Introduction

ACCESS Allegany is proud to serve Allegany County residents. Yet, we know that your travel needs do not always match our bus schedule.

Whether you are traveling to another county or state, or you need specialized transportation due to medical needs or unforeseen life events, ACCESS Allegany is here to help connect you with alternative transportation options to get you to where you need to go.

Inside this Resource Guide, you will find various transit options that travel beyond Allegany County's borders and/or provide transportation that may be specific to your needs.

ACCESS Allegany does not endorse any of the services listed and this Resource Guide is simply a tool for you to use when ACCESS Allegany cannot meet your travel needs.
