Last day to schedule is August 3rd. Limited space available.

Please have the following ready when you call:

Your screening mammogram order from your physician and insurance card

By Appointment Only

Day of the Event Instructions:

Bring your screening mammogram order, insurance card, and driver's license.

- Please verify that your insurance is accepted by Northside Hospital before scheduling.
- We do accept Kaiser insurance, however, coverage varies by plan, and some plans may be out of network.
- We will verify your benefits prior to your appointment.
- The mobile unit only performs screening mammograms.
- If you are due for a diagnostic mammogram please call Northside Hospital centralized scheduling at 404.851.6577
- Please refrain from any deodorant, powder or creams on the day of your exam.

Northside Screen Atlanta is an ACR/FDA/MQSA certified, specialty equipped van, providing screening mammogram services on our mobile unit. With the same high quality images as those provided at our outpatient imaging locations, each mammogram is performed by a Northside Hospital Registered Radiologic Technologist (RRT), with advanced training and certification in mammography, and is interpreted by a board-certified radiologist, who has received advanced training in breast imaging.
