“

*Only previous visit was in the 80's when very basic. Returned with friends yesterday for lunch and most surprised. Very sophisticated and classy. Meals, service, atmosphere all very good. Jewel in the Crown in our northern suburbs*

- Google Review ”

commences at 4pm in  
lounge bar, then 6pm in  
bistro every Friday night.

### The History of the Shell Refinery...

**1949** - Shell Australia announces it will construct an oil refinery in Geelong.

**1952** - Plans under way to construct prefabricated housing on 60 acres of land close to the refinery (the area rapidly grew into the Shell housing estate).

The origins of Shell in Australia can be traced back to 1901. The company introduced kerbside petrol pumps in 1925. At the beginning of the 21st century, Shell has two refineries in Australia, Geelong, and one in Clyde, NSW.

The Geelong refinery was established by Shell Australia in 1954. It was sold to global oil trader Vitol, which established Viva Energy to buy all of Shell's Australian downstream assets in August 2014.

The Shell Club however, was originally formed in 1952 by a handful of workers at the Shell refinery.

A tin shed that served as a clubhouse was erected on the same site that the club occupies today.

Over the years it evolved from that sparse beginning to what it is today.

We are very proud of our club.

*Jaymie joined us in April of 2022 when her mother, Sandra (Jonesey) convinced her to come and give us a hand in the bistro. Jaymie settled in well and is very liked by our clientelle, with her beautiful manner and bright smile.*

*Jaymie likes to keep her life private but we know she is a Geelong supporter, enjoys having brunch with friends, adores her 2 cats, Coco & Chad, and finds comfort in watching re-runs of Friends and the Vampire Diaries.*

Meet Jaymie

### Book, Book, Book!
