Lord, you are our God, Redeemer of Israel
Lord, you are our God,
There is no other, no Savior but you
For You have done wonderful things
From of old You've been faithful and true

Chorus:
And You'll come to Your temple
To rule and to reign
And the nations will tremble and fear
But all of Your people will say in that day,
"This is the Lord, we have waited for Him
And at last He is here!"

Behold, our God is near, He's comin' quickly
Very soon, He will appear
He's the beginning and He has no end,
Every word He has spoken, He'll do
For His name it is Faithful and True

Chorus:
And He'll come to His temple to rule and to reign
And the nations will tremble and fear
But all of His people will say in that day
"This is the Lord, we have waited for Him
And, at last, He is here."

And to Yerushalayim He'll come
And the sun and the moon disappear
For the light of the world has returned for His own,
He is the Lord
We have waited for Him and at last….

Chorus:

He will come to His temple to rule and to reign
And the nations will tremble and fear
But all of His people will say in that day,
“This is the Lord we have waited for Him
And, at last, He is here.”

He is here, He is here
Yeshua is here!!
