

# VIBRANT

SMART BULBS &  
RECESS TRIM LIGHTS

Vibrant Smart Bulbs and Recessed Trim Lights make it simple to upgrade your lighting without tearing into walls or dealing with a messy remodel. Because everything is wirelessly controlled, you can add beautiful, dynamic lighting to your home with minimal effort and no construction headaches.

## Easy, no mess installation

Wireless control means no new wiring, no drywall work, and no disruption to your home.

## Tunable white light (1800K to 6500K)

Adjust your lighting from warm and cozy to bright and energizing to match the time of day or your mood.

## Color lighting options (select models)

Add soft color accents or bold lighting scenes for entertaining, relaxing, or everyday living.

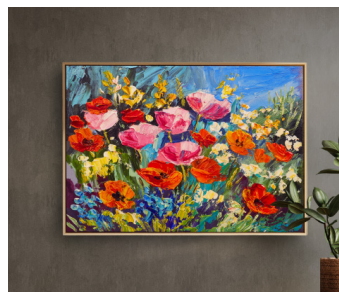

## Fits your existing fixtures

Screw in bulbs work with standard sockets, and recessed trims fit common 4", 5", and 6" cans, making upgrades quick and straightforward.

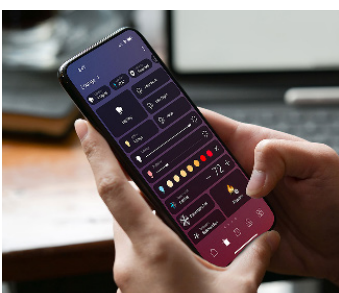

## Smooth dimming down to 1 percent

Clean fade curves and refined scene transitions align with pro lighting expectations.

## Natural looking light

High color quality helps your home, décor, and skin tones look true and vibrant.

## Simple, built in lighting scenes

Enjoy preset options like Energize, Read, and Relax without needing extra setup, plus dim to warm lighting for a softer feel in the evening.

Bring comfortable, dynamic lighting into your home with a solution that is easy to install, easy to use, and designed to fit your lifestyle.

**Note:** Requires Control4 OS 4.2.1 or higher.
