DESIGNED TO BE QUIET

We're regularly told by our customers, that we manufacture the quietest garage doors on the market. This didn't happen by chance! Our innovative Research and Development team has revolutionised the garage door market and set the benchmark for quietness through numerous patented design features that set our door apart and make it stealthy quiet. Your family is going to love it - and so are your neighbours!

1

CLICK AND GO TRACK CURVE

Centurion's CLICK AND GO TRACK CURVE means fast installation, with quieter operation and greatly reduced maintenance.

2

TUFF TRACK

Centurion's unique TUFF TRACK is up to 50% stronger than normal tracks! This also comes with our factory pressed bracket system for a neat and professional looking installation.

3

PIVOT LOCK HINGE

Our unique patented PIVOT LOCK HINGE system sees the door hinge blocks installed within the door panel in a factory-controlled environment, allowing the hinges to simply be clicked into place during installation in just seconds.

Colorbond®

"Quietest doors on the market"
Michael Cooper, Townsville Garage Doors

"The quality of their products is second to none"
Edmond Sciberras, Smart Garage Doors and Gates

"Well organised and innovative company with a great product range at competitive pricing"
Martin and Pauline Buhler, Coffs Harbour Door Centre

4 ROLLER CARRIER

Centurion's unique ROLLER CARRIER allows quick and simple installation of door rollers, with no metal on metal contact for smoother, quieter operation.

5 CENTURION OPENER

Just like everything else about our sectional doors, the motors in our CENTURION OPENERS are quiet by design. For ultimate peace and quiet, combine your sectional door with one of our openers.

SIDE SEALS

Keep your garage clean and tidy with our optional SIDE SEALS. Our seals help prevent leaves, dirt, pests, and other nuisances from entering into your garage.

OBSTACLE DETECTION SYSTEM

Our OBSTACLE DETECTION SYSTEM can immediately detect an obstruction by transmitting a light beam across the width of the garage door opening. If the beam is broken, the garage door will reverse its direction before impacting the obstruction.

POPULAR UPGRADES

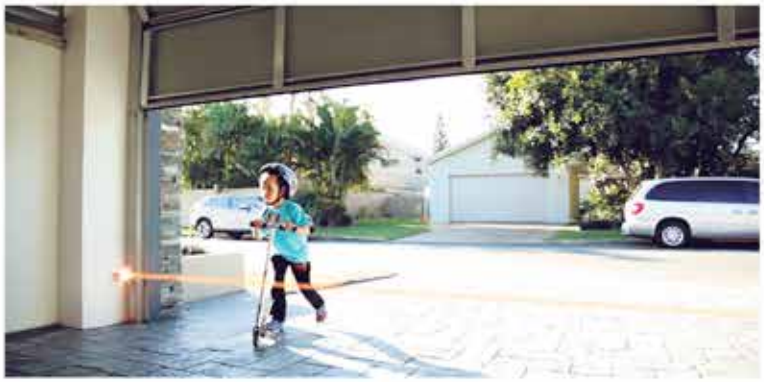

MY CG DOOR SMARTPHONE APP

The new Centurion app allows you to let people into your garage in a way that is safe, secure, and completely contactless! You can receive that urgent parcel delivery and close the garage door once the parcel is safely inside without even having to get up from your couch! It's the ultimate control over your garage door, with superior monitoring for that additional peace of mind.

TIMBALOOK

Add a warm and timeless look to your home facade with our TIMBALOOK series. These doors are lighter, easier to maintain, better for the environment, and overall better value than a real timber door!

OUR FOCUS ON SAFETY

Centurion has always had a strong focus on the safety of you and your family. Our team of experienced engineers are always researching to find new ways to keep your family and valuables safe.
