Happy Friday Immaculate Conception. We are nearing the end of September already. Please make sure that your child(ren) are up to date with classroom and homework assignments. Additionally, if your child is responsible for taking Accelerated Reading tests, please make sure they check in on Friday mornings to take them on the books they are reading for the points. Mrs. Vigneron hosts the testing time in the computer lab on Fridays. The points needed, as determined by grade level, need to be completed by Thursday, October 23.

6th grade completed a Starburst candy lab today to create The Rock Cycle. Using the candy, they were able to complete the processes, (cementation, compaction, melting, cooling, heat and pressure) to form the following rocks: sedimentary, igneous, and metamorphic. They completed a written diagram and will enjoy eating their metamorphic rock.
