

CAPABILITY STATEMENT

COMPANY OVERVIEW

SirSean Productions is a woman- and minority-owned video production company that handles the full content lifecycle in-house — pre-production, production, post, and distribution. Our experienced, diverse team produces work across special events, film and television, branded content, and social media, with AI and mixed-reality capabilities when projects call for them. With crews nationwide and teams that travel to you, we're accessible wherever our clients need us.

SERVICES

- **Content Creation & Filming:** events, commercials, branded and scripted content, and films,
- **Advertising:** social, streaming, and broadcast ads with targeted audience planning
- **Distribution:** streaming, broadcast, and online platforms

CORE COMPETENCIES

- **Creative development & storytelling:** Shaping concepts into finished narratives, from documentary to commercial.
- **Post-production:** In-house editing, color, sound, and motion graphics.
- **Nationwide crewing:** Experienced production teams scaled across the U.S.
- **Client Collaboration:** Clear communication and reliable delivery from brief to final cut.

DIFFERENTIATORS

- **One Stop Shop:** full content lifecycle in-house, so you coordinate one team, not five
- **AI, XR & Mixed Reality Technology:** optional next-generation tech to elevate a project
- **Diverse Content & Staffing:** experienced, diverse crews working across every medium
