

## 2022 Capital Campaign Results

Contributions to the 2022 Capital Campaign supplemented parish savings and other revenue sources to fund church renovations that included:

- Building an addition at Holy Redeemer to house a full-sized elevator, making all levels of the building accessible
- Constructing a more welcoming entrance to our Parish Center
- Expanding the sanctuary
- Installing new lighting and paint to give a brighter and more open feel to the Church
- Installing new flooring
- Adding new pews with padded seating for more comfort.

To help revitalize our music program we replaced our aging organ with a new Allen Organ and also purchased a Yamaha baby grand piano.

*"We have been parishioners for five years. Holy Redeemer has provided a welcoming home to grow our faith as a couple. The church renovation is more than a construction project. Our donation is giving back a small fraction of what The Holy Redeemer home has given to us." -- **Patrick and Rosemary O'Reilly.***
