

ADRIOT SERVICES LTD - 'SAFE IN YOUR HOME'

WHAT IS 'SAFE IN YOUR HOME'

The past year has changed the way in which we all function on a day to day basis.

We appreciate that you may have concerns & reservations about allowing our surveyors & engineers into your home. Here at **Adriot Services Limited** as a **Worcester Accredited Installer**, we work to the guidelines to ensure that we take every step possible to demonstrate a safe and secure environment for both our staff & customers.

ADROIT
SERVICES LIMITED
PLUMBING & HEATING

WHAT DOES THIS MEAN FOR YOU?

The UK's leading boiler brand **Worcester Bosch** have created guidelines and communication tools which are designed to help installers demonstrate that a safe and secure environment is their focus for any boiler installation and maintenance.

With this you can now have **complete peace of mind** that they are doing everything they can to keep you and themselves safe.

OUR PROTOCOLS

Before we start any work in your home, we will do a risk assessment to maximise safety for all involved. Throughout our engineers will adhere to strict social distancing and at all times ensure that they have appropriate PPE.

We will wash our hands using our own hand wash, soap & sanitiser. Additionally, there will be frequent cleaning of objects and surfaces that are touched regularly, using our usual cleaning products.
