Garage Doors

Panelift® Seville
in Colorbond® Monument

Safe as can b&d

Behind your garage door are the things that matter to you most, the things that make your house a home. That's why B&D garage doors don't just close, they lock securely shut.

With over 65 years of innovation and engineering excellence, B&D's sectional doors combine sophisticated designs with premium finishes, adding value and transforming a home's overall look. Crafted from high quality Australian steel, B&D sectional doors deliver exceptional strength and durability, making them the perfect choice for any home.

With cutting edge security solutions, beautiful designs and proven dependability, that's what makes Australian's choose a B&D garage door.

10-Year Total Confidence Warranty

When purchased together, B&D doors and openers are backed by a 10-Year Total Confidence Warranty, so you can rest assured the largest entrance of your home is secure.

10 YEAR TOTAL CONFIDENCE WARRANTY

Panelift® Icon™

Panelift® Icon™ Nullarbor
in COLORBOND® Dover White®

B&D's premium sectional garage door Panelift® Icon™ takes the beloved Panelift® to an exclusive new level, offering all it's exceptional features with added sophistication and style to meet your design needs.

Equipped with the innovative Auto-Lock™, it automatically engages a heavy-duty deadbolt every time the door closes, ensuring your home is safe and secure. Panelift® Icon™ is available in a range of premium finishes to elevate the look of every home.

AUTO-LOCK™

Superior home protection
With B&D's industry leading technology, Panelift Icon provides the highest level of security, ensuring the things that matter to you most are protected like never before. Every Panelift Icon garage door comes with Auto-Lock, which automatically locks your garage door with a heavy-duty deadbolt every time it closes.

A range of premium finishes
From timeless classics to modern elegance, choose from a variety of premium colours and finishes including COLORBOND® steel, timber, stone, & rust inspired looks and finishes, that perfectly complement your home's unique design and aesthetics.

Safety as a priority
Each Panelift Icon door comes equipped with pinch-free hinges to prevent fingers from being caught inside or outside the garage, while a 360° perimeter weather seal keeps dust and unwanted insects at bay.

Built for lasting performance
Corrosion-resistant stainless steel cables ensure reliability in all conditions, and custom balanced springs are tested to withstand up to 20,000 open-and-close cycles for extended durability.

Panelift®

B&D Panelift® Seville
in COLORBOND® Dover White

Panelift® has set the standard for sectional garage doors for years. Made from high-quality Australian steel and designed for smooth, quiet performance, it's the go-to choice for reliability and durability.

Modern design, built to last
Panelift is crafted for strength and durability, with each panel engineered to withstand Australia's harsh and varied climate. COLORBOND® steel & timber inspired looks and finishes are available across the range to offer a perfect blend of strength and aesthetics for any home.

Enhanced safety as standard
Designed with safety in mind, every Panelift door features pinch-free hinges to prevent fingers from being caught. For added protection, pairing it with a B&D opener enables automatic reverse technology, stopping the door if an obstruction is detected.

Smooth, quiet, and reliable
Custom-designed guides ensure the door runs seamlessly and smoothly while opening and closing, which is incredibly important if you arrive home late or have people sleeping above or near the garage.

*10-year Total Confidence Warranty applies when a B&D garage door and opener are purchased and installed at the same time. T&Cs apply, visit bnd.com.au

Panelift® or Panelift® Icon™?

Panelift® Icon™

Smart. Sleek. Secure. Designed to perform, built to last.

Elevate your home with Panelift Icon – the ultimate blend of style, strength and security. Built with all the trusted features of Panelift, but with many premium and exciting additions.

Every Panelift Icon garage door comes with Auto-Lock™, a heavy-duty locking bolt that automatically secures your garage door when closed. Designed for effortless operation, superior durability and premium finishes, Panelift Icon delivers a seamless, high-end look without compromising safety or performance. Take your home's style to another level with the Timber-Look and Natural-Look Finishes or opt for a Sheer Panel Collection® profile to add a touch of architectural elegance to make a statement.

Panelift®

An all-time favourite. Stylish, reliable, dependable.

When B&D first introduced Panelift doors, the standard was set for strong, safe and reliable operation. Today, it's still the go-to garage door that homeowners depend on.

Tried and tested, Panelift sectional doors are designed to perform day in, day out, for years. The smooth and quiet-custom designed door guides guarantee optimal operation for any opening size.

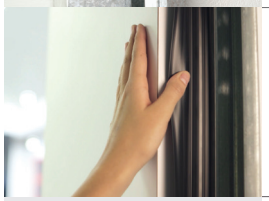

With an extensive choice of stunning COLORBOND®steel and Timber-Look colours and profile designs, a Panelift® door fits beautifully within any style of home.

Panelift® Icon™ Nullarbor in Monument

Textures

Smooth

Smooth offers a versatile aesthetic, blending traditional and modern appeal to enhance any home's exterior. It's timeless design effortlessly complements all architectural styles.

Woodgrain

Woodgrain mimics the natural texture of wood, adding warmth and dimension to your garage door for a refined and sophisticated look.

Please note: All flat, smooth panel profiles can exhibit signs of oil canning under certain light conditions. It is typically more visible on darker colours. Oil canning is not a structural defect but simply an aesthetic issue. With Grange and Statesman profiles – embossment sizes vary slightly depending on manufacturing location. Nullarbor Smooth doors are not available with insulation. Please take these factors into account when selecting your profile and texture.

Timber-Look.

Automation.

Advanced technology and automation

B&D openers take safety and security to another level with integrated Smart Phone connectivity enhancing modern day convenience. B&D's automatic back drive technology with auto-reverse prevents potential injury or damage to valuables. If your garage door senses an object, the door will automatically halt and reverse its direction, helping to keep you and the things that matter most, safe. Backed by a 10-year Total Confidence Warranty* B&D garage doors and openers are there for whatever life brings.

Options & Upgrades.

Included as standard

Remotes & controls

Delivering advanced security, excellent range and reliable operation, B&D's remote technology ensures easy access and prevents code theft, ensuring your garage is always accessible and safe. Every B&D automatic opener includes genuine B&D remote controls and a wall mounted control for easy access inside your garage.

Auto-Lock™

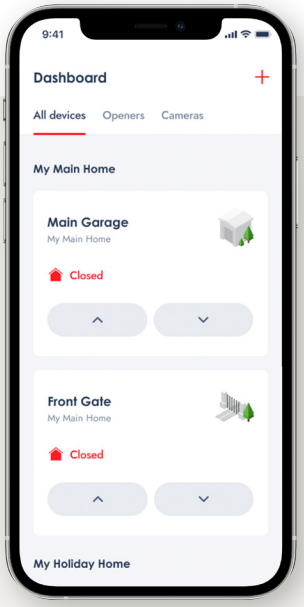

Auto-Lock™ smart keyless technology allows you to securely lock your garage door every time you close it using nothing but your regular remote control. The lock more than doubles the force required at the lock point to lift the door from a closed position, helping protect your home.

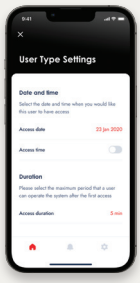

*included with Panelift® Icon™, optional upgrade for Panelift®.

Smartphone Control Kit.

Unleash the full potential of your door

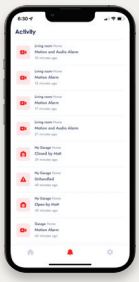

Have you ever left the house in the morning and thought: **"Did I remember to close the garage door?"** The Smartphone Control Kit allows you to monitor and control your garage door while you are at work or even on holidays from your compatible smartphone*. Available as an optional accessory with the Secure opener.**

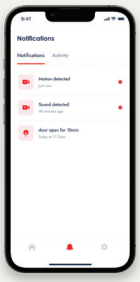

CUSTOMISATION

The B&D® App can be customised to suit your lifestyle. From partial opening modes to restricting door access times, your protection and security is a priority.

ACTIVITY LOG

You can view usage history on the App so you know who has operated your garage door and when.

YOUR SILENT ALARM

Features real time notifications alerting you whenever your door is operated, opened for an extended period of time or when your opener is in need of a service.

*Phone not included. **The use of Safety Beams are required with the Smart Phone Control Kit.

Options & Upgrades.

Wireless Safety Beams

If you have young children or pets, safety beams provide added safety and security. If the beam is broken while the door is closing it will automatically stop and reverse. B&D always recommend the use of infra-red safety beams on all automatic garage doors.

Entry keypad

The entry keypad will allow you to enter the garage without a remote. Pop down to your local coffee shop without the need for your keys! Great for children, as there is no need to give them a key or remote which they can easily misplace. All you need is a PIN and you're in!

Windows

Bring natural light into your garage with custom window inserts. Available with Nullarbor, Madrid, Seville, Grange and Statesman profiles, you can create a unique garage door to enhance your home's curb appeal.

Weather Upgrades.

Insul-Shield®

Enhance your home's comfort and energy efficiency with B&D Insul-Shield®. With an R-rating of 1.4, B&D's Insul-Shield® acts as a barrier to heat flow, helping to maintain indoor temperatures – keeping your home warmer in winter and cooler in summer. Garages serve so many purposes beyond car storage, from workshops to home gyms so while saving on heating and cooling costs, insulation acts as a two-way noise barrier ensuring unwanted noise from inside or outside is controlled.

Storm-Shield®

Purposely developed and engineered to meet building code requirements for high-wind regions of Australia. Storm-Shield® has been specifically designed and independently tested, ensuring your home is storm ready in Region C2 (North Australian coast). Storm-Shield® offers the modern design and security features of a traditional B&D sectional door with additional safety and protection features to ensure it stands strong during extreme conditions.

BAL-Maze®

If you live in a bushfire-prone area, it's crucial that your home is properly prepared should disaster strike. B&D offers BAL-Maze as an essential tool to help protect the things most important to you. An upgrade option within the Panelift® range, the BAL-Maze Panelift® sectional garage door has been designed and developed to prevent flying embers and burning debris from entering your home. It's the only garage door system in Australia to have a CSIRO-tested grading for bushfire protection.
