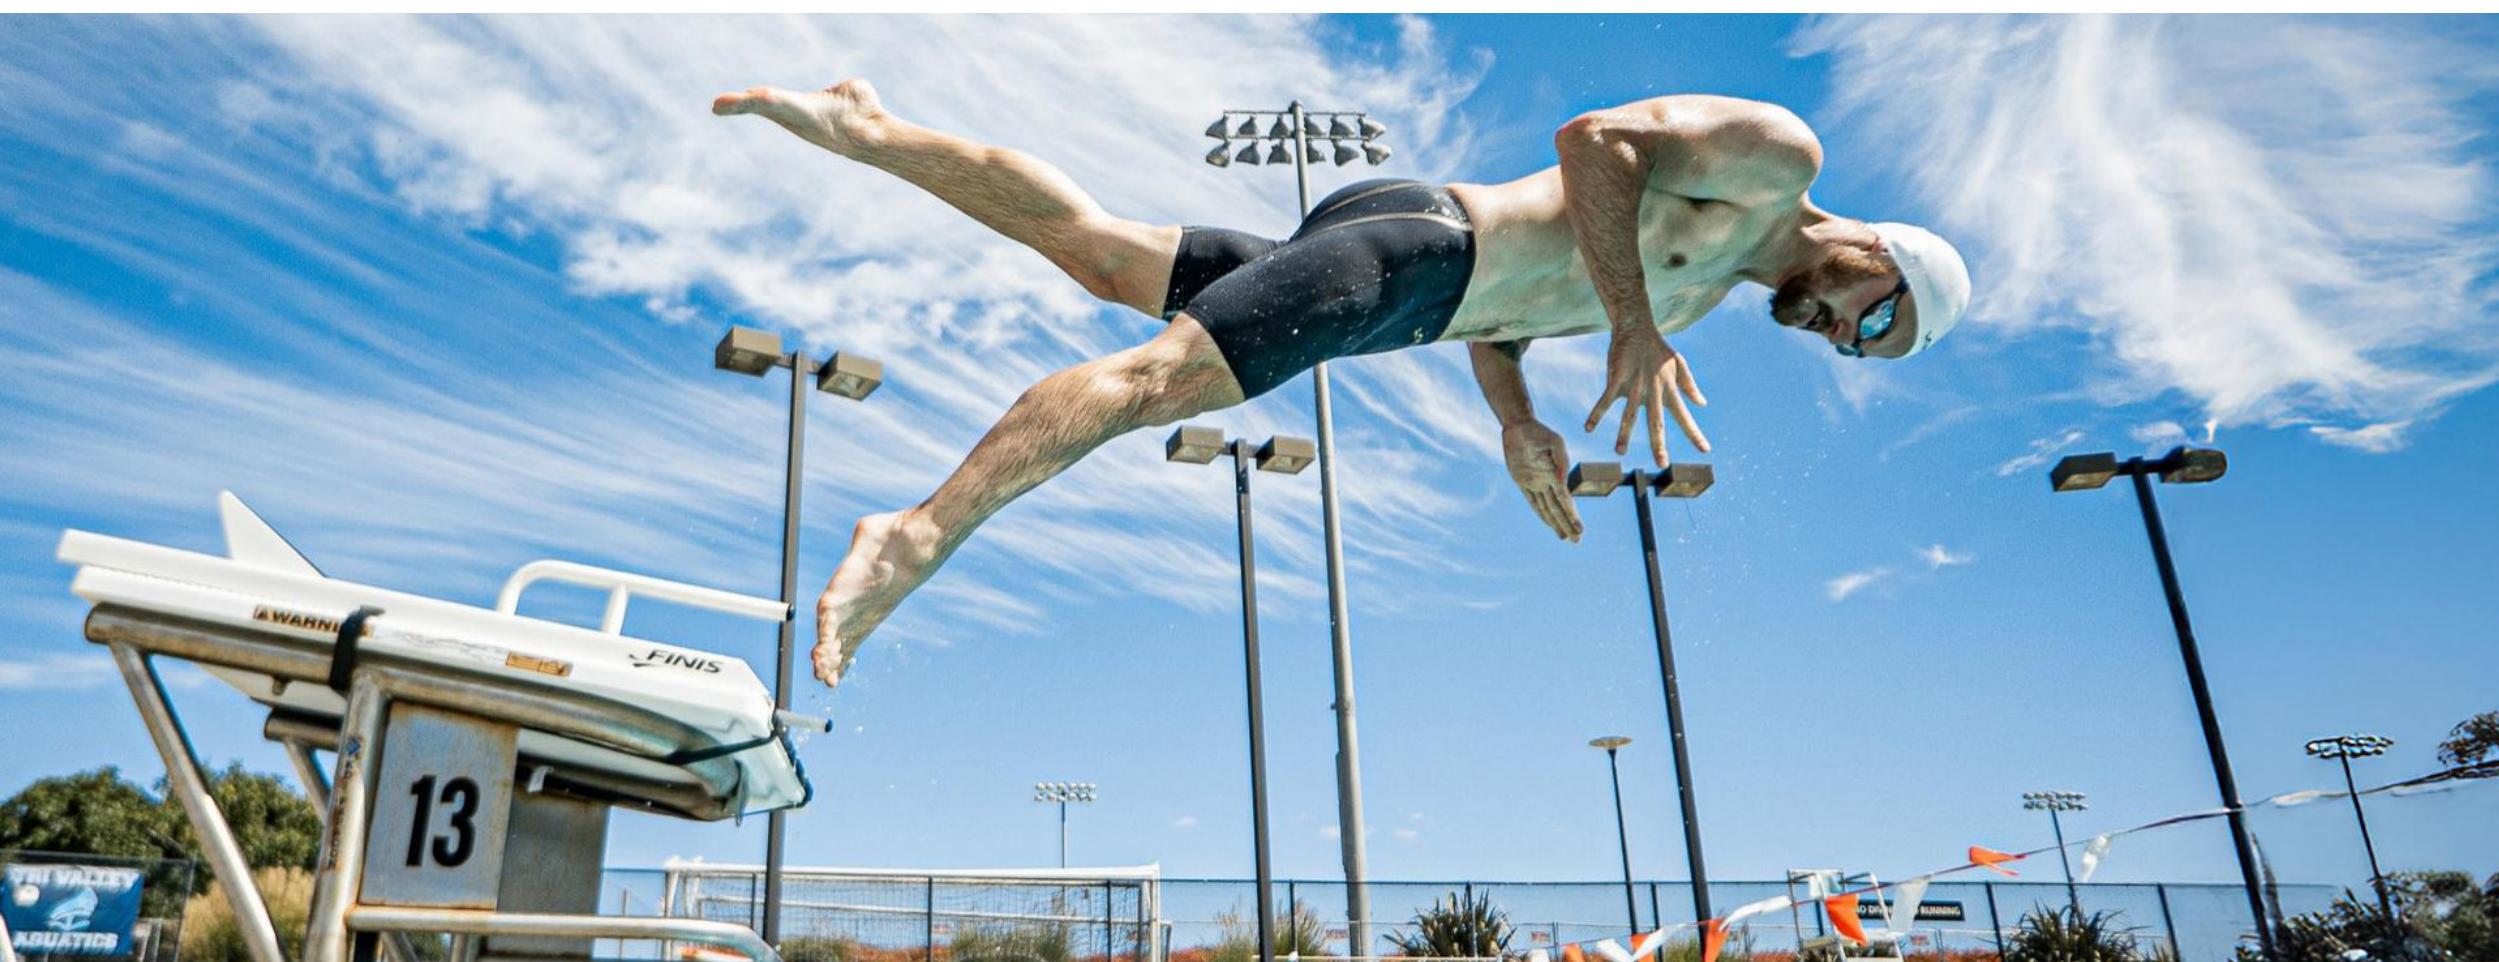

Portable lane bulkhead designed to maximize lane usage. Easily installed between two lane ropes, dividing one lane into two. Built of durable vinyl ester chlorine-resistant fiberglass to withstand the impact of race speed flip turns.
