WE ARE GREEN AND BECOMING GREENER!

OUR SUSTAINABILITY MISSION

Pollution caused by plastic, micro-beads and ghost fishing nets are harming whales, sea turtles, dolphins and other marine life.

At Zoggs we are taking action, we're on a mission to reduce our impact as a business on the environment.

From greener packaging and reduction of single use plastics, to recycled fabrics made from plastic bottles, and supporting various environmental causes, we believe in doing everything we can to preserve our planet for the future.

Our ambition is to become a greener more eco conscious brand as part of the war on plastic.

SWIMWEAR SUPPORT LEVELS

Everybody can be a swimmer and every body can be a swimmer's body. That's why we've designed swimwear that gives four levels of support.

So you can choose the swimsuit that you feel most confident in.

Check the swimsuit to find the support level.

NEUTRAL SUPPORT

Neutral support typically found in our sports training styles such as front lining.

LOW SUPPORT

Light support with details such as shelf bras and adjustable straps to help fit the suit to your shape.

MEDIUM SUPPORT

Subtle contour features giving you confidence and comfort such as soft foam cups and adjustable straps.

HIGH SUPPORT

Our most supportive suits with shaping and core support, such as soft foam cups, tummy control and multi-way or adjustable straps.

FIT GUIDE

The great features of our swimwear will flatter, enhance and support your shape to help you look fab and feel great in the pool. And with the fantastic comfort, softness and durability that's offered by our fabrics, there's simply no better choice of swimwear.

When you see this symbol, the product is designed to specifically protect the wearer from the sun's UVA and UVB rays.

Why is it so important?

These are the rays that cause skin damage. UVA rays cause skin aging and wrinkling and contribute to skin cancer, such as melanoma. UVB rays are also dangerous, causing sunburns, cataracts (clouding of the eye lens), and effects the immune system. They can also contribute to skin cancer.

Elastomax™
