FORM 3a: PROJECT SUMMARY/DESCRIPTION

Note that the project summary is based on the scoring criteria stated in the Request for Application. Please refer to the specific questions listed in the scoring criteria when completing the project summary.

Project Summary/Description (add additional pages as necessary:

Van Zandt County Precinct 1, in partnership with the City of Fruitvale, proposes to host a dedicated Clean-Up event on Friday, April 23, 2027, and Saturday, April 24, 2027, at the Precinct 1 Barn, located at 206 S. Main Street in Grand Saline, Texas. This project is designed to reduce illegal dumping and littering along County roads by providing residents with a free, convenient, and responsible disposal option. In addition to addressing immediate community needs, the project supports the goals of the regional solid waste management plan by encouraging environmental stewardship and promoting proper waste disposal practices.

The event will be supported through collaboration between Van Zandt County Precinct 1 and the City of Fruitvale, with a portion of the labor for Clean-Up Day provided at no cost as an in-kind contribution. Republic Services will provide dumpsters for the collection of waste, which will then be transported and disposed of at the Republic Services Malloy Landfill, located at 2811 FM 1568, Campbell, Texas 75422. This ensures that all collected waste is managed properly at a permitted facility, demonstrating both compliance with state regulations and technical feasibility.

Beyond the two-day event, the County's transfer station will remain open year-round, offering residents a reliable and affordable option for waste disposal at a nominal fee, ensuring that the benefits of this project extend well beyond the grant period. Expenses for the project will be reasonable and limited to essential activities such as collection, disposal, and public outreach, with costs partially offset by local support. Overall, the project is timely, feasible, and consistent with regional solid waste management goals, while also demonstrating the County's ongoing commitment to improving waste management practices and providing sustainable solutions for residents.

Project Goals:

- **Reduce Illegal Dumping and Littering:** Minimize illegal dumping and littering along the County roads in Precinct 1 by providing residents with a free and accessible disposal option.
- **Promote Environmental Stewardship:** Encourage responsible waste management practices among local residents, fostering a cleaner, safer environment for the community.
- **Increase Community Engagement:** Involve local residents in efforts to improve their community by providing an opportunity for them to actively participate in maintaining clean and orderly public spaces.
- **Provide Convenient Waste Disposal:** Offer a no-cost disposal option for residents to dispose of unwanted items, reducing the burden of illegal waste dumping on local infrastructure.

Project Objectives:

To reduce illegal dumping and littering, Precinct 1 will provide residents with a free and accessible disposal option through the scheduled Clean-Up event. By removing cost and accessibility barriers, residents will have a responsible alternative to discarding waste along County roads. To promote environmental stewardship, the initiative will emphasize the importance of proper waste management through public outreach, educational materials, and ongoing communication with residents, fostering a culture of responsibility and pride in maintaining a clean, safe community.

Community engagement will be increased by encouraging residents to take an active role in the event, whether by participating in the Clean-Up Day, spreading awareness, or using the transfer station responsibly. This shared involvement not only strengthens community bonds but also reinforces collective responsibility for public spaces. Finally, by offering a convenient, no-cost option for disposal during the event—and maintaining access to the transfer station year-round at a nominal fee—Precinct 1 ensures that residents have ongoing, practical solutions for waste management. Together, these actions provide sustainable pathways to reducing illegal dumping, promoting environmental responsibility, and building stronger community participation.

Describe how the project assists in implementing the ETCOG Regional Solid Waste Management Plan:**Waste Reduction and Diversion**

Alignment with ETCOG's Goal: One of the primary objectives of the ETCOG Regional Solid Waste Management Plan is to reduce the amount of waste entering landfills and increase waste diversion through recycling and proper disposal.

How the Event Supports This: By providing a no-cost disposal option for residents, the Clean-Up event directly helps reduce illegal dumping and littering in the region, thereby diverting waste that would otherwise be improperly discarded along roadways or in other unregulated areas. This supports ETCOG's broader goals of managing waste in an environmentally responsible way.

FORM 3b. PROJECT COST EVALUATION *(add additional pages as necessary)*

Provide an evaluation of the costs associated with the proposed project. Present the costs in unit terms, such as cost per ton, cost per customer, or cost per capita, as applicable.

Labor Costs

Equipment Costs: \$ 2,000.00

Dumpsters

12 – 30yd. Roll-off Dumpsters (estimated)

(each dumpster is \$394.75)

Estimated cost: \$4,737.00

FORM 3c. LEVEL OF COMMITMENT OF APPLICANT

(Add additional pages as necessary)

Provide information related to the Applicant's level of commitment to preferred solid waste management practices. If the proposed project is an ongoing service, demonstrate the ability to sustain the program beyond the term of the grant. Explain the extent to which the appropriate governing bodies support the proposed project.

List any previously demonstrated commitment to preferred solid waste management practice, such as: implementing other solid waste management projects; involvement in a local or sub-regional solid waste management plan or study; membership in an environmental activity.

In April 2023, Precinct 1 hosted a highly successful Clean-Up event, which resulted in a noticeable reduction in illegal dumping within the area. During this initiative, a total of 37 tons of solid waste was collected, preventing it from accumulating in the ditches and along roadways.

Precinct 1 actively maintains programs to address illegal dumping by utilizing both County labor and inmate labor to keep County roads clean. In addition, residents are provided with the option to dispose of items such as mattresses, furniture, and other debris at the transfer station for a minimal, non-profit fee.

Moving forward, Precinct 1 remains committed to offering year-round access to the transfer station, ensuring residents have an affordable and convenient option for proper waste disposal.

FORM 3d. SCOPE OF WORK

(See application instructions for format. Add additional pages as necessary)

Provide a work program with a schedule of deliverables for the proposed project or program. The work program with the schedule of deliverables will be considered the Scope of Work to be performed under the contract agreement, if funded.

As concisely as possible, for each task of the proposed project, describe the major steps or activities involved, identify the responsible entities, and establish a specific timeframe to accomplish each task. The scope of work for the project or program must include:

- ❖ *Detailed purpose and goal of the project (should be consistent with implementing the goals, objectives, and recommendations from the regional solid waste management plan, as stated in the project description on Form 6a).*
- ❖ *Specific task statements with responsible entity identified.*
- ❖ *List of deliverables/products/activities under each task.*
- ❖ *Schedule of deliverables.*

Please use this format example:

1. Task:

- a. Major task**
- b. Estimated completion date**
- c. Who is responsible for completing this task**

1. Identify person to serve as project coordinator.
 - Keegan Caldwell ; Completion by 9/3/2025
2. Select vendor/s and determine appropriate equipment for the project using appropriate purchasing policies and procedures for grant management (TxGMS)
 - Contractually bound to Republic Services ; Secure 30 yd dumpsters for clean up event
3. Secure labor to assist as well as other necessary equipment to carry out the functions of the event.
 - Use of up to 6 County employees; Use of any equipment necessary to assist in the off-load process regarding the County's dumpsters
4. Advertise the cleanup event to the citizens of Van Zandt County Precinct 1.
 - Post and pass out flyers
5. Hold a clean-up event for the residents of Van Zandt County Precinct 1 and properly dispose of items collected
 - Van Zandt County Precinct 1 will provide dumpsters for a two-day period in April 2027
6. Track and report on waste collected using Attachment 1 PROGRESS MONITORING CLOSEOUT REPORT FORM

Form 6: Certifications and Assurances

Certifications

In order to receive grant funds under this program, the proposed project must conform to the provisions set forth in the Request for Applications (RFA). The following certifications are intended to help the COG to ensure that these provisions are met. By signing this Application, the person acting on behalf of the Applicant makes the certifications listed below.

1. Authority to Sign Application

The person signing this Application hereby certifies that he/she is the official contact regarding this Application and has authority from the Applicant to sign the Application and that such authority will bind the Applicant in subsequent agreements.

2. Application Contains No False Statements

Applicant certifies that this Application has no false statements, and that the Applicant understands that signing this Application with a false statement is a material breach of contract and shall void the submitted Application and any resulting contracts. The Applicant understands that the COG will not accept any amendment, revision, addition, or alteration to this Application after the final date and time for submission.

3. Governmental Status

Applicant certifies that it is located in the State of Texas and fits within one of the governmental classifications listed below, as determined under state law:

☒ City

☐ County

☐ Public school or school district (not including Universities or post-secondary educational institutions)

☐ Other general and special law district with the authority and responsibility for water quality protection or municipal solid waste management, including river authorities.

☐ Council of Governments

4. Solid Waste Fee Payments

Applicant certifies that it is not delinquent in payment of solid waste disposal fees owed the State of Texas.

5. Debarment from State Contracts

Applicant certifies that it is not barred from participating in state contracts by the State of Texas Comptroller of Public Accounts under the provisions of §2155.077, Government Code.

6. Conformance to Standards

The Applicant certifies to the best of their knowledge and ability that the proposed project, including all activities in the proposed Scope of Work and the proposed expenditures, conforms to the eligible category standards and allowable expense and funding standards as set forth in the Request for Applications.

7. Consideration of Private Industry

The following certification only applies if the project is under one of the following grant categories:

- A. Source Reduction and Recycling
- B. Citizens' Collection Stations and "Small" Registered Transfer Stations
- C. A demonstration project under the Educational and Training Projects category

Applicant certifies that it has notified private service providers in accordance with the requirements set forth in the Request for Applications and the instructions provided with this application form. Applicant further certifies to the best of their knowledge and ability (after completing Form 5) that the proposed project will promote cooperation between public and private entities, is not otherwise readily available, and will not create a competitive advantage over a private industry that provides recycling or solid waste services.

8. Consistency with Regional Solid Waste Management Plan

Applicant certifies to the best of their knowledge and ability that the proposed project is consistent with applicable goals, objectives, and recommendations of the RSWMP of the COG.

9. Technical Feasibility

Applicant certifies that it has carefully reviewed its Scope of Work and that to the best of their knowledge and ability all activities are technically feasible and can be satisfactorily completed within the grant period as set forth in the Request for Applications.

10. Costs Reasonable and Necessary

Applicant certifies to the best of their knowledge and ability that the proposed project activities in the Scope of Work and the expenses outline in the Budget are reasonable and necessary to accomplish the project objectives, and that the proposed expenses are consistent with the costs of comparable goods and services.

11. Certification by Law Enforcement Programs

If the Applicant is a law enforcement entity regulated by Chapter 1701 of the Texas Occupations Code, the Applicant certifies that it is in compliance with all rules developed by the Commission on Law Enforcement Officer Standards and Education (TCLEOSE) pursuant to Chapter 1701, Texas Occupations Code; or that it is in the process of achieving compliance with such rules. If compliance is pending, a certification from TCLEOSE must be attached to indicate that the Applicant is in the process of achieving compliance with the rules.

Assurances

If the application is approved for funding, the grant funds will be awarded through a contract between the Applicant and the COG. The grant contract will contain a number of standards, requirements, and processes that must be complied with as a condition of receiving the grant funds. In order to ensure an understanding by the Applicant of some of the main conditions that will be included in the contract, the Applicant is asked to review the following assurances. By signing this Application, the person acting on behalf of the Applicant indicates their understanding of these conditions and provides assurances that these and other conditions set forth in the grant contract will be adhered to if funding is awarded.

1. Compliance with Standard Pertaining to Real Property and Equipment

Applicant provides assurances that, if funded, the Applicant will comply with the TxGMS and the contract provisions pertaining to title to and management of real property and equipment. The contract will contain obligations and conditions regarding the use of the equipment and/or facilities (the "property") acquired under the agreement. Included in the provisions are obligations to provide adequate maintenance and conduct physical property inventories; restrictions and conditions on the use, replacement, sale, or transfer of the property; and obligations to continue to adhere to the provisions that grant funds not be used to create a competitive advantage over private industry, in the use or transfer of the property.

2. Participation in TCEQ Recycling Surveys and Reporting

Applicant provides assurances that, if funded, the Applicant will respond to annual recycling program surveys and/or other requests from the COG or the TCEQ for information on municipal solid waste management activities.

3. Compliance with Progress and Results Reporting Requirements

Applicant provides assurances that, if funded, the Applicant will comply with requirements for: reporting on the progress of the project tasks and deliverables; documenting the results of the project and providing those results to the COG on a schedule established by the COG, and additionally, to continue to document the results of the project activities for the life of the project; and to provide the COG with a follow-up results report approximately one year after the end of the grant term.

4. Financial Management

Applicant provides assurances that, if funded, the Applicant will comply with contract provisions and requirements necessary to ensure that expenses are reasonable and necessary, and to adhere to financial administration and reimbursement procedures and provide financial reports on a schedule established by the COG.

5. Compliance with Americans with Disabilities Act

Applicant provides assurances that, if funded, the Applicant will comply with all the applicable requirements of the Americans with Disabilities Act of 2013.

6. Compliance with the Single Audit Act

Applicant provides assurances that, if funded, the Applicant will comply with the Single Audit Provisions of the Texas Grants Management Standards (TxGMS) prepared by the Texas Comptrollers of Public Accounts.

Provisions of the Single Audit Circular under the Standard Financial Management Conditions Section; Audit starting on page 40 of the TxGMS that applies to all recipients of funding under this grant.

7. Compliance with Program and Fiscal Monitoring

Applicant provides assurances that, if funded, the Applicant will comply with program and fiscal monitoring provisions of the contract, including: providing additional reports or information as may be requested to adequately track the progress of the project; and allowing site visits to evaluate the progress of the project and to view any grant-funded equipment or facility.

Resolution

Resolution of Van Zandt County authorizing the filing of a grant application with the East Texas Council of Governments (COG) for a regional solid waste grants program grant; authorizing the County Judge to act on behalf of Van Zandt County in all matters related to the application; and pledging that if a grant is received Van Zandt County will comply with the grant requirements of the East Texas Council of Governments, the Texas Commission On Environmental Quality and the State of Texas.

Whereas, the East Texas Council of Governments is directed by the Texas Commission on Environmental Quality to administer solid waste grant funds for implementation of the COG's adopted regional solid waste management plan; and

Whereas, Van Zandt County in the State of Texas is qualified to apply for grant funds under the Request for Grant Applications.

Now, therefore, be it resolved by Van Zandt County IN Canton, Texas;

1. That the County Judge is authorized to request grant funding under the East Texas Council of Governments Request for Grant Applications of the Regional Solid Waste Grants Program and act on behalf of Van Zandt County in all matters related to the grant application and any subsequent grant contract and grant project that may result.
2. That if the project is funded, Van Zandt County will comply with the grant requirements of the East Texas Council of Governments, Texas Commission on Environmental Quality and the State of Texas.
3. The grant funds and any grant-funded equipment or facilities will be used only for the purposes for which they are intended under the grant.
4. Activities will comply with and support the adopted regional and local solid waste management plans adopted for the geographical area in which the activities are performed.

Passed and approved by Van Zandt County Commissioners Court in Canton, Texas, on this the 10th day of September, 2025.
