Immaculate Conception Catholic School promotes a:

Caring Catholic Community

Home for the active mind

Respectful, responsible citizens
for a global society

Individual love of life-long learning

Strong value-based academic curriculum

Trust in the Word of God

Catholic Schools

Teaching Minds, Reaching Hearts

Philosophy of Education Immaculate Conception Catholic School

We believe that the Immaculate Conception Education Community is here to know, love, and serve God.

We believe that all children are made in the image and likeness of God, with unique gifts and needs that are to be celebrated.

We believe that education is an ongoing process with faith woven throughout a challenging academic curriculum.

When based on Catholic Doctrine, we believe children become concerned, interactive members of the Catholic Church.

Therefore, we believe that children should be empowered to proclaim the Gospel within our changing global society.

Immaculate Conception Catholic School Curriculum Guide Kindergarten

In Kindergarten, we strive to provide opportunities to engage active minds and bodies.

Children are a gift from God.
Psalm 127:3
