

Reading

Right from the beginning, reading with your child is important. Please write in your child's journal when you have shared a book or they have practised their phonics.

Wright Class Homework

Autumn 1

Respect, Aspire, Challenge, Succeed

Phonics

Practise the sounds your child brings home with them. We will share how to follow the pattern we use in lessons during our parents' phonics evening.

At Holy Cross we set learning challenges for homework throughout the school. Homework is not expected to be completed in EYFS but these challenges will help you to share in your child's learning. We will collect in books to share tasks completed on a Friday and reward completed tasks with stickers.

Our expectation at Holy Cross is for all children to read at least three times weekly. This includes listening to stories at home to begin with and building words with their phonics cards, segmenting and blending these words.

Phonics

Make some silly words using the sound cards you have brought home.
Sam, Tim, tas, mit, ams

English

Share a story with your grown up. Draw some pictures to show what happened in the story.

Maths

Count your teddies.
Have you got more or less than 10?

Maths

Watch the clock with your grown up. Talk about 5 minutes—watching the clock moving between the numbers. Can you spot o'clock?

All About Me

Who looks after us?
Explore the emergency services—visit or spot the police station or fire station. OR Draw an emergency vehicle.

Physical Development

Practise riding your bike or using a scooter.
Do you have pedals or a balance bike?

Understanding the World

Draw a map of your local area—draw on important places for you and your family.

Expressive Arts and Design

Use natural materials to create a picture.
OR
Draw a picture of something natural—trees, plants, animals.

RE

Tell your grown up about Diwali or Rosh Hashanah.

Computing

Try out the Cheebies Little Learners app—have a go at challenges with the Numberblocks or Alphablocks.
