PROJECT 3214

The Club recently welcomed AFL heavyweights Richard Goyder and Andrew Dillon, who met with representatives from the Northern Stars to discuss the growth and promotion of junior football across the northern region.

Both guests expressed strong admiration for the Club's facilities and were briefed on future initiatives, including the installation of electric vehicle charging stations and Avalon Airport's planned expansion of services to Tasmania.

Strategically located just one kilometre off the Ring Road, the Shell Club is exceptionally well positioned as a convenient stopover for those travelling from the Western District and Geelong—whether en route to Avalon Airport, the Spirit of Tasmania, or simply requiring a recharge.

This strategic accessibility will play a significant role in supporting the forthcoming Tasmanian AFL team and the broader growth of football in the region.

SHELL RETIREES

ANNUAL EVENT

SHELL RETIREES

ANNUAL EVENT

The conversations flow as freely as the beer at this event. The retirees' gathering is scheduled for the last Tuesday in November, and all retired Shell Refinery employees are invited to attend. If you missed the event in 2025, be sure to mark your calendars for this year's gathering!

NEWLY APPOINTED LIFE MEMBER

We are delighted to announce a highly deserving and exceptionally qualified nominee for Life Membership of our Shell Club. Richard Shiells will join an esteemed and select group of Life Members, commemorating over 70 years of our club's legacy.

Recently awarded Life Membership at the Annual General Meeting, Richard was recruited from a managerial position at Ford due to his extensive experience and skills, which are instrumental in guiding the club to the level of professionalism needed as it has expanded to employ over 60 individuals.

Since becoming a director in 2010, Richard has proven to be an invaluable asset to our organization, making him a most worthy recipient of this honor.

Congratulations, Richard!
