Print to the Edge

Available in: **WePrint**

<https://www.avery.com/templates>

**NO need for any
software on your
computer! Avery.com
option is easy to use.**

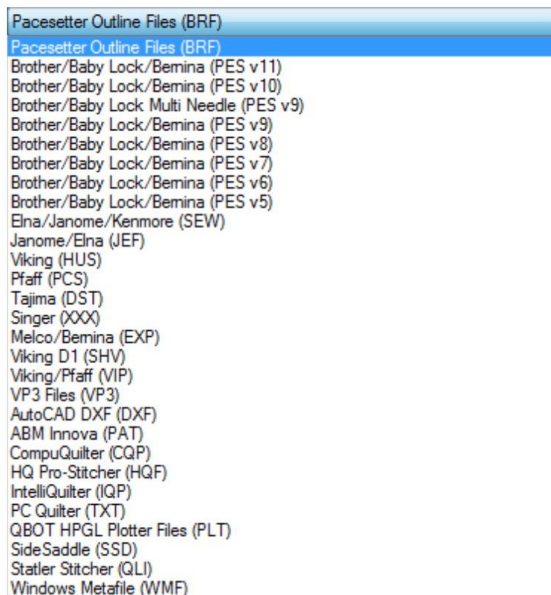

Tips:

- Use high quality washable printable fabric available at ALKO.
- Consider printing coordinating hang tags for items you want to sell.
- Add your own images or use imported graphics and logos.

DESIGN WITH SOFTWARE

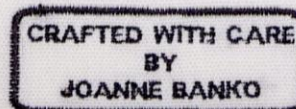

**“Save As” file formats available
in the Brother
BES Blue Edition Software**

Tips:

- Search your software for “small” fonts
- Use smooth medium weight cotton
- Add a satin frame for a finish
- Stitch with 60 weight thread and consider black bobbin thread
- Use your “sticky” hoop and your non-stick needle
- Cut jump threads manually to keep a “neater” backside

6mm to 8mm Fonts

Note:

Tiny fonts in your machine do not include underlay

Print or Embroidery then cut. Pinking rotary blade or pinking shears make an easy edge finish.
