

Island Wide Backpack Program

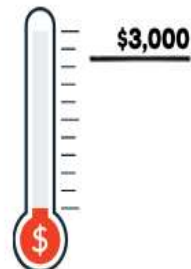

Last Year (2025)

Last year we have sourced a wholesale company that specializes in Backpack programs and we raised enough for 393 backpacks plus educational supplies.

This Year (2026):

After reaching out to every school on Manitoulin Island, we only need to raise enough to help 230 students with backpacks and educational supplies. That is an decrease of 163 students in need. We are thankful that things are moving in the right direction!
