First - as a Representative, I have proven clearly that I am willing to risk it all to protect life, I will do the same in the Senate. The left and weak Republicans will do everything to reverse our pro-life laws, and I will stop them. I will support pro-life bills, promote education, limit chemical abortions, and hold the abortion industry accountable.

23. How would you propose moving these policies through the legislature?

Exactly the same way I took the Fetal Pain Bill through. Hard work, never quit, and keep fighting for life, no matter what. I took on and beat Stacy Abrams and the pro-abortion lobby, and I can do it again.
