

# SOIL & STONE PRODUCTS

**PREMIUM SCREENED LOAM (1/2")** - \$43.00 per cubic yard

**CONTRACTOR'S SCREENED LOAM (3/4")** - \$35.00 per cubic yard

A mix of topsoil, sand, and compost in just the right proportions to support healthy turf and plant growth.

**PREMIUM SCREENED COMPOST (1/2")** - \$38.00 per cubic yard

**CONTRACTOR'S SCREENED COMPOST (3/4")** - \$35.00 per cubic yard

100% Organic Recycled screened composted leaves

**1/2" CRUSHED STONE** - \$64.50 per cubic yard

For smaller projects or jobs where hand raking and shoveling are necessary, consider using 1/2" crushed clean stone for it's excellent drainage properties.

**3/4" CRUSHED STONE** - \$56.00 per cubic yard

Excellent for use behind retaining walls, in drainage trenches, or in other similar applications where proper drainage is important.

**3/4" PROCESSED STONE** - \$39.50 per cubic yard

If you are in need of a base material for underneath a patio, walkway, or driveway, our 3/4" processed stone is the perfect choice.

**COARSE (CONCRETE) SAND** - \$54.00 per cubic yard

Our clean, coarse concrete sand is a graded, washed sand which is excellent for use leveling concrete pavers. It can be used to mix concrete or added to topsoil to improve drainage.

**STONE DUST** - \$45.50 per cubic yard

An excellent leveling material, our Stone dust is produced from trap rock. It can be used under bluestone patios or walkways, or used alone on walking paths. It should not be used under interlocking concrete pavers.

**MASON SAND** - \$56.00 per cubic yard

Mason Sand is a finer crushed sand with more uniform granules than concrete sand and has been screened and washed. It works well as a joint sand between pavers and in mixed concrete and for block and brick mortar.

**RIVER ROCK** - \$00.00 per cubic yard

For landscape projects...for it's properties.
