
ISSUE: ABORTION

The Georgia Life Alliance (GLA) believes that unborn children should be protected by law.

For each numbered question, please indicate your answer by *initialing* next to the “yes” or “no” for each question.

1. Do you believe abortion should be illegal?

YES SEN NO _____

If you answered “Yes” to question 1, do you believe there should be any exceptions to laws prohibiting abortion in any of the following circumstances? (Initial all with which you agree.)

- (a) SEN To prevent the death of the mother.
- (b) SEN In cases of rape where the rape is reported to an appropriate law enforcement agency.
- (c) SEN In cases of incest where the incest is committed against a minor and it has been reported to an appropriate agency.
- (d) SEN Other: (Please initial all that you agree with or complete d.)

The law must account for a pregnancy forced on a woman against her will. Adoption is always the preferred alternative, unless the woman is a minor and the pregnancy is an undue health risk and burden.

2. In *Dobbs v. Jackson Women’s Health Organization*, the U.S. Supreme Court ruled that there is no U.S. Constitutional right to abortion and overturned holdings in *Roe v. Wade* and *Planned Parenthood v. Casey*. Do you agree with the legal doctrine of the Dobbs decision which restores the Georgia legislature’s constitutional right to pass laws providing effective protections for preborn children and their mothers?

4. Would you support changing Georgia’s law to require a parent or guardian’s consent prior to a minor obtaining an abortion? (current law only requires parental notification)

YES SEN NO _____

5. Do you support Georgia’s “Woman’s Right to Know” law which ensures women are given medically and scientifically significant information (including the risks of the abortion procedure and benefits if the woman brings the child to term) prior to obtaining an abortion?

YES SEN NO _____

6. Would you support ensuring all doctors are required to report they have given a woman the informed consent required under the “Woman’s Right to Know” law regardless of whether the abortion was performed in an abortion clinic, hospital, or doctor’s office?

YES SEN NO _____

7. Ultrasound is the “window” to the womb. Would you support legislation to ensure any woman seeking an abortion is actively provided information regarding free ultrasounds and that any image resulting from an ultrasound must be made available for the woman to view prior to her abortion?

YES SEN NO _____

8. Would you vote for measures to protect living human embryos from being used for experiments that would harm or kill them, including embryonic stem cell research (regardless of the method used to create the embryo)?

YES SEN NO _____

9. Would you support legislation to prohibit selective abortion (where an abortion is performed to terminate a child because of the sex or due to a genetic abnormality)?

YES SEN NO _____

10. Would you support legislation to prohibit dismemberment abortions (where the life of the fetus is terminated by dismemberment of the body)?

YES SEN NO _____

11. Would you support legislation providing information to women about perinatal hospice (which is life-affirming and compassionate care for parents facing a terminal prenatal diagnosis for their child)?

YES SEN NO _____

12. Would you oppose any attempt to weaken Georgia’s Unborn Victims of Violence Act (which recognizes that unborn children may be treated as a victim if injured or killed during the commission of a crime)?

YES SEN NO _____

13. Would you support a law prohibiting the use of taxpayer dollars to pay for abortions, except when necessary to prevent the mother’s death?

YES SEN NO _____

14. Do you support HB 481, the Living Infants Fairness & Equality Act (The LIFE Act; aka the Heartbeat Bill, 2019), which recognizes a child in the womb as a person and ends most abortions after a baby’s heartbeat is detected – usually around 6 weeks?

YES SEN NO _____

YES SEN NO _____

YES SEN NO _____

19. Would you vote to prevent the use of taxpayer funds for abortion?

YES SEN NO _____

20. Would you oppose any legislation that proposes a ballot measure to enshrine a "right to abortion" or "reproductive freedom/bodily autonomy" in Georgia's constitution?

YES SEN NO _____

21. Would you oppose any legislation that shields abortionists from lawsuits or forbids public officials from cooperating with public officials engaged in enforcing Georgia's pro-life laws?

YES SEN NO _____

22. Please fully describe your vision for the ultimate pro-life policy / legislation that you would author or sponsor for Georgia.

Defend Georgia's LIFE Act as written, then stand with mothers. Full state support, at no cost to her, for any woman who chooses adoption after rape or incest, from that decision through birth. Protect the HB 114 adoption tax credits, and put state dollars into prenatal care, safe delivery, postpartum care and WIC.

23. How would you propose moving these policies through the legislature?

Show up, do the committee work and build consensus one member at a time, Republican and Democrat. I will work across the aisle on bills that protect mothers, the unborn and babies during and after pregnancy, keep abortion counseling out of public schools and require parental consent, and pass them within the next two sessions.

24. What role should the legislature play in enforcing or ensuring enforcement of Georgia's current and future pro-life laws?

Fund the agencies that enforce the law and hold them accountable. Ask in committee each year what was enforced, what was not, and why. A law no one enforces protects no one, and the legislature controls the budget that makes enforcement real.

25. Would you vote for a law preventing discriminatory denial of medical treatment necessary to prevent the death of a patient which is against the will of the patient or the patient's representative of the elderly, disabled, or terminally ill?
