DONATED AED DEVICE

The Church has been given an AED Device and we would like to have at least 7 people that would be willing to become fully CPR and AED certified. This would mean in the event of an emergency, you would be willing to step in until emergency assistance has arrived. The training would be done here at Church and paid for by the Church. There will be more information in the bulletin next week. If you would like for your own knowledge and become trained but are not wanting to serve the parish, you would be able to pay the certification fee yourself.

NEW FURNACE TO BE INSTALLED SOON

If you have noticed that the last few weeks it have been a little chilly in church, you are correct. The new furnace for the church will be installed on Thursday, May 14th. They will be checking all furnaces that we have to make sure everything is running correctly and efficiently.

Pope's monthly prayer intention

That everyone might have food

Let us pray that everyone, from large producers to small consumers, be committed to avoid wasting food, and to ensure that everyone has access to quality food.

Please consider sharing your valuable time and talent.

How many times do we shrink back from a challenge or an opportunity because we think we are not qualified? Or someone else is smarter, more experienced and would do a better job. This line of thinking often causes us to shrink rather than rise and step into our calling. If an opportunity comes your way that feels too big for you, remember that you are not the source of your success. God is. If something is meant for you, if it is within his will for you, God will indeed equip you to become who you need to be, to do what you need to do. God will supply you the competence and the confidence for every good work.

Discover the joy of working together to expand our parish, please consider volunteering
