Let Us Run

Music and Lyrics by Marty Goetz

Can you see how we are surrounded
By so great a cloud of witnesses
Those who paid the price
The supreme sacrifice
Those of whom this world was not worthy

Chorus:
Let us run, run, run the race with endurance
Laying aside every weight
Casting aside every sin
Let us run, run, fixing our eyes on the Son
Looking to Him, finishing what we've begun
Let us run!

And you can see now we are entrusted
With continuing what others started
They have passed the baton
Straight and fast, til we've won
We will run to Him who is Holy

Chorus:
So let us run.....

Bridge:

Oh and yes, there are some who have stumbled, fallen
G-d only knows, I am one
Still I press toward the goal
For the L-rd who's callin' me
He's gone before, He's my reward
When I am done, let us run!!
