

ISSUE: ABORTION

The Georgia Life Alliance (GLA) believes that unborn children should be protected by law.

For each numbered question, please indicate your answer by *initialing* next to the "yes" or "no" for each question.

1. Do you believe abortion should be illegal?

YES X NO _____

If you answered "Yes" to question 1, do you believe there should be any exceptions to laws prohibiting abortion in any of the following circumstances? (Initial all with which you agree.)

(a) _____ To prevent the death of the mother. *This option has been abused. I could only see this as an option if that was an absolute last resort.*

(b) _____ In cases of rape where the rape is reported to an appropriate law enforcement agency. *last resort.*

(c) _____ In cases of incest where the incest is committed against a minor and it has been reported to an appropriate agency.

(d) _____ Other: (Please initial all that you agree with or complete d.)

I agree with none of the above. Option A would only be viable if termination of the pregnancy is the only manner that the mother's death could be prevented.

2. In *Dobbs v. Jackson Women's Health Organization*, the U.S. Supreme Court ruled that there is no U.S. Constitutional right to abortion and overturned holdings in *Roe v. Wade* and *Planned Parenthood v. Casey*. Do you agree with the legal doctrine of the Dobbs decision which restores the Georgia legislature's constitutional right to pass laws providing effective protections for preborn children and their mothers?

YES BAD NO _____

3. Do you support Georgia's Pain Capable Unborn Child Protection Act (2012) and which seeks to ban abortion after 20 weeks (following fertilization)?

YES BAD NO _____ *But, I am far more supportive of the abolition of abortion.*

4. Would you support changing Georgia's law to require a parent or guardian's consent prior to a minor obtaining an abortion? (current law only requires parental notification)

YES BAD NO _____ *Again I would be supportive of total abolition.*

5. Do you support Georgia's "Woman's Right to Know" law which ensures women are given medically and scientifically significant information (including the risks of the abortion procedure and benefits if the woman brings the child to term) prior to obtaining an abortion?

YES BAD NO _____ *Again I would be more supportive of total abolition.*

6. Would you support ensuring all doctors are required to report they have given a woman the informed consent required under the "Woman's Right to Know" law regardless of whether the abortion was performed in an abortion clinic, hospital, or doctor's office?

YES BAD NO _____

But more supportive of total abolition of abortion.

7. Ultrasound is the "window" to the womb. Would you support legislation to ensure any woman seeking an abortion is actively provided information regarding free ultrasounds and that any image resulting from an ultrasound must be made available for the woman to view prior to her abortion?

YES BAD NO _____

But more supportive of total abolition of abortion.

8. Would you vote for measures to protect living human embryos from being used for experiments that would harm or kill them, including embryonic stem cell research (regardless of the method used to create the embryo)?

YES BAD NO _____

9. Would you support legislation to prohibit selective abortion (where an abortion is performed to terminate a child because of the sex or due to a genetic abnormality)?

YES BAD NO _____

10. Would you support legislation to prohibit dismemberment abortions (where the life of the fetus is terminated by dismemberment of the body)?

YES BAD NO _____

11. Would you support legislation providing information to women about perinatal hospice (which is life-affirming and compassionate care for parents facing a terminal prenatal diagnosis for their child)?

YES BAD NO _____

12. Would you oppose any attempt to weaken Georgia's Unborn Victims of Violence Act (which recognizes that unborn children may be treated as a victim if injured or killed during the commission of a crime)?

YES BAD NO _____

13. Would you support a law prohibiting the use of taxpayer dollars to pay for abortions, except when necessary to prevent the mother's death?

YES BAD NO _____

BUT, I would make sure the legislation is very narrowly tailored such that termination of the pregnancy is the last resort & only option to prevent death.

14. Do you support HB 481, the Living Infants Fairness & Equality Act (The LIFE Act; aka the Heartbeat Bill, 2019), which recognizes a child in the womb as a person and ends most abortions after a baby's heartbeat is detected – usually around 6 weeks?

YES BAD NO _____

I am more supportive of a total ban on abortions.

15. Would you support legislation restricting the use of and controlling the proliferation of chemical abortion drugs, supporting the collection of and reporting of data on complications, and increasing safeguards for women?

YES BAD NO _____

16. Would you support legislation that requires doctors and abortionists to provide information on the possibility to reverse the effects of a chemical abortion using the drug mifepristone?

YES BAD NO _____ *I would be more supportive of the total abolition of abortion.*

17. Would you oppose any legislation that unfairly targets the life-saving work of pregnancy resource centers?

YES BAD NO _____

18. Do you support an increase to the funding for Georgia's Positive Alternatives for Pregnancy and Parenting grant?

YES BAD NO _____

19. Would you vote to prevent the use of taxpayer funds for abortion?

YES BAD NO _____

20. Would you oppose any legislation that proposes a ballot measure to enshrine a "right to abortion" or "reproductive freedom/bodily autonomy" in Georgia's constitution?

YES BAD NO _____

21. Would you oppose any legislation that shields abortionists from lawsuits or forbids public officials from cooperating with public officials engaged in enforcing Georgia's pro-life laws?

YES BAD NO _____

22. Please fully describe your vision for the ultimate pro-life policy / legislation that you would author or sponsor for Georgia.

I am for the complete & total abolition of abortion.
I think it is a shame that pastors are not calling for
abolition from the pulpit every Sunday. I will not rest
until abortion is abolished in the state of Georgia.

23. How would you propose moving these policies through the legislature?

I would get the church & my Christian constituents
involved. I would get pastors involved. I will actively
contribute to & support any candidate that will help me.

24. What role should the legislature play in enforcing or ensuring enforcement of Georgia's current and future pro-life laws?

We need to hold hearings & hold those in violation of Georgia's laws accountable. I would let DA's & the AG's office know I will back them 100% in enforcing our current laws & hopefully our future ban on abortions.

ISSUE: EUTHANASIA / ASSISTED SUICIDE

25. Would you vote for a law preventing discriminatory denial of medical treatment necessary to prevent the death of a patient which is against the will of the patient or the patient's representative of the elderly, disabled, or terminally ill?

YES BAD NO _____
