“No-Show” Policy: Family Medical defines a “no-show” appointment as any scheduled appointment in which the patient (1) Does not arrive for appointment and does not call the office (2) Cancels an appointment less than one hour before the scheduled appointment time with an inappropriate reason (3) Arrives late to their appointment without calling ahead and is consequently unable to be seen. *After continued infringements of the FMMC, P.C. “no-show” policy, we reserve our right to discharge the patient from our practice, as we may no longer feel comfortable managing the care of this patient who chooses to continually jeopardize his or her own healthcare, or that of their children.*

Financial Policy: Family Medical requests prompt payment of all outstanding financial balances. If you have any questions regarding your bill or your insurance company’s *Explanation of Benefits (EOB)* statement, please call our office. We recognize that some of our patients may experience financial difficulties at times, so please let us know if we can assist you with creating a comfortable payment plan that will accommodate your family’s budget. Unfortunately, failure to comply with this policy may result in discharge from the practice.

Annual (Preventive) Physical Exam: *Family Medical will not collect a copay for preventive exams on the date of service. However, should any additional issues or concerns be addressed or discovered during this exam, a copay or a portion of your deductible may apply depending on your insurance plan.*

Narcotic Policy: Family Medical has a strict policy for managing controlled substances. All controlled substances are filled for 28 day supplies only. Opiate pain medications require a patient to review and sign a narcotic agreement (available for review on our website) which reviews the risk and benefits associated with opioid pain medications, consent for random urine tox screening, pill counts, and medication checks at least every 120 days. This document also details the ramification of any violation of the agreement. Please note that no controlled substance will be filled at your first visit at our office. Records from your previous provider are required in order for the Family Medical provider to even consider assuming management of your medications.
