**Autumn
2024**

Autumn and winter. The best time to plant and planting at this time of year it enables trees to settle in before spring. Allwood has had an excellent growing season and because our site at 913 Shands Road is relatively exposed trees have hardened up to windy conditions.

We have a great range of trees available and the catalogue lists a selection of trees that are available for planting immediately. Not all trees are listed.

Huge Range of Trees – Excellent Value

With approximately 10,000 trees available we can assist with most enquiries. All measurements for trunk caliper and height are minimums for the container size quoted. Prices listed are GST inclusive.

We do not list all available trees in the catalogue so if you are looking for particular trees that are not listed, phone or email your enquiry, and we will respond promptly. The great team here at Allwood can help with almost any tree related matter.

For a description of trees check our website catalogue www.allwood.co.nz.

We can help with:

Delivery and Planting. Allwood Trees have a delivery only, or a delivery and planting service. We are able to assist with advice on suitable trees and shrubs for all sites.

Garden or landscape design. Do you have an upcoming landscape project. Allwood has a soft landscape design service that is cost effective and provides a plant list as part of the service.

Landscape projects. Allwood is able to undertake soft landscape work (lawns, gardens, planting) and can organize construction of decks, fences, pergola's etc. for your landscape project taking the hassle out of organizing and completing your landscape project.

Happy tree planting
