22. Please fully describe your vision for the ultimate pro-life policy / legislation that you would author or sponsor for Georgia.

I think it is important to continue building a culture of life in Georgia. That means

ensuring women, children, and families have the support they need to feel empowered

to choose life and overcome the obstacles to parenting. I also support the Women's

Health & Safety Act to prohibit sending abortion pills through the mail in Georgia.

23. How would you propose moving these policies through the legislature?

I will work with our new Senate leadership, our friends in the House, and with stakeholders like GLA,

Faith & Freedom Coalition, Susan B. Anthony, and others to build a coalition that can

bring authority and momentum to get this done in 2025 and 2026

---

24. What role should the legislature play in enforcing or ensuring enforcement of Georgia's current and future pro-life laws?

We can't allow rogue liberal cities, counties, District Attorneys, or Judges to ignore  
or subvert pro-life laws in Georgia. The legislature is the voice of the people and  
it must be leveraged to enforce the safety of our children and families.
