Show Me Thy Glory

See your servant Lord, turning toward You
One more troubadour who's adored You
For throughout the years,
Through the triumphs through the tears
You have met him here
So here is where I'll seek You as I did then
Hear me when I speak to You once again
Lord, throughout my days,
All the things You do amaze
You show me Your works;
You show me your ways

Chorus:
Now show me, I pray Thee, Thy glory
Hide me in Your hand and pass before me
How can I go on if You're not with me?
So show me I pray Thee, Thy glory
Show me I pray Thee, Thy glory

With the fire, with the cloud in the wilderness
By Your presence You gave Your people rest
And I'm asking that now
You would do no less
I need Your presence
Please me grant my request

Chorus:
Show me, I pray Thee, Thy glory
Hide me in Your hand, and pass before me
I know I can go on if You'll go with me
So show me I pray Thee, Thy glory
Show me I pray Thee (3x)
Thy glory
