After attending Life Rose - Live Action Summit last year, I came home with a list of possible bills I could file. They are all aimed at supporting life and closing the loopholes that continue to pop up with the use of the pills for abortion.

23. How would you propose moving these policies through the legislature?

We have to form coalitions of pro life legislators and open minded Dems to focus on supporting adoption and foster care initiatives and making abortion rare and limited. If we can't get it altogether it needs to be the option of last resort.
