GLEDHOW PRIMARY SCHOOL

Anti-Bullying Policy

Approved by the Governing Body: July 2025

Next due for review by July 2026

Aims

- To ensure all governors, staff, families and children have a full understanding of what is classed as bullying.
- All governors, staff, families and children should know the school policy on bullying and the procedures they must follow
- To ensure all incidents of bullying are dealt with effectively.
- To ensure there is a collective responsibility to deal with and stop bullying.

What is bullying?

At Gledhow bullying is defined as repeated, targeted incidents which are carried out to intentionally cause harm – physically or emotionally to another person or group. If a child, adult, parent or carer uses the word 'bullying' or perceives a child is the victim of bullying then the school will investigate the concern and log this concern on CPOMS. Bullying can occur in a range of ways, these are listed appendix A.

What is not bullying?

Bullying is not a one-off incident. It is a repeated and persistent pattern of behaviour that is persistent and targeted over a short period of time. Unfortunately, many children in school will at some time disagree, argue and fall out with each other. All one-off incidents and mutual conflicts will be dealt with using our Positive Behaviour Policy and will not be logged on CPOMS unless a member of staff has additional concerns.

An example of a one-off incident would be child A has stopped child B from playing a game because they are not good enough to play. Child B has told a lunchtime member of staff that they are being bullied.

Guidance for Parents and Carers

At Gledhow we are committed to provide an inclusive safe and happy community where everyone is valued. All bullying is unacceptable and will not be tolerated. Nobody deserves to be a victim of bullying as it has the potential to cause long term emotional damage. We know that not everyone is able to speak out or show their hurt so if you know someone who is being bullied, please tell us so that we can investigate it and put a stop to it.

Possible signs of bullying

Changes in routines or behaviours	Changes in mood or personality	Physical signs
Worried about walking to or	Becomes:	Possessions damaged or lost
from school	Withdrawn	Unexplained cuts or bruises
Changes usual route to school	Anxious	Stops eating
Unwilling to go to school	Lacking in confidence	
	Cries at night	
	Nightmares	
	Feels ill each morning	
	School work suffers	
	Aggressive	
	Disruptive	
	Unreasonable	
	Frightened to say what is wrong	
	Worried about using internet or	
	phone	
	Nervous or jumpy	

All of these behaviours or changes in behaviour can indicate other problems but bullying should be considered. It is important you do not tell your child to fight back or ignore it. Please instead encourage them to speak to a member of staff they feel comfortable speaking to. If they do not feel able to do this please come in and speak to us yourself.

Anti-Bullying Process and Procedures.

All staff have the responsibility to take bullying seriously and follow the process set out below:

Child discloses incident to an adult / adult observes incident or if a parent/ carer discloses the incident.

This adult to gather information: assure victim this will be taken seriously, speak to all involved.

Record on CPOMS and tag all members of SLT and Learning Mentors.

Inform parents of both victim and perpetrator that there has been an incident, which is being taken very seriously, has been investigated and now passed on to SLT.

DHT to advise on next steps, or delegate this to another member of SLT. Actions could include reflection club visit, Step 5 internal exclusion, fixed term exclusion, meeting with parents, referral to outside agencies.

Class teacher to ensure there is individual/group/class level response to the incident e.g. restorative conversation, specific teaching about issue, circle time, PSHE lesson. Follow up with the victim 'have you felt that this incident has been dealt with and that you have been supported?'

 At Gledhow Primary School there are a number of children with social, emotional, mental health (SEMH) needs which require a personalised approach in these incidents. Please refer to the positive behaviour policy for details on these approaches.

Repeated Bullying behaviour

In some cases, the same child will be reported as using bullying behaviour to the same and/or different individuals or groups. In such cases the school will need to take further action. In the most serious cases of causing harm, injury or offence there is a possibility of exclusion (see positive behaviour policy and exclusion policy).

If this is the case the following will be put in place to minimise the risk of exclusion:

- Meeting with parents and carers to discuss behaviours and underlying need.
- Referral to the inclusion team and possible formal assessment of need.
- Individual Behaviour Policy (IBP) or support plan put in place.
- Support put at the times in the day where there is most need.
- Input from outside agencies such as AIP or Cluster support.
