

L'ESSENZA DELL'ACQUA

DEMM

MANIFESTO

Il valore autentico del design emerge quando riesce a comunicare senza voce, generando sensazioni profonde. Proprio come l'acqua, capace di entrare in contatto con ciò che sentiamo e ciò che immaginiamo.

The true value of design emerges when it can communicate without a voice, evoking deep sensations. Just like water, able to connect with what we feel and what we imagine.

the essence of water

LA FORMA DELL'ACQUA, L'ESSENZA DEL DESIGN

DEMM Rubinetteria nasce a Marmentino, nel cuore della provincia di Brescia, e da oltre cinquant'anni opera con passione nel settore della rubinetteria sanitaria. Oggi l'azienda guidata dalla seconda generazione familiare: i fratelli Matteo, Emanuele, Daniela e Marco, che portano avanti con determinazione i valori e la visione che hanno caratterizzato DEMM fin dalle origini. L'azienda investe costantemente in ricerca e sviluppo, progettando prodotti capaci di coniugare efficienza, design e qualità. La sinergia tra competenze umane altamente specializzate e tecnologie avanzate consente di garantire sicurezza, affidabilità e il rispetto dei più elevati standard qualitativi internazionali. Innovazione, design e qualità rappresentano i pilastri dell'azienda, sostenuti da uno studio tecnico interno e dalla collaborazione con designer che contribuiscono alla realizzazione di soluzioni sempre più all'avanguardia. L'attenzione all'ambiente e al risparmio energetico è una missione che guida ogni scelta produttiva. La nuova generazione di prodotti DEMM nasce infatti con una forte vocazione ecologica, capace di integrarsi perfettamente con un'estetica elegante e raffinata pensata per un pubblico contemporaneo ed esigente. Un rubinetto davvero efficace quando, grazie alla sua tecnologia, alle sue forme e ai materiali impiegati, riesce non solo a ridurre i consumi idrici ed energetici, ma anche a trasformare i momenti di relax in esperienze ricche di emozione.

DEMM Rubinetteria was founded in Marmentino, in the province of Brescia, and for over fifty years has operated with passion in the sanitary faucet industry. Today, the company is led by the second generation: siblings Matteo, Emanuele, Daniela, and Marco, who continue to uphold the values and vision that have defined DEMM since the beginning. The company constantly invests in research and development, designing products that combine efficiency, design, and quality. The synergy between highly skilled human resources and advanced technologies ensures safety, reliability, and compliance with the highest international quality standards. Innovation, design, and quality have always been the company's core pillars, supported by an internal technical department and collaborations with designers who help create increasingly cutting-edge solutions. Environmental responsibility and energy savings are central to DEMM's mission, driving continuous research and development. The new generation of DEMM products has been conceived with a strong ecological focus, perfectly integrated with elegant and refined aesthetics tailored to a contemporary and demanding audience. A faucet is truly effective when its technology, shape, and materials not only minimize water and energy consumption but also transform moments of relaxation into meaningful and emotional experiences.

Tailor made

DESIGN SU MISURA, EMOZIONI DA VIVERE

Dinamici e versatili, i nostri progetti offrono soluzioni capaci di adattarsi ad ogni esigenza, proponendo uno stile riconoscibile e personale. Ogni ambiente può essere plasmato “su misura”, permettendo di valorizzare gli spazi abitativi secondo i propri desideri, con una poliedricità che celebra eclettismo e artigianalità.

Realizziamo una vasta collezione di rubinetteria e docce dal design raffinato e contemporaneo.

Garantiamo tempi di consegna rapidi e puntuali.

Le nostre collezioni sono pensate per un target altamente competitivo.

Siamo un'azienda trasparente, a conduzione familiare, con Agenti sempre presenti sul territorio.

Offriamo un servizio post-vendita dedicato, efficiente e tempestivo.

Il nostro team è dinamico, cordiale e sempre disponibile.

I clienti sono liberi di visitare la nostra fabbrica e vivere in prima persona il nostro autentico stile italiano.

Dynamic and versatile, our projects offer solutions that can adapt to every need, presenting a style that is both recognizable and personal. Each space can be shaped “made-to-measure,” allowing living areas to be enhanced according to individual desires, with a versatility that celebrates eclecticism and craftsmanship.

We create a wide collection of faucets and showers with refined and contemporary designs, ensuring fast and punctual delivery times.

Our collections are aimed at a highly competitive market.

We are a transparent, family-run company, with Agents always present in their respective territories.

We provide a dedicated, efficient, and prompt after-sales service.

Our team is dynamic, friendly, and always available.

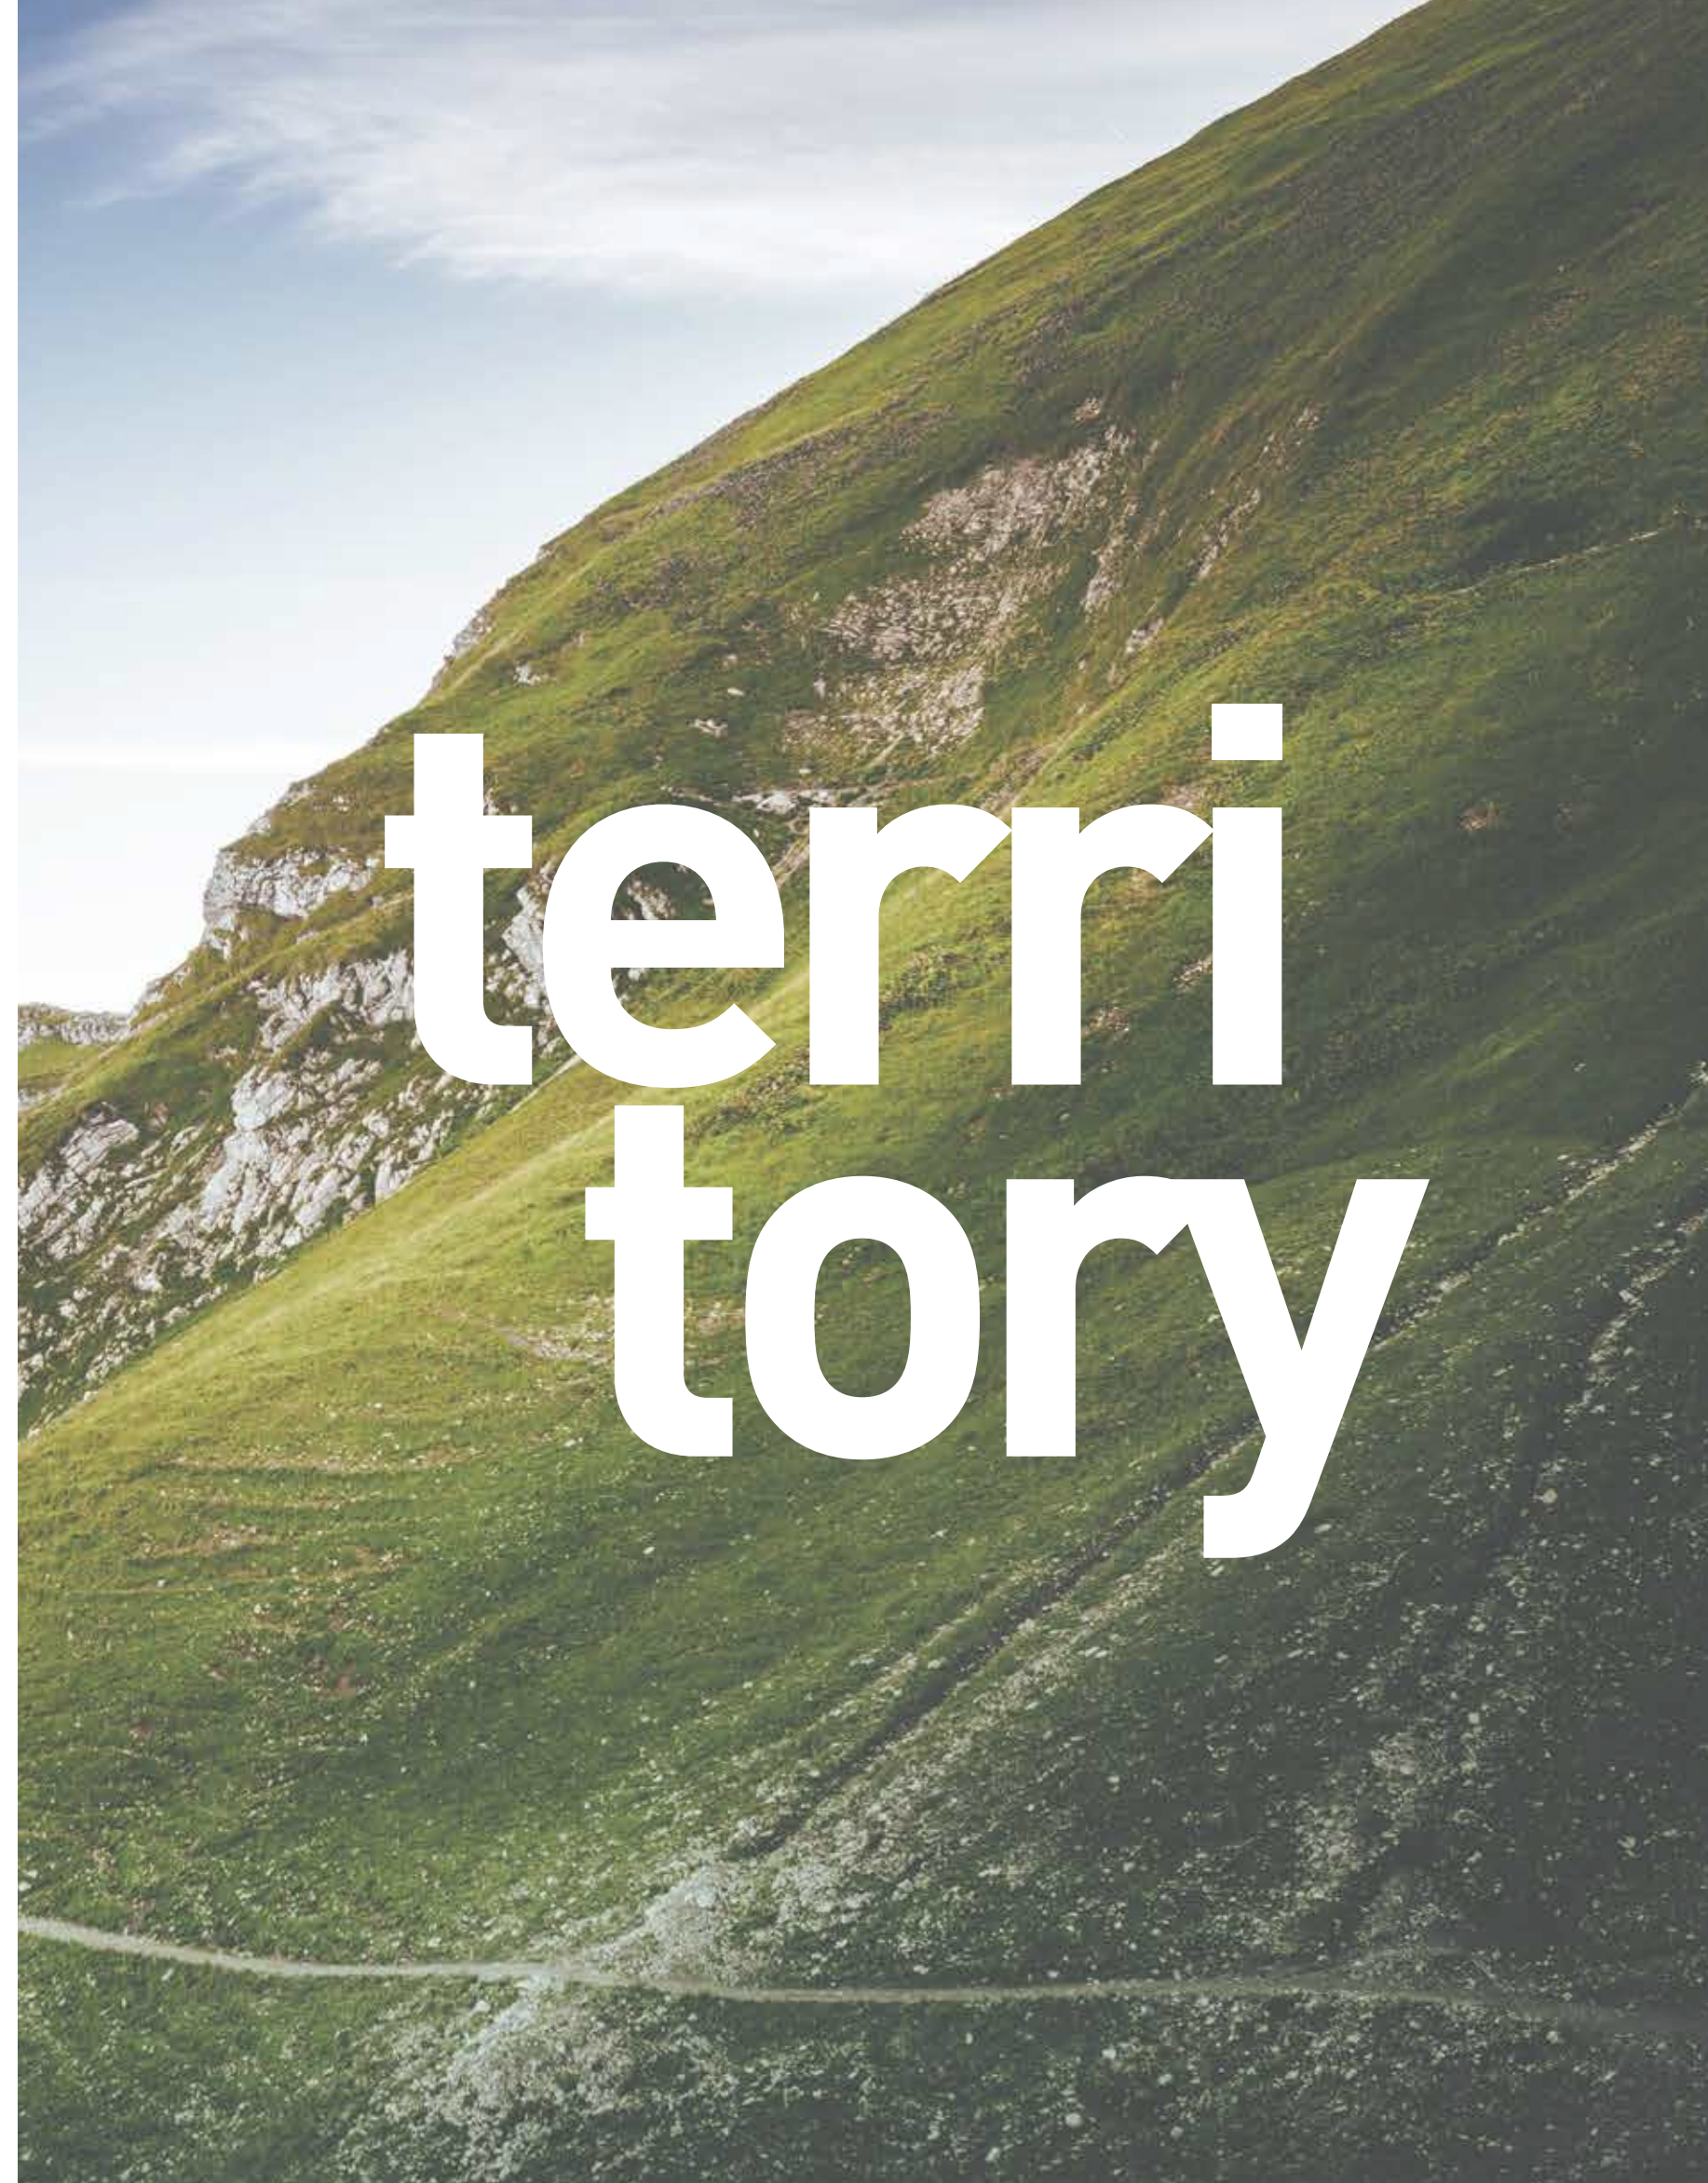

Customers are welcome to visit our factory and experience firsthand our authentic Italian style.

STYLE & RESPECT: eleganza consapevole, sostenibilità reale

Negli anni, DEMM ha costruito una vera e propria comfort zone di benessere sociale, grazie al forte legame con il territorio e alla costante collaborazione con fornitori e dipendenti locali. Questa connessione a 360° riflette un impegno concreto verso la sostenibilità e l'integrazione delle risorse locali all'interno dell'azienda. Innovazione, tecnologia, esperienza, ricerca e passione sono il cuore pulsante di DEMM, racchiuso nel claim TECHNOVATION, simbolo del nostro know-how. Crediamo nella semplicità delle forme e nella loro forza emozionale: "RISPETTARE LE VOSTRE ESIGENZE" rappresenta il linguaggio estetico delle nuove collezioni, pensate per il moderno ambiente domestico. Le nuove collezioni sono dotate di aeratori e limitatori che riducono il flusso d'acqua del 30%, trasformando il risparmio in uno stile di vita consapevole.

DEMM controlla l'intera filiera produttiva, dai materiali ai rivestimenti, rispettando le normative ambientali e utilizzando packaging completamente riciclabili. STYLE & RESPECT sintetizza l'impegno dell'azienda nel coniugare design, eleganza e responsabilità ambientale.

Over the years, DEMM has created a true comfort zone of social well-being, thanks to a strong connection with the local territory and continuous collaboration with local suppliers and employees. This 360° connection reflects a tangible commitment to sustainability and the integration of local resources within the company. Innovation, technology, experience, research, and passion are the driving forces DEMM, embodied in the claim TECHNOVATION, a symbol of our know-how. We believe in the simplicity forms and their emotional power: "RESPECTING YOUR NEEDS" represents the aesthetic language of our new collections, designed for the modern home environment. The new collections are equipped with aerators and flow limiters that reduce water flow by 30%, turning savings into a conscious lifestyle choice. DEMM oversees the entire production chain, from materials to finishes, complying with environmental regulations and using fully recyclable packaging. STYLE & RESPECT summarizes the company's commitment to combining design, elegance, and environmental responsibility.

Quality

SOSTENIBILITÀ CERTIFICATA, PERFORMANCE GARANTITE

DEMM non crea soltanto prodotti progettati per ridurre consumi e sprechi idrici, ma adotta anche processi produttivi pienamente sostenibili, conformi allo standard internazionale **ISO 14001**. Ogni scelta riflette un impegno reale verso un futuro più responsabile. L'azienda investe costantemente in ricerca e sviluppo per offrire soluzioni efficienti, dove design, qualità e tecnologia avanzata lavorano in perfetta sinergia.

Le certificazioni **ISO 9001**, **ISO 14001** e il **Modello Organizzativo 231** testimoniano la solidità del nostro sistema aziendale e la volontà di operare secondo standard riconosciuti a livello internazionale.

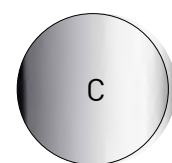

Grazie a un Sistema di Gestione Integrato certificato, il management di DEMM definisce obiettivi chiari, monitora i risultati, promuove il miglioramento continuo e garantisce il pieno rispetto delle normative, coinvolgendo attivamente tutto il personale. Gli obiettivi aziendali includono l'ottimizzazione delle scorte e del servizio al cliente, l'espansione verso nuovi mercati attraverso strategie di marketing mirate, lo sviluppo di articoli dedicati a segmenti specifici e la progettazione di prodotti capaci di ridurre consumi di acqua ed energia. DEMM assicura inoltre la massima conformità ai requisiti internazionali **KIWA**, **SINTEF**, **SASO**, **BELGACQUA** e un controllo qualità totale grazie a sistemi avanzati di ispezione e test.

Un impegno concreto e certificato, per offrire prodotti affidabili, sostenibili e pensati per un futuro migliore.

DEMM not only creates products designed to reduce water consumption and minimize waste, but also adopts fully sustainable production processes compliant with the international **ISO 14001** standard. Every choice reflects a genuine commitment to a more responsible future. The company continuously invests in research and development to deliver efficient solutions where design, quality, and advanced technology work in perfect harmony. The **ISO 9001** and **ISO 14001** certifications, together with the **Organizational Model 231**, demonstrate the solidity of our corporate system and our dedication to operating according to internationally recognized standards. Through a certified Integrated Management System, DEMM's management sets clear objectives, monitors results, promotes continuous improvement, and ensures full compliance with regulations, actively involving all personnel. The company's goals include optimizing inventory and customer service, expanding into new markets through targeted marketing strategies, developing products for specific market segments, and designing tapware solutions capable of reducing water and energy consumption. DEMM also guarantees full compliance with international requirements such as **KIWA**, **SINTEF**, **SASO**, and **BELGACQUA**, as well as comprehensive quality control supported by advanced inspection and testing systems. A concrete and certified commitment to delivering reliable, sustainable products designed for a better future.

Kur

DEMM technical department

L'ambiente bagno moderno richiede soluzioni attuali, in questa ottica assume un ruolo decisivo un design curato e al passo con i tempi. Collezione KUR, funzionalità studiata nel dettaglio con uno stile che non segue solamente le mode.

The modern bathroom environment requires modern solutions, with this in mind a design that is accurate and in step with the times takes on a decisive role. KUR Collection, functionality studied in detail with a style that does not only follow fashions.

Aciarium

DEMM technical department

ACCIAIO INOX 316L

Da secoli, nelle valli prealpine a nord di Brescia, la lavorazione dell'acciaio è parte della tradizione locale. L'acciaio inox 316L, resistente, igienico e durevole, è al centro della collezione ACIARIUM di DEMM rubinetteria, che unisce funzionalità ed estetica con cura artigianale.

STAINLESS STEEL 316L

For centuries, steelworking has been part of the local tradition in the pre-Alpine valleys north of Brescia. 316L stainless steel durable, hygienic, and long-lasting is the heart of DEMM rubinetteria ACIARIUM collection, where functionality meets aesthetics with artisanal care.

Plana

design Andrea Zani

Equilibrio e leggerezza d'insieme, senza tempo, PLANA vestita da uno stile puro e lineare, minimalista, che evoca grande semplicità e massima ergonomia, il suggestivo equilibrio formale valorizza l'esperienza di utilizzo nell'ambiente bagno. PLANA, il design non è un punto di partenza, ma di arrivo.

Overall balance and lightness, timeless, dressed in a pure and linear, minimalist style, which evokes great simplicity and maximum ergonomics, the suggestive formal balance enhances the experience of use in the bathroom. PLANA, design is not a starting point, but an arrival point.

Skat

design Andrea Zani

La silhouette perfetta della collezione SKAT si veste di una superficie liscia che esalta la grazia naturale della sua forma. Il suo design essenziale e visionario, trasfigura raffinatamente l'ambiente bagno trasformando il luogo più privato dell'abitare in espressione di gusto e piacere quotidiano.

The perfect silhouette of the SKAT collection is adorned with a smooth surface that enhances the natural grace of its form. Its essential and visionary design elegantly transfigures the bathroom, transforming the most private space into an expression of taste and daily pleasure.

Tanik

DEMM technical department

Estetica razionale caratterizzata da un segno grafico dal fascino sconfinato, si pone al servizio di creatività ed esperienza di utilizzo. Le sue linee rigorose rendono TANIK estremamente raffinato ed incredibilmente elegante, i dettagli ricercati, sottolineati dalle finiture cromo e black, evidenziano la linearità della forma slanciata.

Rational aesthetics characterized by a graphic sign with boundless charm, is at the service of creativity and experience of use. Its rigorous lines make TANIK extremely refined and incredibly elegant, the refined details, underlined by the chrome and black finishes, highlight the linearity of the slender shape.

Lui

DEMM technical department

Simboli iconici, forme semplici ma evocative, un segno stenografico che racchiude in se non solo forma ma significato. La collezione LUI proposta arricchisce gli spazi abitativi, creando emozione in un prodotto di uso quotidiano.

Iconic symbols, simple but evocative forms, a shorthand sign that contains not only form but meaning. The proposed LUI collection enriches living spaces, creating emotion in a product of daily use.

Lui evolution

DEMM technical department

Connubio di tradizione e modernità, design essenziale ma d'impatto, la sofisticata trama incisa sulla superficie curva della leva, la perfetta rappresentazione tra stile e creatività. Linee sofisticate dal sapore industrial ma al contempo glamour e capaci di sedurre.

A combination of tradition and modern style, essential but powerful design, the sophisticated texture engraved on the curved surface of the lever, is the perfect representation of style and creativity. Sophisticated lines with an industrial flavour but at the same time glamorous and capable of seducing.

My time

DEMM technical department

MY TIME propone un' estetica sofisticata ma non predominante all'interno dell'ambiente bagno, i dettagli sono visibili ma diventano un tutt'uno con il contesto. L'ambizione di essere un prodotto senza tempo denota il suo carattere libero. Essenziale, concreta e pragmatica.

MY TIME is esthetically sophisticated but not overpowering inside the bathroom environment, it's details are visible but become blended in the whole context. The ambition of being a timeless product denotes it's character. Essential, Concrete and pragmatic.

Kivo

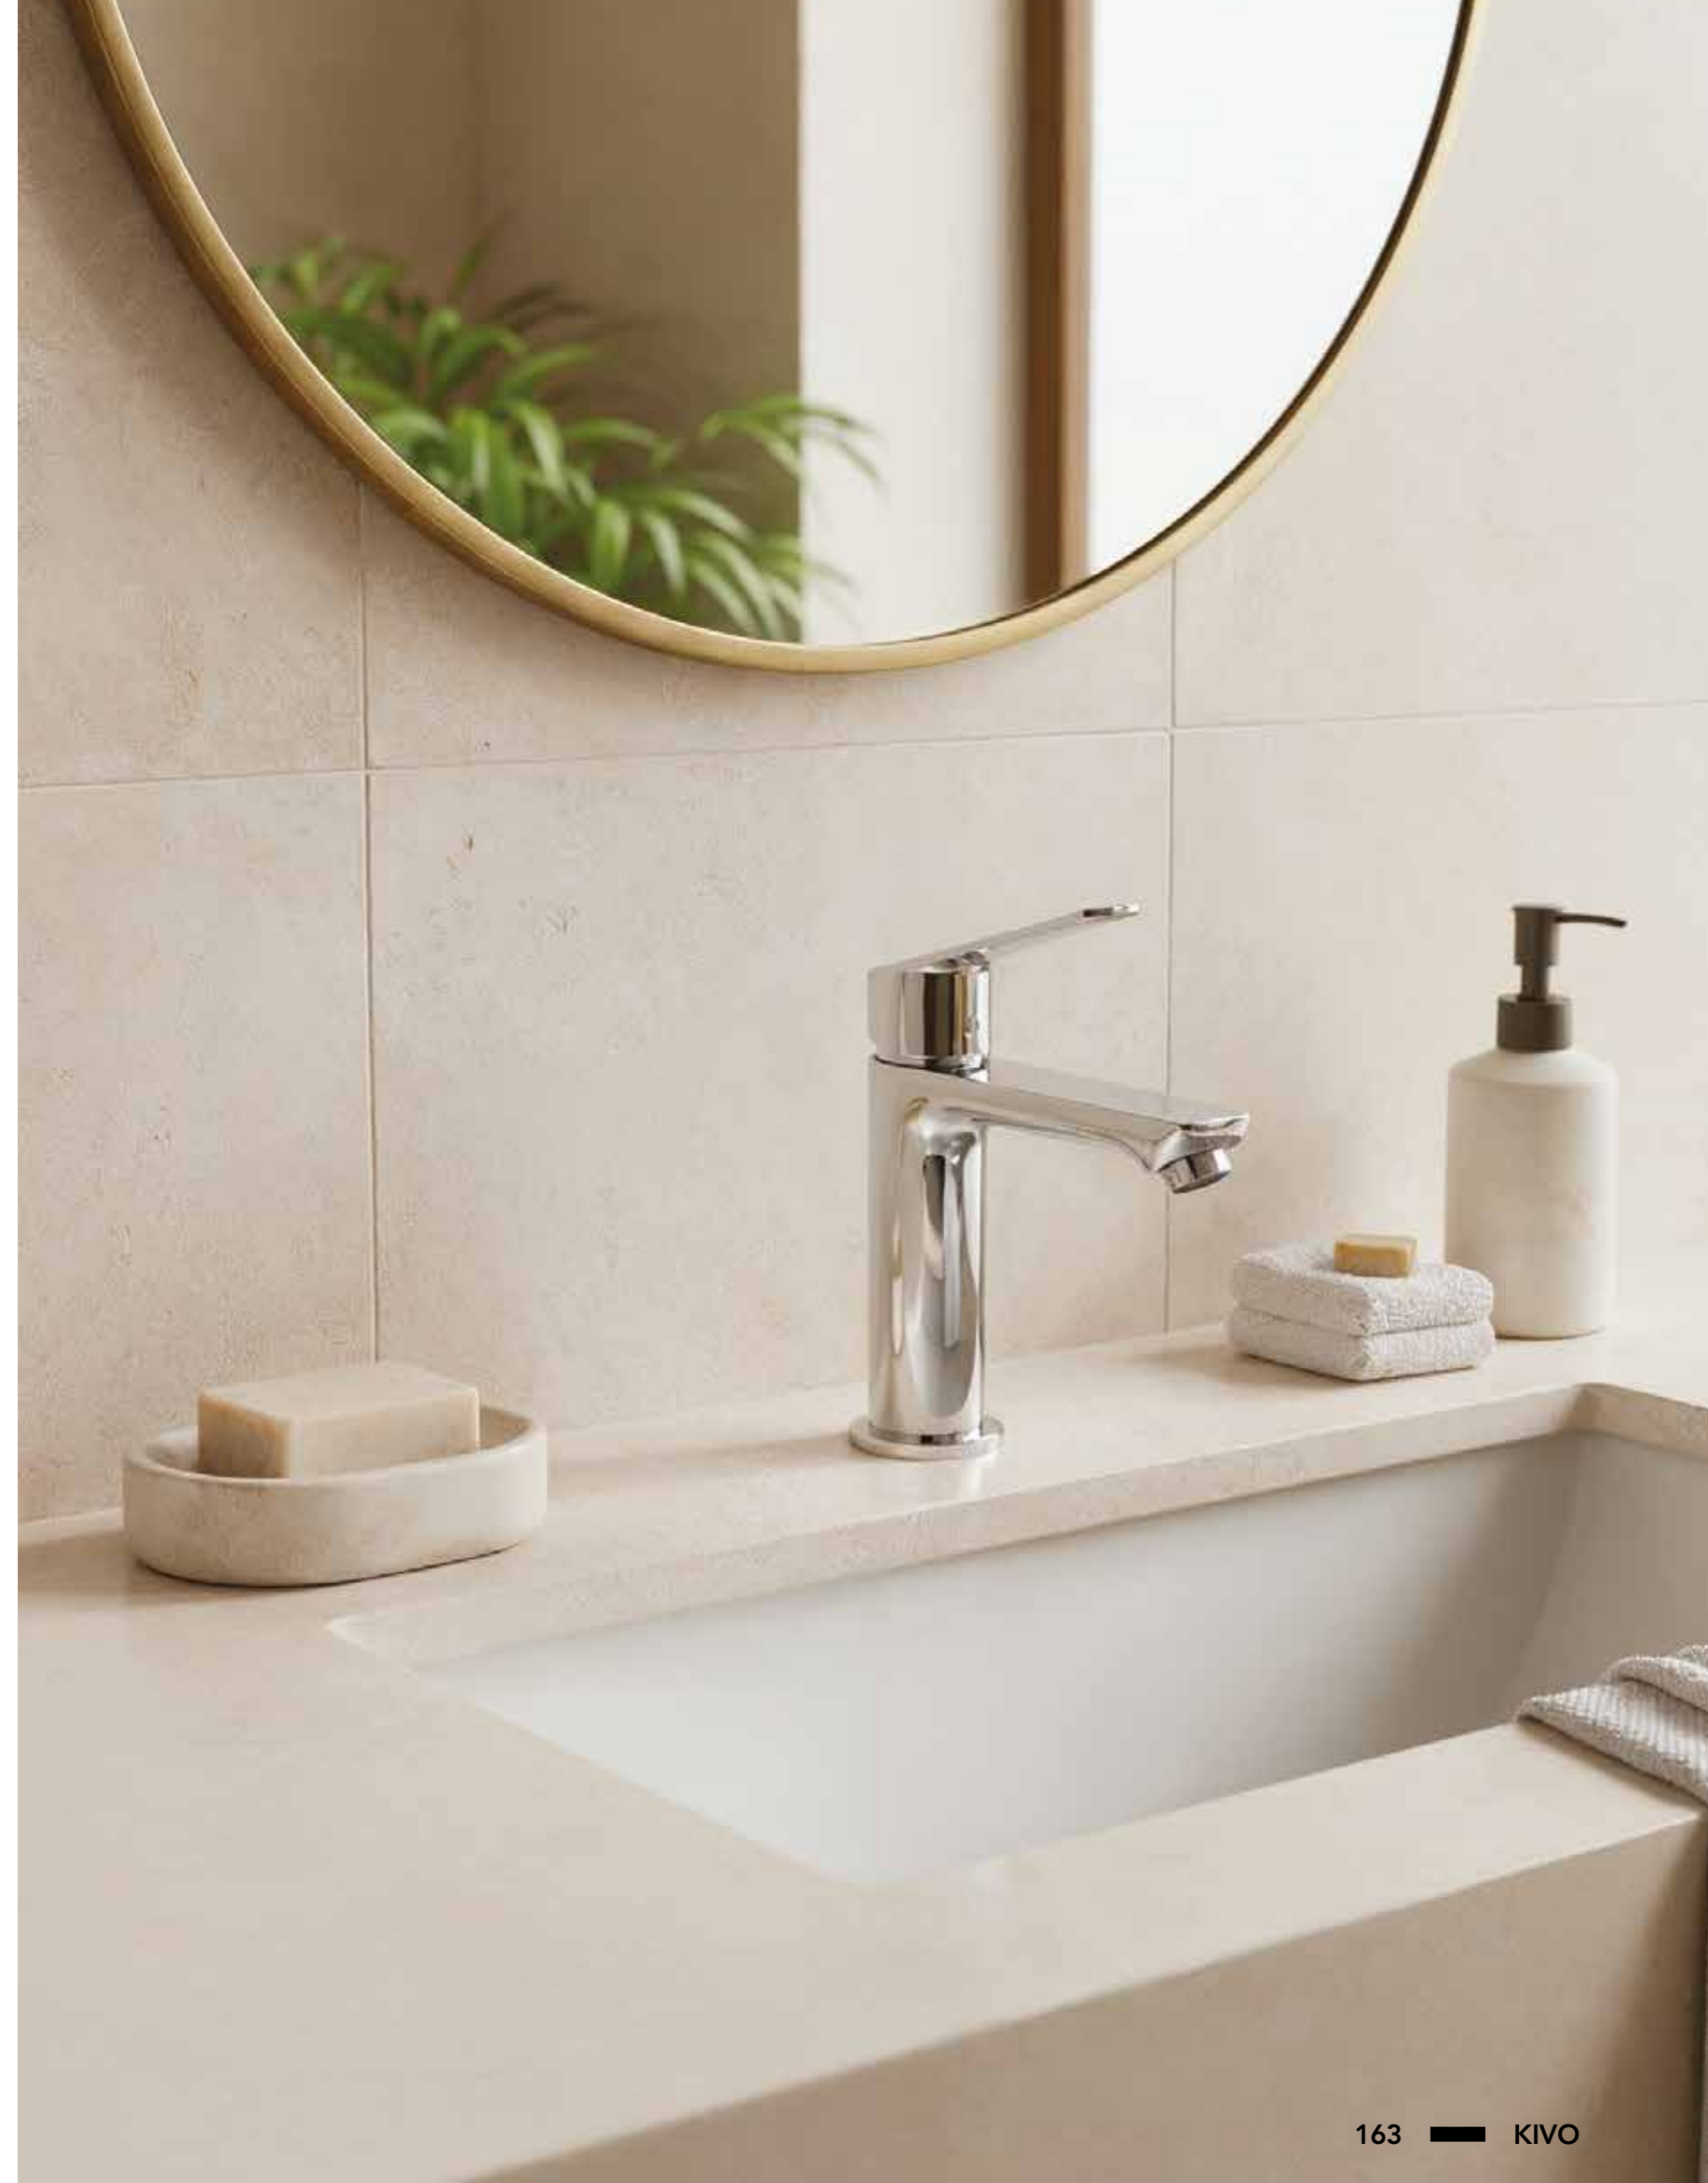

DEMM technical department

La collezione KIVO è progettata per portare nel bagno uno stile essenziale e moderno, valorizzato da linee pulite e da un design studiato. Il suo elemento distintivo è la leva inclinata, pensata per rendere l'apertura e la regolazione del flusso d'acqua più fluide e intuitive, migliorando l'esperienza d'uso quotidiana. KIVO si integra con naturalezza in qualsiasi ambiente bagno.

The KIVO collection is designed to bring an essential, modern style to the bathroom, enhanced by clean lines and a carefully crafted design. Its distinctive feature is the inclined lever, created to make opening and adjusting the water flow smoother and more intuitive, improving everyday usability. KIVO integrates naturally into any bathroom setting.

La collezione nasce dall’incontro perfetto tra tradizione e modernità. Le sue linee classiche, armoniose e senza tempo, conferiscono al bagno un’eleganza sobria e raffinata. Allo stesso tempo, la pulizia delle forme e la cura dei dettagli permettono di inserirsi con naturalezza anche in contesti contemporanei.

The collection is born from the perfect balance between tradition and modernity. Its classic, harmonious, and timeless lines bring a refined, understated elegance to the bathroom. At the same time, the clean shapes and attention to detail allow it to blend naturally into contemporary settings as well.

Stainless Steel Kitchen

Realizzata interamente in acciaio inox, questa collezione di rubinetti cucina coniuga design contemporaneo, igiene e durata nel tempo. L'acciaio inossidabile, noto per le sue proprietà anti-corrosione e la sua resistenza all'usura, garantisce un prodotto robusto, facile da pulire e ideale per un utilizzo quotidiano intensivo. La linea si distingue per il suo look essenziale ed elegante, capace di valorizzare sia ambienti moderni che classici. Ogni modello è progettato per offrire funzionalità avanzate, come bocche girevoli, doccette estraibili e comandi ergonomici, che rendono ogni gesto in cucina più fluido e naturale

Made entirely of stainless steel, this kitchen faucet collection combines contemporary design, hygiene, and long lasting durability. Stainless steel, known for its corrosion resistance and wear-proof qualities, ensures a sturdy, easy to clean product that is ideal for intensive daily use. The collection stands out for its clean, elegant look, enhancing both modern and classic kitchen settings. Each model is designed to offer advanced functionality, such as swivel spouts, pull-out sprays, and ergonomic controls, making every kitchen task smoother and more intuitive.

Shower KIT

DEMM technical department

I nuovi incassi doccia universali 2 e 3 vie di DEMM, sono proposti nella versione miscelatore monocomando o termostatico. La cassetta insonorizzata e antiumidità, garantisce qualità e durata del prodotto nel tempo, oltre a velocità e facilità di installazione. Questo nuovo sistema, permette di cambiare nel tempo la tipologia del prodotto senza dover smurare la cassetta, ma è sufficiente sostituire il corpo del miscelatore incasso. Una perfetta soluzione per tutte le esigenze.

The new universal concealed 2 and 3 way showers by DEMM are available in both the monocomand or thermostatic versions. The sound and damp proof casing ensures quality and long life of the product, as well as being very fast and easy to install. This new system allows the product to be changed or taken out at a later date without the need to remove the casing from the wall by simply replacing the internal concealed mixer body. A perfect solution for every need.

Thermostatic mixer

DEMM technical department

La nostra collezione di miscelatori termostatici rappresenta l'eccellenza nell'unione tra tecnologia, funzionalità e stile. Progettati per garantire il massimo comfort durante l'uso quotidiano, questi miscelatori mantengono la temperatura dell'acqua costante, evitando sbalzi termici improvvisi e offrendo un'esperienza di utilizzo sicura, fluida e affidabile.

Our collection of thermostatic mixers represents the perfect blend of technology, functionality, and style. Designed to ensure maximum comfort in everyday use, these mixers maintain a constant water temperature, preventing sudden thermal fluctuations and offering a safe, smooth, and reliable user experience.

progressive mixer

FOR SHOWER
design. centro stile DEMM

Un miscelatore nato per rispettare la natura e proteggere l'ambiente. L'apertura dell'erogazione in acqua fredda evita l'accensione della caldaia e l'immissione di anidride nell'ambiente. L'inedito sistema di funzionamento grazie all'utilizzo della cartuccia progressiva, dona equilibrio formale, rispetto dell'ambiente, risparmio energetico, valorizzando l'esperienza nell'ambiente bagno.

A mixer created to respect nature and protect the environment. Opening the cold water supply prevents the boiler from turning on and the release of CO2 into the environment. The new operating system, thanks to the use of the progressive cartridge, gives formal balance, respect for the environment, energy saving, enhancing the experience in the bathroom environment.

Air System

DEMM rubinetteria vuole rendere ancora piu' confortevole la vostra doccia e contemporaneamente aiutarvi nel risparmio energetico. AIR SISTEM GENERATION permette, se lo si desidera, di risparmiare fino al 35% di acqua facendo miscelare aria all'acqua tramite l'effetto Venturi. AIR SISTEM GENERATION e' azionabile manualmente ruotando la manopola sopra il soffione e puo' essere escluso in ogni momento se si desidera avere una portata d'acqua maggiore.

DEMM rubinetteria renders your shower even more comfortable while at the same time saving you energy. If desired, AIR SYSTEM GENERATION DEMM allows water saving of up to 35% by mixing air and water employing the Venturi effect. AIR SYSTEM GENERATION DEMM can be manually activated by turning the knob on the top of the shower head. The system can be de-activated at any time should you require maximum water flow.

Saving Water 35%

AIR SYSTEM

Propotional Valve

I nostri soffioni sono dotati di un sistema self-cleaning, limitatore di portata e guarnizione filtro ad incastro anti-caduta, già installati nel prodotto. **Quando gli ugelli si ostruiscono**, si genera una contropressione interna. In quel momento, **la Proportional valve si attiva, facendo defluire l'acqua dalla parte superiore** del soffione e costringendo l'utente a effettuare la manutenzione ordinaria. Dopo la pulizia e il ripristino della valvola, il soffione torna alle condizioni ottimali di funzionamento.

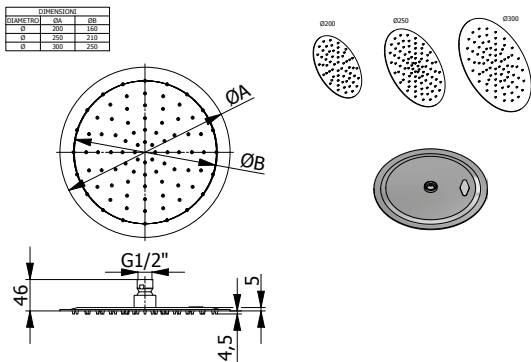

Our shower heads are equipped with a self-cleaning system, a flow restrictor, and a snap-in anti-fall filter gasket, all pre-installed in the product. **When the nozzles become clogged**, internal backpressure builds up. At that moment, **the Proportional Valve activates, allowing water to flow out from the top of the shower head** and prompting the user to perform regular maintenance. After cleaning and resetting the valve, the shower head returns to optimal operating conditions.

Water profiling membrane

DEMM technical department

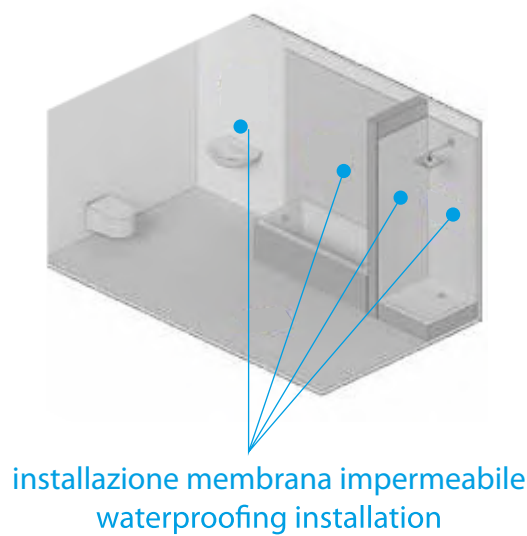

Membrana impermeabile a tre strati progettata per proteggere le pareti nelle installazioni di piastrelle, prevenendo danni causati da microfessurazioni del supporto e migrazione dell’umidità, e garantendo maggiore durata e stabilità al rivestimento.

Applicata sotto piastrelle in ceramica e pietra naturale, crea una barriera efficace contro l’acqua assicurando un’impermeabilizzazione affidabile e duratura.

Indicata per ambienti soggetti a elevata umidità o contatto frequente con l’acqua, come bagni, cucine, docce e aree umide pubbliche e residenziali.

Three-layer waterproof membrane designed to protect walls in tile installations, preventing damage caused by substrate micro-cracks and moisture migration, while ensuring greater durability and stability of the covering. Applied under ceramic tiles and natural stone, it creates an effective barrier against water, ensuring reliable and long-lasting waterproofing.

Suitable for areas exposed to high humidity or frequent contact with water, such as bathrooms, kitchens, showers, and wet areas in both public and residential environments.

Description	Previous material for sealing corners.
Material composition:	Substrate: Two outer layers of polypropylene non-woven Coating: Thermoplastic elastomer, resistant to ageing
Colour:	Dark grey <i>(Other colours in accordance to RAL upon request)</i>
Total width:	500mm <i>(Additional widths upon request)</i>
Total thickness <i>(approx):</i>	1,0 mm
Material weight <i>(approx):</i>	257g/m
Resistance to temperature: min. / max.	30°C / + 90°C
Length per roll:	50 metres <i>(Alternative make ups upon request)</i>

Physical Properties: <i>(approx.)</i>	DIN	Value
Burst pressure: max.	Internal	2,0 bar
Breaking load longitudinal	DIN EN ISO 527-3	123 N / 15 mm
Breaking load lateral	DIN EN ISO 527-3	25 N / 15 mm
Extension break longitudinal	DIN EN ISO 527-3	63 %
Extension break lateral	DIN EN ISO 527-3	286 %
Power absorption at 25% Elasticity lateral	DIN EN ISO 527-3	0,56 N / mm
Power absorption at 50% Elasticity lateral	DIN EN ISO 527-3	0,65 N / mm
Resistance to water pressure	DIN EN 1928 (Version B)	> 1,5 bar
UV-Resistance: min.	DIN EN ISO 4892-2	500 h

Chemical Properties:	Resistance after storage over 7 days by room temperature in following chemicals	+ = resistant 0 = weakened - = non resistant
Hydrochloric acid 3%	Internal	+
Sulphuric acid 35%	Internal	+
Citric acid 100g/l	Internal	+
Lactic acid 5%	Internal	+
Potassium hydroxide 3% / 20%	Internal	+ / +
Sodium hypochlorite 0,3g/l	Internal	+
Salt water (20g/l Sea water salt)	Internal	+

Certified according to DIN EN ISO 9001: 2008 MADE IN EUROPE

condizioni generali di vendita

Con il riferimento dell’ordine il Cliente accetta pienamente e tacitamente tutte le nostre condizioni di vendita e di consegna sotto-stanti:

PREZZI –I prezzi si intendono per merce resa franco nostro stabilimento Marmentino. I prezzi dei nostri listini sono soggetti a variazioni e non sono impegnativi. Ogni ordine comunque conferito potr essere ritenuto valido solo se da noi accettato mediante conferma d’ordine.

PAGAMENTI –I termini di pagamento specifici in fattura si intendono tassativi: ogni variazione, che non sia stata preventivamente ed espressamente pattuita, verr respinta. Sono liberatori solo i pagamenti delle fatture eseguiti al nostro domicilio di Marmenti-no salvo accordi speciali di pagamenti a termine. Il ritardato pagamento delle forniture dar luogo all’addebito degli interessi bancari. Al verificarsi di pagamenti non eseguiti nei termini convenuti nostra facolt sospendere le consegne e gli eventuali ordini gi accettati. Si precisa che nessun pagamento potr essere differito in caso di contestazione.

TERMINI CONSEGNA –I tempi di consegna si intendono approssimativi e non impegnativi essendo essi vincolati alle possibilit del momento. La mancata osservanza da parte nostra dei termini di consegna conseguente a carenze di materie prime, avarie del macchinario, scioperi, interruzione o ritardi nei trasporti.

TRASPORTO –La merce viaggia a rischio e pericolo del committente, anche se la spedizione effettuata in porto franco, l’Azienda declina ogni responsabilit per ritardi, guasti, avarie, rotture, ammanchi che si verificassero durante il trasporto. Spetta al com-mittente presentare eventuali reclami al trasportatore, anche se questo stato scelto dalla DEMM RUBINETTERIA, che si riserva al facolt di addebitare al Cliente gli oneri aggiuntivi alpuro costo del trasporto (es. soste, operazioni di scarico particolari, ecc.)e-ventualmente corrisposti al vettore.

RESPONSABILIT –Tutti i nostri articoli sono accuratamente provati e controllati. La nostra responsabilit sulla qualit del mate-riale si limita, previa nostra autorizzazione, ad accettare il reso, in porto franco, di pezzi riscontrati difettosi per disporre la sostit-uzione, senza essere tenuti a corrispondere alcun indennizzo. Non possiamo inoltre accettare alcuna responsabilit ove i mate-riali da noi forniti risultassero manomessi. Si esclude qualsiasi tipo di risarcimento per danni diretti o indiretti causati dalla posa in opera di materiale difettoso. fatto assolutamente divieto agli acquirenti di effettuare qualsiasi lavorazione ulteriore sui prodotti di nostra produzione. Non riceveremo merce in restituzione se non sar da noi autorizzata. Le illustrazioni dei nostri cataloghi e depliant hanno lo scopo di dimostrare e rappresentare i singoli articoli e non costituiscono quindi obbligo di fedele esecuzione. DEMM RUBINETTERIA si riserva la facolt di effettuare cambiamenti alle caratteristiche tecniche ed estetiche del prodotto senza alcun preavviso. Pertanto non ci assumiamo alcuna responsabilit in ordine a quanto sopra e conseguentemente non riconosceremo richieste per danni di qualsiasi specie.

RECLAMI –Non si accettano reclami dopo dieci giorni dal ricevimento della merce che, trascorso tale termine si intende definiti-vamente accettata e regolare. Per qualsiasi contestazione sempre solo competente l’autorit giudiziaria di Brescia anche se gli ordini siano stati rimessi altrove. Non hanno alcun valore e non vengono da noi riconosciute, dichiarazioni, impegnative o garan-zie di sorta assunte dai nostri dipendenti, agenti o rappresentanti, che non risultano dalle presenti condizioni generali di vendita o da atti ufficialmente sottoscritti dalla Societ . La merce consegnata rimandi riservato dominio della Fornitrice fino all’avvenuto paga-mento.

GESTIONE RESI –Tutti i possibili resi devono essere preventivamente concordati col nostro ufficio commerciale, quindi non verran-no accettati resi non preventivamente concordati. I resi per errata ordinazione verranno accettati di ritorno con un addebito del 20% sul prezzo di acquisto. Vi preghiamo di inscatolare il materiale difettoso in modo adeguato, affinch non si rovini durante il trasporto. Vi chiediamo inoltre di indicare sul documento di reso il riferimento alla nostra fattura, nostro codice articolo, e motivo del reso.

GARANZIA –I prodotti DEMM RUBINETTERIA, rigorosamente collaudati e provati prima di essere posti in vendita, sono garantiti da difetti di fabbricazione per un periodo di 5 anni. La garanzia include: a)Difetti di fusione, porosit e di cromatura; b)La riparazio-ne o la sostituzione del pezzo riscontrato difettoso dopo la verifica dei nostri tecnici e dietro presentazione del tagliando di controllo, a comprova della data di acquisto. La garanzia decade nel caso si riscontrino: a)Riparazioni e manutenzioni effettuate in modo non idoneo e senza preventiva autorizzazione dell’Azienda; b)Utilizzo della rubinetteria in modo non corretto; c)Deterio-ramento della rubinetteria imputabile ad installazione effettuata in modo non corretto; d)Deterioramento delle superfici con finiture diverse da quelle cromate. La loro durata infatti subordinata alla cura ed alla delicatezza d’uso da parte dell’utente; e) Deterioramento delle superfici cromate dovuto all’uso di prodotti per la pulizia contenenti acidi o sostanze abrasive, pertanto la ditta DEMM RUBINETTERIA raccomanda vivamente di pulire tutte le superfici con acqua e sapone, utilizzando un panno morbido.

general sales terms

Upon placement of the order, the Client fully and tacitly accepts all our sales and delivery terms as set out below.

PRICES –Prices are determined ex-works in Marmentino. Prices in our lists are subject to variation and are not binding. Any order placed will be deemed valid only if accepted by us through an order confirmation.

PAYMENTS – The payment terms specified on the invoice are intended incontrovertible: variations, not expressly stipulated in advance, will be rejected. Payments of invoices are redeeming only if made to our address in Marmentino, unless special agree-ments have been made for payments by instalments. Delay in payment for supplies will lead to bank interest charges. In the even that payments are not made within the agreed terms, we will have power to suspend deliveries and any already accepted order. It is specified that, in case of dispute, no payment can be deferred.

DELIVERY TERMS –Delivery terms are intended approximate and not binding since they are tied to circumstantial events. Com-pliance of delivery terms on our part is dependent on availability of raw materials, malfunctions in manufacturing equipment, strikes, interruptions or delays in transportation.

TRANSPORT ATION –Goods travel at the customer’s own risk and danger, even in the event of an ex-works delivery. The company declines any responsibility for; delays, breakdowns, damage to the goods in transit, breakages or shortages that occur during transportation. It is the customers responsibility to present any possible transportation complaint directly to the Carrier, even when the Carrier has been chosen by DEMM RUBINETTERIA, who reserve the right to charge the customer with any additional costs arising purely from transportation issues. (i.e.: unscheduled stops, Carrier loading/unloading operations etc.)

RESPONSIBILITY –All finished items and components are accurately tested and checked by DEMM RUBINETTERIA. Our respon-sibility for the quality of finished units and components is limited to ex-works and we can accept returnedi tems upon our authori-sation only, which are shown to be defective, when we will substitute them without recourse to additional compensation. Further-more we cannot accept responsibility or pay compensation for materials supplied by us that have been tampered with. No com-pensation will be considered for damage caused by faulty installation or use of associated defective materials. DEMM RUBINET-TERIA will, under absolutely no circumstance, acceptany responsibility for modifications carried out on our products following shipment from our factory. Illustrations contained in our catalogues serveonly to represent individual products and do not consti-tute an obligationto supply precise replicas.

COMPLAINTS –No complaint will be accepted later than ten days after receipt of the goods, after which period the goods will be considered asdefinitely accepted and fulfilling the order. The only court competent to adjudicate in matters of complaint will be the Court of Brescia and all suchcases must be submitted to that court, even if the orders have been placed outside the region of Brescia. Declarations, demands or guarantees of any sort proposed by our employees, agents or representatives that do not appear in these General Sales Terms or in the documents officially undersigned by the company will have no value and will not be recognised by us.The goods delivered will remain the property of DEMM RUBINETTERIA until payment has been made for them.

RETURNING GOODS –All goods for return must receive prior agreement from our commercial office, otherwise we cannot accept such goods,otherwise we cannot accept such returned items. Customers returning goods due to mistaken orders will be charged 20% of the order value. We request that you carefully repack any goods you wish to return in order to avoid damage during tran-sport. We also request that you indicate your order invoice number and returned item part codes, along with your reason for returning them on your return note.

WARRANTY –All DEMM RUBINETTERIA products are strictly inspected and tested before sale and are guaranteed against manu-facturing defects for a period of 5 years. The warranty includes: a) Fusion, porosity and chromium plating defects; b) Repair and replacement of defective items after inspection by our technicians and against presentation of the control tag as proof of purcha-se date. This warranty will be void in event that the following is found: a) Improper repair or maintenance carried out without consultation andadvance approval by this company; b) Incorrect use of taps and fittings; c)Deterioration of taps and fittings due to improper installation; d)Deterioration of surfaces and finishes other than chromium plated surfaces. Any plated surface needs to be treated with care and customers areadvised that cleaning with products containing acids or abrasive powders should be avoi-ded. For these reasons DEMM RUBINETTERIA recommends that all plated and polished surfaces be cleaned with water and soap only, using a soft cloth.
