I call you friend, that's what you are
All that I do I share with you
I have no secrets, I have no need
To keep them to myself, for I tell you to the end
I call you my friend

You call me master, and so I am
All that I do you will do too
Secret's I'll whisper, and what you hear
You'll shout aloud out to a world that's near it's end
I call you my friend

Peace I leave with you, my peace I give to you
Truly I say to you, you'll have tribulation
But have no fear dear one, be of good cheer
Truly I have overcome, you too will overcome

So, come my friend
I know who you are
Before you were I knew of you
You've so many secrets, you've so many needs
Don't keep them to yourself, no one to help you in the end.

Just call my name, I'm always the same
I search for all who will claim the love I send
So I can call them friend
Say, can I call you my friend?
