

# ScanPro i9500 All-In-One

## ScanPro® i9500 All-In-One Specifications

### Hardware

**26 Megapixel Camera:** New high-performance camera, best optical image resolution in the industry, (6.6 MP image sensor x 4) with integrated pixel-shifting technology, largest pixels in the industry, over 7 times larger than the nearest competitor

**Optical zoom magnification:** 5x to 105x

**Large image capture:** 35mm x 48mm

**Camera Orientation:** Portrait and landscape selectable providing best image clarity for both portrait and landscape images

**USB3/USB2/USB1:** Convenient, front access port for flash drives

**Image rotation:** Optical straightening of images for best image clarity

**Illumination:** Soft, bright, film-optimized, monochromatic LEDs with lifetime warranty and optically clear carrier glass for best image clarity

**Precision-Guide rollers:** Low inertia 12 ball bearing design protects film, easy-to-thread, provides precision control of film position and movement

### Available Carriers and Media

**AUTO-Carrier™:** Automatic scanning support for fiche, jackets, micro-opaques, also enhances roll film performance

**UC 550:** 16/35 combination motorized roll film with and without blips, fiche, jackets, aperture cards, and micro-opaques

**UC 650:** 16/35/35M Cartridge combination motorized roll film with and without blips, fiche, jackets, aperture cards, and micro-opaques

### Standard Software Features

**User Interface:** Intuitive Windows computer interface with customizable film selection wizard. Just a single-click to automatically set up your scanner using custom presets that retain all settings including optical zoom and focus. Presets are selected by simply clicking a picture of the customer's film.

**Reads "Blips" for indexed searching of all film types:** The only solution to handle all **blipped film collections** including Kodak, Canon, Minolta, 3M, AGFA or custom formatted film regardless of brand.- one, two, and three level image marks for use with simplex, duplex, and duo film.

**AUTO-Scan™:** Automatically scans roll film b (including oversized 35mm film), fiche and jackets

Straighten and crop

File formats: PDF, TIFF, JPEG and more

Unlimited scans, up to 20 images per minute (IPM) roll film b, fiche and jackets

**FOCUS-Lock™:** Continual image focus even during optical zoom

<b>Fit-to-window:</b> Displayed image covers the entire monitor screen leaving no blank area
<b>Magnifier:</b> Digital zoom 5x to 1575x, read small text and examine fine details. Scan and print what is seen in the magnifier window
<b>Digital image rotation:</b> Click to rotate 90°, 180°, 270°, and 360°
<b>Mirror:</b> Click to mirror image
<b>SPOT-Edit™:</b> Live image editing, select any area (or multiple areas), adjust brightness, contrast, redact or whiteout for any selection with a single-click
<b>AUTO-Adjust™:</b> Automatically adjusts brightness, contrast, straightens, and crops with single click
<b>Automatic Straighten</b> Select fully automatic, or semi-automatic
<b>Previous/Next:</b> Click to quickly and accurately move 1 to 9 images
<b>MergeClips™:</b> Paste, annotate, arrange, and size multiple scans onto a single page
<b>Software selectable resolution:</b> 150 dpi to 2000 dpi, 8-bit grayscale, 1-bit black and white
<b>Scan and save file formats:</b> PDF, TIFF, JPEG and more, single and multi-page, single page OCR (OCR using ABBYY Fine Reader Engine)
