

Microcranes® provides compact, materials-only portable crane equipment for government maintenance teams that need to lift heavy components in hard-to-access facilities without relying on large equipment for every moderate lift.

**COMPANY SNAPSHOT**

**Company:** Microcranes®, Inc.  
**Address:** 10000 NE 7th Ave, Ste 330-A  
Vancouver, WA 98685  
**Phone:** 360-768-5104  
**Fax:** 360-326-7228  
**Email:** info@microcranes.com  
**Website:** microcranes.com

**GOVERNMENT PURCHASING REFERENCE**

**CAGE Code:** 9FKZ1  
**UEI / Unique Entity ID:**  
EYMQTKA4FB33  
**SAM.gov Registration:** Active  
**Business Size:** Small Business

**CORE SPECIFICATIONS**

- Capacity: up to 2,000 lb
- Height: up to 27 ft
- Depth: up to 135 ft
- Machine weight: approx. 1,800 lb
- Power: 24V battery or 115V plug-in
- Use: materials-only lifting
- Indoor/outdoor use where setup allows
- OEM support and documentation available

**CORE CAPABILITIES**

- Portable crane equipment for restricted-access lifting
- Mini crane, mobile lifting, and compact floor crane support
- Pick-and-carry style material handling support
- Battery powered and electric portable crane operation
- Rapid deployment for repairs, replacements, shutdowns, and outages
- Pump, motor, valve, hatch, filter, and equipment handling
- Water/wastewater, utility, public works, federal facility, institutional, and mission-critical maintenance support

**DIFFERENTIATORS**

- Supports Adaptive Material Handling™ for real-world access problems
- Useful where forklifts, boom trucks, gantries, or large cranes are impractical
- Zero-emission indoor operation with battery/electric power
- Helps reduce manual lifting and improve maintenance efficiency
- Reusable lifting asset across departments and facilities
- Clear materials-only use case for procurement and safety evaluation

**COMMON GOVERNMENT LIFTS**

- Pumps and motors
- Valves and actuators
- Filters, screens, hatches
- Pipe sections and gearboxes
- Electrical panels and control cabinets
- Rooftop equipment and replacement assemblies
- Infrastructure components and maintenance tools

**BEST-FIT APPLICATIONS**

- Water and wastewater treatment plant maintenance
- Pump station and lift station repairs
- Public works and municipal maintenance
- Utility and infrastructure repair
- Rooftop mechanical equipment handling
- Mechanical room and below-grade lifting
- Ports, airports, transit, public and institutional facilities
- Federal facility and military-base contractor support
- Emergency repairs, shutdowns, and outage support

**PRIMARY PROCUREMENT REFERENCES**

**Primary NAICS:**  
333923 - Overhead Traveling Crane, Hoist, and Monorail System Manufacturing  
**Primary PSC/FSC:**  
3950 - Winches, Hoists, Cranes, and Derricks

**CODES TO REVIEW BY MODEL / SOLICITATION**

NAICS: 33392, 333998, 811310  
PSC/FSC: 3920, 3930, 3990  
Self-propelled configurations may be reviewed under PSC/FSC 3930. Final code selection may vary by model, configuration, buyer, procurement channel, and solicitation.

**COMPLIANCE AND USE LANGUAGE**

Microcranes® equipment is intended for materials-only lifting. It is not designed for lifting personnel, use as a man basket, patient lifting, or as a substitute for fall protection, confined-space procedures, lockout/tagout, rigging plans, or jobsite safety controls. All lifting applications should be reviewed for rated capacity, setup, access path, floor/ground conditions, load handling, and applicable safety requirements.

**GOVERNMENT BUYER PACKAGE AVAILABLE**

Capability statement, product specifications, materials-only use statement, CAGE/UEI references, NAICS/PSC code references, quote information, OEM contact information, and application review support.  
**Request specifications, quote information, or an application review for your agency, contractor team, public works department, utility, water treatment plant, institutional facility, or facility maintenance program.**
