STUDENT PROTECTION PROCESSES

1. Introduction: Governance Framework

These processes have been developed by the Catholic Education Queensland Limited (CEQL), in consultation with Catholic School Authorities (CSAs), in order to assist CSAs to meet legislative and procedural processes for responding to, and reporting, abuse, harm and behaviour of a staff member that a student considers is inappropriate.

Nothing that is written in these processes below prevents a staff member or any other person from taking immediate action to notify Queensland Police Service and/or the Department of Children, Youth Justice, and Multicultural Affairs, particularly if he/she believes that it is essential to act to ensure a student's safety.

Effective Date

These processes are effective from 01 October 2022. This has been reviewed December 2025.

Review Schedule

These processes shall be reviewed every 2 years, or when necessary, as required by changes to legislation, policy, or procedure.

The Governing Body (Board Chair)

The Governing Body is the Downlands College (College) Board.

The Chair of the College Board is Mrs Julie Raitelli – jrait1@eq.edu.au

Delegation

Pursuant to section 366B of the *Education (General Provisions) Act 2006*, the College Board has delegated to the person performing the duties of Board Chair obligations under sections 366 and 366A of the *Education (General Provisions) Act 2006* and more particularly the obligations of the Board Chair of a non-State school's governing body of receiving a report and giving a copy of the report to a police officer.

Student Protection Contacts

Under the *Education (Accreditation of Non-State Schools) Regulation 2017* (section 16(3)), Downlands College, administered by the Downlands College Board has nominated staff members to whom a student can report behaviour of another staff member that the student considers inappropriate. The names of these Student Protection Contacts are made known to staff, students and parents.

The names/positions/contact details of these staff members are published on the College website and published on [Student Protection Posters](#) throughout the College.

When a Student Protection Contact receives concerns relating to harm to a student or risk of harm to a student, they must inform the Principal (or if the Principal is involved in the allegations, the Chair of the College Board).

Complaints Procedure

Under the *Education (Accreditation of Non-State Schools) Regulation 2017* (section 16(5)), Downlands College administered by the Downlands College Board has a [written complaints procedure](#) to address allegations of non-compliance with student protection processes. Information about the complaint's procedure is readily available from the [College website](#).

Awareness and Implementation

If staff members, volunteers, parents/carers, or students require further information in relation to any of the processes described in this document, and/or other student protection compliance requirements, advice should be obtained from the Principal or the [College's Student Protection Contacts](#).

Downlands College is responsible for ensuring the implementation and dissemination of the Student Protection Processes (SPP) in line with *Section 16(4) Education (Accreditation of Non-State Schools) Regulation 2017*. All staff, students, parents/carers, volunteers, and contractors are made aware of the SPP, and have access to the SPP.

These are achieved by:

- Making staff members, students, and parents aware of the student protection processes at student enrolment, and through staff induction.
- Providing annual training for all staff, highlighting accessibility of the Student Protection Processes – for example online via the school intranet, College website and in hard copy located at the College Reception and Main Staff Room at the school.
- Provide training for new staff entering the College including co-curricular coaches and volunteers.
- Staff are trained face to face through the use of presentations (Ref: 2021 Diocese of Toowoomba Catholic Schools Student Protection Training Package) including the following Student Protection video “It’s ok to speak up” (Ref: Toowoomba Catholic Schools Student Protection Training Website) and including the following Student Protection information [video](#).
- Annual training for the College Board Members.
- Information for parents and carers via the College Newsletters regarding Student Protection Procedures.
- Information for parents and carers regarding our processes via parent engagement evenings.

- Student Protection Contact posters displayed throughout the college classrooms and other areas of significance (Boarding Houses, Dining Room, and Health Centre).
- Student education and awareness provided through the Personal Development program.

This document should be read in conjunction with the *Student Protection Guidelines* and the *Children and Youth Risk Management Strategy*.

2. Our Responsibilities

Downlands College is committed to creating and maintaining safe environments for students. This document sets out the responsibilities and processes for all staff members and the process for a student reporting inappropriate conduct of a staff member. The document also provides guidance and information for volunteers, other personnel, and parents/carers where they have a concern for the protection of a student. This document specifies:

Processes for reporting sexual abuse or suspected sexual abuse of students in accordance with the <i>Education (General Provisions) Act 2006</i> .	
Processes for reporting and responding to harm or risk of harm to students, including physical, psychological, emotional or sexual abuse and neglect in accordance with the <i>Child Protection Act 1999</i> .	
Processes for reporting a child sexual offence in accordance with the <i>Criminal Code Act 1899</i> .	
Processes for responding to allegations of harm to students caused by students themselves or others in accordance with section 16(1) of the <i>Education (Accreditation of Non-State Schools) Regulation 2017</i> .	
Processes for a student to report inappropriate conduct of a staff member in accordance with section 16 (2) of the <i>Education (Accreditation of Non-State Schools) Regulation 2017</i> .	
Processes for responding to alleged staff inappropriate behaviour (SIB) towards a student in accordance with section 16 (2) of the <i>Education (Accreditation of Non-State Schools) Regulation 2017</i> .	

All Catholic schools are bound by a range of legislation that sets out our responsibilities for the safety and wellbeing of children and young people. [Appendix 2](#) provides more detailed information about the relevant legislation.

Fundamentally, it is the responsibility of each member of staff and other personnel, to prioritise the safety and wellbeing of every student. This includes responding to any reasonable suspicion that a child has suffered, is suffering or is at unacceptable risk of suffering harm caused by abuse and/or neglect including sexual abuse, sexual offences and alleged inappropriate behaviour by a staff member towards a student. The following definitions are used to cover the breadth of harm that is captured in the different legislation as per [Appendix 2](#):

As per the *Child Protection Act 1999* s.9 defines harm as:

- (1) Harm to a child is any detrimental effect of a significant nature on the child's physical, psychological, or emotional wellbeing
- (2) It is immaterial how the harm is caused
- (3) Harm can be caused by –
 - a) physical, psychological, or emotional abuse or neglect; or
 - b) sexual abuse or exploitation.
- (4) Harm can be caused by—
 - a) a single act, omission or circumstance; or
 - b) a series or combination of acts, omissions or circumstances.

The *Education (General Provisions) Act 2006* s364 defines sexual abuse as:

sexual abuse, in relation to a relevant person, includes sexual behaviour involving the relevant person and another person in the following circumstances—

- (a) the other person bribes, coerces, exploits, threatens or is violent toward the relevant person;
- (b) the relevant person has less power than the other person;
- (c) there is a significant disparity between the relevant person and the other person in intellectual capacity or maturity.

For further information see [Section 4 Student Protection Guidelines](#)

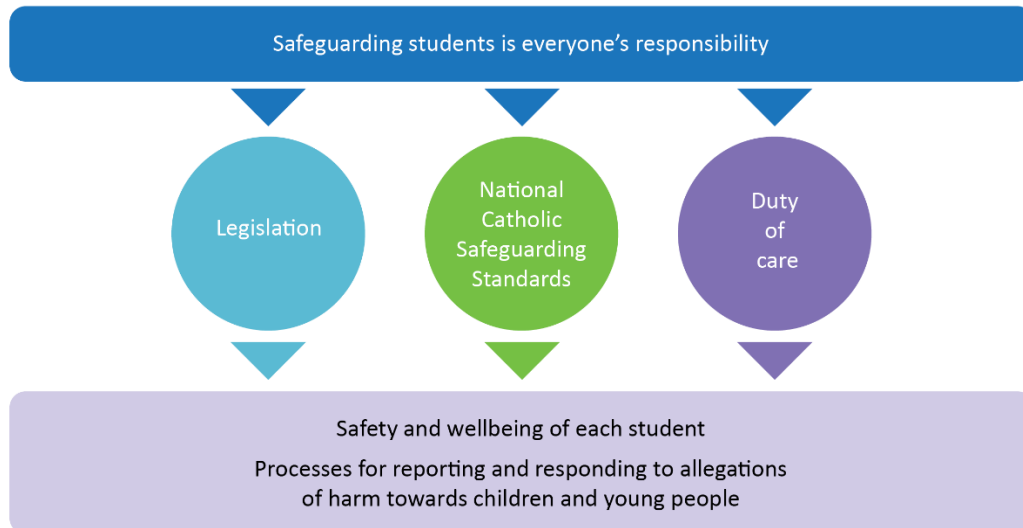

Processes for how the College will respond to harm, or allegations of harm, to students;

- A process for the reporting by a student to a stated staff member of behaviour of another staff member that the student considers is inappropriate;
- A process for how the information reported to the stated staff member must be dealt with by the stated staff member;
- A process for reporting sexual abuse or suspected sexual abuse in compliance with the *Education (General Provisions) Act 2006*, section 366; and a suspicion of likely sexual abuse in compliance with the *Education (General Provisions) Act 2006*, section 366A; and
- A process for reporting a reportable suspicion under the *Child Protection Act 1999*, section 13E. These processes apply to all staff members employed by the College.

Failure to report and respond can be both an offence under the relevant legislation and may constitute a breach of the Code of Conduct of Downlands College. Failure to report and act is not acceptable, it is **everyone's** responsibility to prioritise the safety and wellbeing of children and young people.

The reporting processes for any allegations of abuse, harm or alleged staff inappropriate behaviour towards a student are set out in this document.

The regulatory framework includes the relevant legislation, the National Catholic Safeguarding Standards which have been developed and adopted by the Catholic Church in Australia to support the creation of a child safe environment, and the associated duty of care of staff. This is visualised below:

3. Reporting Framework

This section summarises the actions required if any person who is part of the school community either in a paid or voluntary capacity has concerns or suspicions of:

- a) abuse and harm to a student; and
- b) alleged staff inappropriate behaviour towards a student.

College staff have specific mandatory reporting obligations pursuant to different pieces of legislation. The different legislative mandatory reporting obligations and processes are detailed at section 4 of this document.

3.1 Who is responsible for identifying and responding to allegations of abuse, harm, or alleged staff inappropriate behaviour towards a student?

The Student Protection Processes are relevant to any person who is part of the school community either in a paid or voluntary capacity. This includes but is not limited to the following personnel:

- Teachers
- Principal and College Executive Staff
- All staff
- Contractors who provide services to Downlands College
- Volunteers
- Students on practicums
- Visitors to the College community

Staff members have a mandatory responsibility for **reporting**.

Other stakeholders, that is, volunteers, other personnel and parents/carers who identify concerns or suspicions of abuse, harm or and alleged staff inappropriate behaviour towards a student, are responsible for conferring with the appropriate personnel, as outlined in this document.

Definitions of terminology

Downlands College uses the following descriptors as specified in the relevant legislation.

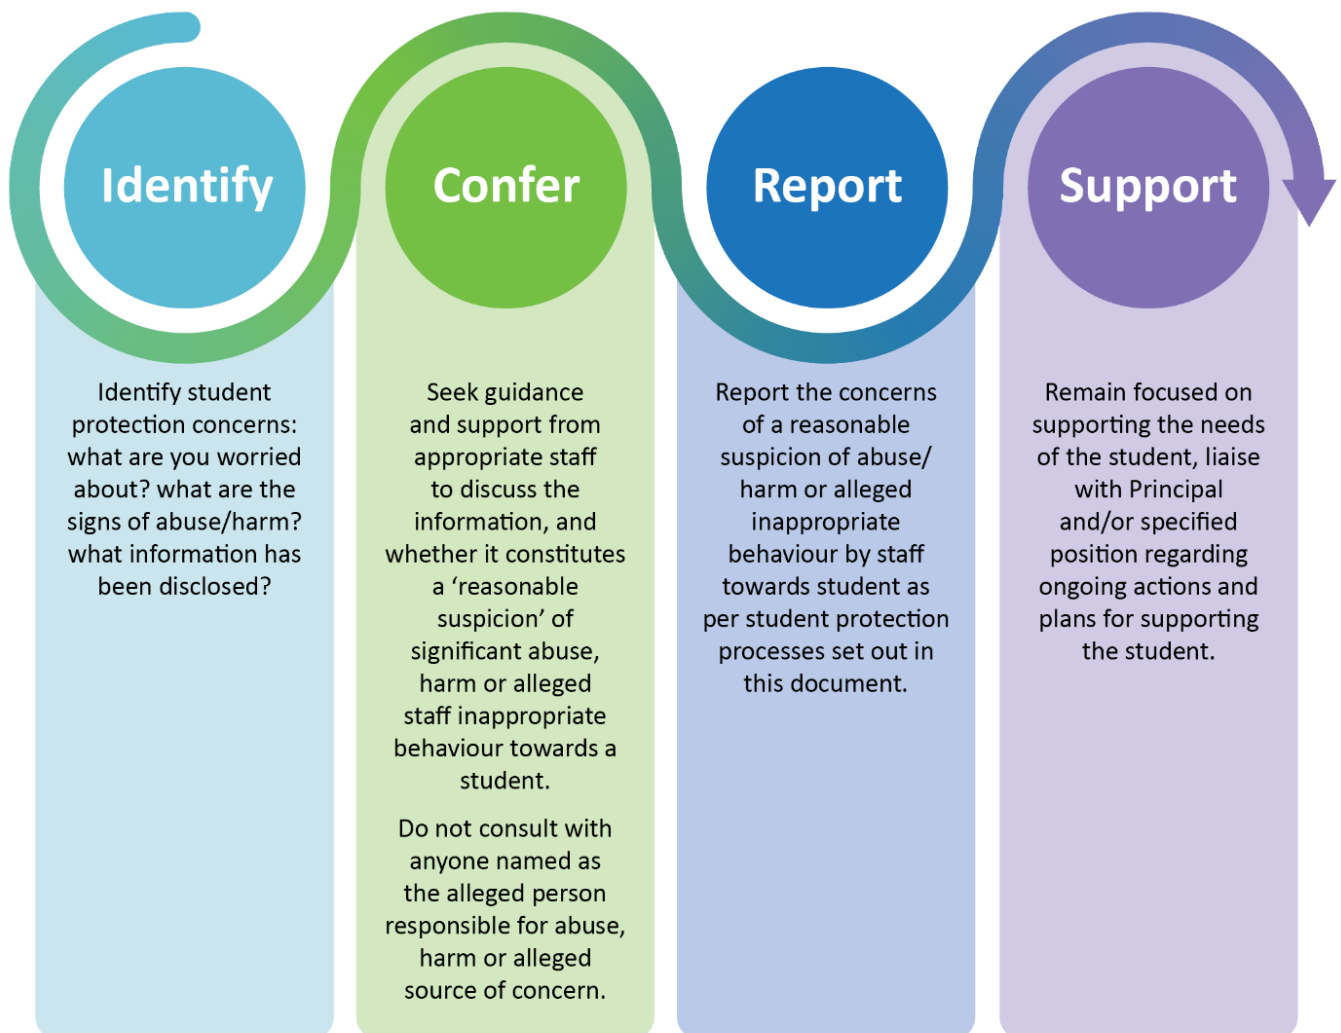

First Person

This document uses the term **First Person** to refer to the staff member who first becomes aware of or reasonably suspects alleged abuse, harm, or alleged staff inappropriate behaviour towards a student, this includes seeing and/or hearing about alleged abuse, harm or alleged staff inappropriate behaviour towards a student.

3.2 Framework for responding

The Framework for responding to and reporting student protection concerns involves four steps: Identify, Confer, Report, Support (ICRS). This Framework is explained below and is referred to throughout this document.

Flowchart 1: Framework for responding to protection concerns

3.3 Identify

Any person who is part of the College community either in a paid or voluntary capacity is responsible for identifying student protection concerns.

Identifying concerns includes becoming aware of, recognising, seeing, or receiving information. This includes:

- Recognising the signs of abuse, harm, neglect, or alleged staff inappropriate behaviour towards a student.
- Seeing or hearing something concerning.
- Receiving information from students, staff, parents/carers, or other community members about allegations of abuse, harm, or alleged staff inappropriate behaviour towards a student.

When in doubt, always confer with the Principal and/Student Protection Contacts.

- [Section 4 Student Protection Guidelines](#)
- [See also FAQ](#)

3.4 Confer

3.4.1 What is conferring?

- Conferring means formally consulting with appropriate colleagues, for example Principal or Student Protection Contacts, to discuss and establish whether the information received may constitute a '[reasonable suspicion](#)' of abuse, harm, or alleged staff inappropriate behaviour towards a student.
- Conferral is an opportunity to discuss and seek guidance about the concerns and agree on actions.
- Agreed actions and decisions must always be documented. This includes:
 - whether a 'reasonable suspicion' is identified resulting in the need to report; or
 - where the information does not constitute a 'reasonable suspicion', what, if any follow up support is required.

3.4.2 Why confer?

- Engaging in appropriate consultation to seek more information or guidance can:
 - inform responses and assist with the rigour of the decision making;
 - identify contextual factors/information that may not otherwise be known. For example, the Principal may have relevant information about a family;
 - aid in deciding whether a 'reasonable suspicion' of harm has occurred to support the decision to report;
 - assist in identifying if there is a parent who may be 'willing and able' to protect the student in the case of harm;
 - support staff in making a decision and help minimise psychosocial risks to staff; and
 - facilitate the best possible safety and support response for a student.
- Conferral is not reporting, nor is it investigating, it is a support to aid in deciding whether a 'reasonable suspicion' of harm has occurred under legislative requirements.

3.4.3 Who do I confer with?

- Conferral with the Principal is always recommended. Conferral with Student Protection Contacts is also always recommended. The exception is if the Principal or Student Protection Contacts is identified as the alleged person responsible for the harm or abuse or if they are involved in the allegations. Conferral can also include conferral with the Department of Child Safety, Seniors and Disability Services (Child Safety), Queensland Police Service or Child and Family Connect. However, wherever possible the Principal and Student Protection Contacts should be conferred with first.
- Conferral may happen immediately upon becoming aware of, or reasonably suspecting, harm to a student so that reporting is not delayed and there can be an appropriate response to the concerns.
- Conferral must not occur with anyone allegedly involved in the concerns to maintain safety of the student and avoid conflicts of interest and bias.
- The First Persons/reporters must **never notify** the person alleged to have caused the abuse or harm.
- Conferral does not replace the First Person's responsibility to report and respond to the harm.

3.4.4 How do I maintain confidentiality?

- Confidentiality is a crucial element of conferral processes. Information sharing should consider:
 - *The appropriateness of the person* you wish to confer with and their role, i.e., Student Protection Contact and/or Principal. This person must not be involved as a subject of concern.
 - *Limiting what information is shared to the extent necessary.* Consider what information will help respond to the immediate safety and well-being of a student without having to disclose too much personal information.
 - *Focusing on the purpose of the conferral*, i.e., to support decision making about whether there is a reasonable suspicion of abuse, harm or alleged inappropriate staff behaviour that should be reported.

3.4.5 If I confer do I still need to report?

Yes. Conferring does not replace the legal obligations to report. Conferring is a process to support and assist in making a decision if there is a reasonable suspicion of harm or risk of harm or alleged staff inappropriate behaviour. If the answer is **yes**, you must follow the processes as detailed in these Student Protection Processes.

Maintaining the safety of the student is the primary concern

3.5 Report

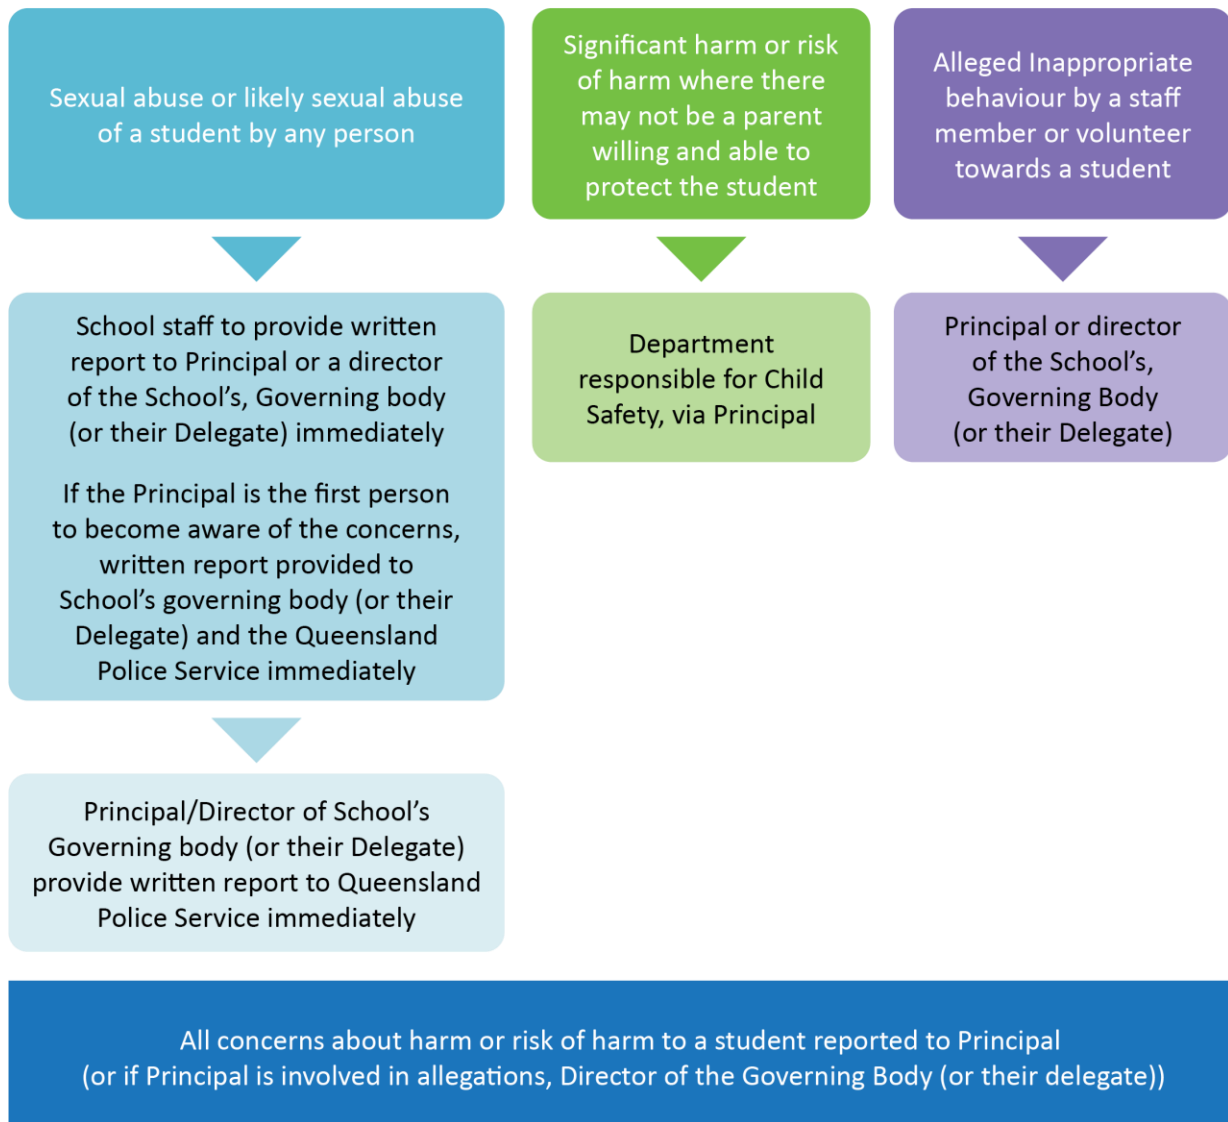

All Downlands College staff have specific mandatory reporting obligations pursuant to different pieces of legislation. The different legislative mandatory reporting obligations and processes are detailed in full at section 4 of this document.

It is the responsibility of **all staff** members employed by Catholic Education and all personnel on Catholic Education sites as identified in this document to report concerns of harm or risk of harm or alleged staff inappropriate behaviour towards a student.

Our obligations include adherence to:

- Section 13E [Child Protection Act 1999](#)
- Sections 16(1) and (2) of the [Education \(Accreditation of Non-State Schools\) Regulation 2017](#)
- Any concerns about sexual abuse or likely sexual abuse are reported to the Queensland Police Service in accordance with Sections 366 and 366A of the [Education \(General Provisions\) Act 2006](#).
- Section 229BC of the [Criminal Code Act 1899](#) requires that any adult report concerns about sexual offending against a child by another adult to the Queensland Police Service and take action to protect a child from a sexual offence.
- A report under the *Criminal Code Act 1899* is only required if a matter has not already been reported under the *Education (General Provisions) Act 2006* (reporting sexual abuse or likely sexual abuse) or the *Child Protection Act 1999* (reporting of significant harm/risk of significant harm where there may not be a parent able and willing to protect).

Flowchart 2: Reporting process for allegations of abuse, harm, or alleged staff inappropriate behaviour towards a student

3.5.1 What does report mean?

- Reporting is the act of providing a written report to an appropriate person or authority about concerns of harm to a student.
- College staff have specific mandatory reporting obligations pursuant to different pieces of legislation. The obligations differ with respect to the kind of harm the student may be at risk of or subject to. These obligations are set out at section 4 of this document.
- An allegation of harm may result in more than one reporting obligation being triggered. Where this is the case, multiple reports may need to be made to satisfy mandatory reporting obligations.

3.5.2 Who is responsible for reporting?

- All school staff have responsibilities to report. For specific information about when a report is required and by who, refer to section 4 of this document.
- The staff member who becomes aware of or reasonably suspects the alleged abuse, harm or inappropriate behaviour is the First Person. The First Person is responsible for immediately reporting concerns to the appropriate person or authority, as per the processes in section 4.
- The First Person may have support in completing the written report from the Principal and/or Student Protection Contact. However, the person who has the legislative responsibility to submit the report must ensure they are personally discharging their legislative obligation by reporting.
- Reporting abuse/harm needs to be prioritised and must not be delayed.
 - To facilitate this, the College will support reporters to ensure all reports are actioned in a timely manner which can include for example, being released from their duties.
- The Principal, Governing Body or delegate must confirm that written reports are being submitted as required by College staff.
- The Governing Body must confirm that written reports are being submitted as required by the Principal.
- Where a school staff member is required to report to the Principal or Governing Body, the Principal or Governing Body should inform the staff member that they have reported the matter to the authorities as required.

3.6 Support

- At all times it is essential to remain focused on the support needs of the student. Key questions to ask include:
 - Have all appropriate steps been taken to secure the student's safety and wellbeing?
 - What support does the student need?
 - Who is best situated to provide this support?
- In the first instance consult with the Principal, and Student Protection Contacts to develop a plan for how to best support the student, including who has responsibility for this.
- Support options can include referral to the College Student Counsellor or organisations such as [Kids Helpline](#) and others, depending on the situation. This should be coordinated through the Principal and Student Protection Contacts.
- Support also includes support provided to the family/carers of the student as appropriate.
- ***Remember the needs of the student remain of paramount importance.***

4. Reporting Requirements

This section outlines the legislative reporting requirements and provides guidance on the process for reporting.

4.1 Key guiding principles

The following key principles guide the reporting process:

- The safety and wellbeing of every child and young person is the paramount concern. Every child has the right to:
 - be protected from harm, abuse, neglect and inappropriate behaviour by staff or other personnel associated with Downlands College towards a student;
 - to dignity, privacy, respect, and safety.
- All members of Downlands College and other personnel:
 - have a duty to care for children and young people; and
 - must take necessary action to protect children and young people from harm.
- Mandatory reporting includes:
 - Reporting of sexual abuse or likely sexual abuse, or suspicion of sexual abuse by all school staff **even if** there is a parent willing and able to protect their child from harm, in line with the *Education (General Provisions) Act 2006* obligations – see section 4.2;
 - reporting of a reasonable suspicion that a child has suffered, is suffering or is at unacceptable risk of suffering, significant harm caused by physical or sexual abuse and the child may not have a parent able and willing to protect them from the harm, – see section 4.3;
 - reporting if adults believe on reasonable grounds, or ought reasonably believe that a child sexual offence is being or has been committed against a child by another adult – see section 4.5; and
 - reporting all concerns about harm to a student or risk of harm to a student to the Principal and / or Student Protection Contacts – see section 4.5.1.
- **All staff** members employed by Catholic Education are obligated to report and follow the processes set out in this document.
- **Urgency** in responding is key.

4.2 Requirement to report sexual abuse or likely sexual abuse to the Queensland Police Service under the *Education (General Provisions) Act 2006*

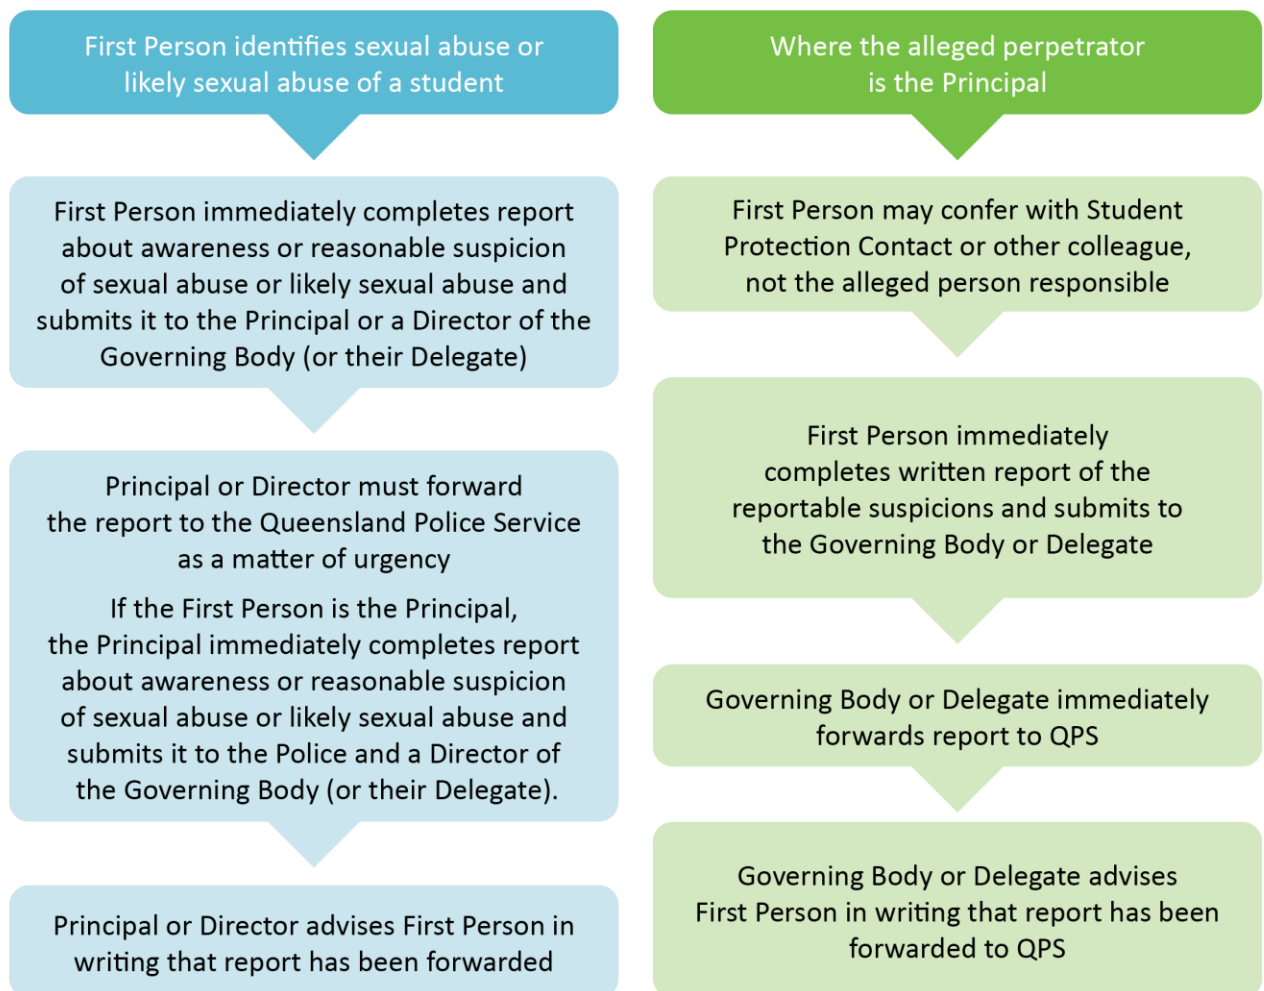

4.2.1 What are our obligations?

- In accordance with sections 366 and 366A of the *Education (General Provisions) Act 2006*, if the First Person becomes aware or reasonably suspects that a student has been sexually abused or is likely to be sexually abused by another person, the first person must immediately give a written report to the principal or director of the governing body who will then report the matter to the Queensland Police Service.
- The First Person has a responsibility to safeguard the child.
- The First Person must follow the reporting requirements set out in this process. This may include conferral with the Principal and or Student Protection Contacts (only if doing so does not result in a report being delayed) and immediate completion of a report.
- Where the First Person is the Principal, the Principal must immediately make a written report to the Queensland Police Service and to the Governing Body (or delegate).

The First Person **cannot** delegate or transfer the reporting requirements to another person. It is the responsibility of the First Person to make the report as per legal requirements. **Remember** the First Person may first confer and seek guidance from appropriate personnel, so long as doing so does not prevent a report from being made immediately as required by legislation.

In relation to awareness or reasonable suspicion of **sexual abuse/reasonable suspicion of likely sexual abuse**, the process for reporting involves:

Flowchart 3: Key steps for reporting awareness or reasonable suspicion of sexual abuse/ reasonable suspicion of likely sexual abuse

Important Note

For the purposes of Downlands College, mandatory reporting of sexual abuse and likely sexual abuse relates to all students irrespective of their age, (i.e., aged 18 and over).

It is the policy of Downlands College **that all** reasonable suspicion that a student has experienced sexual abuse or likely sexual abuse are reported to the Queensland Police in accordance with these processes. This is irrespective of the context, i.e., during the course of the staff member's employment at the school, or in their private capacity outside the school.

4.3 Requirement to report to the Department responsible for Child Safety under the *Child Protection Act 1999*

4.3.1 What are our obligations?

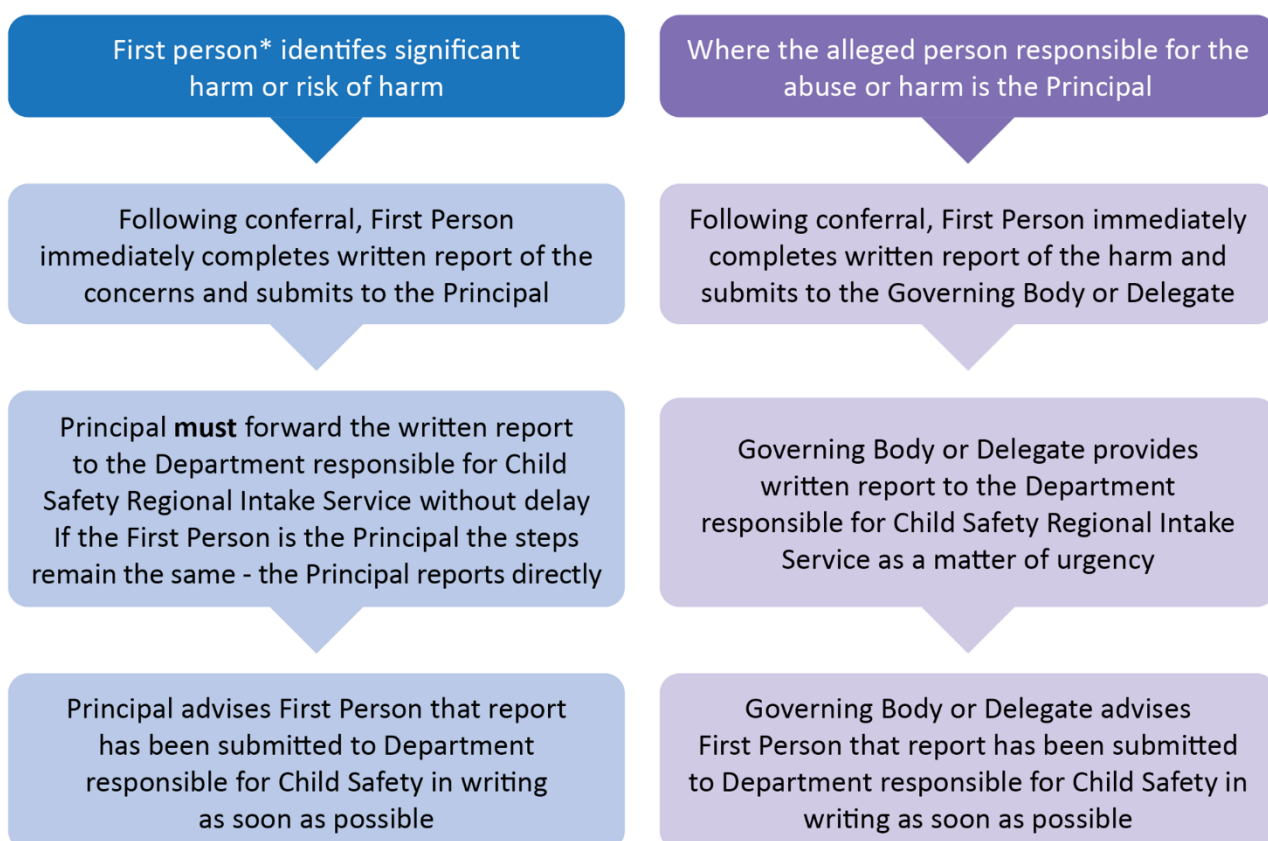

- Section 13E (1) of the *Child Protection Act 1999* identifies teachers, registered nurses, doctors, child advocates under the *Public Guardian Act 2014* and early childhood education and care professionals as **mandatory** reporters. These staff are mandated to submit a report to the Department responsible for Child Safety when they have a reasonable suspicion that a child:
 - Has suffered, is suffering, or is at unacceptable risk of suffering, significant harm caused by physical or sexual abuse; and
 - the child may not have a parent able and willing to protect the child from the harm.
- This brings with it consequences for not fulfilling these obligations. These obligations cannot be delegated or transferred to another person.
- Although the *Child Protection Act 1999* only identifies certain staff as mandatory reporters, Downlands College requires all College staff (including those who are not mandatory reporters under this legislation) to report reasonable suspicions of harm or risk of harm to a student, child, or young person to the Principal and or Student Protection Contacts.
- Further, all College staff have other mandatory reporting responsibilities, as outlined in this document.
- The First Person has a responsibility to safeguard the child and must follow the reporting requirements set out in this document. This may include conferral with the Principal and or Student Protection Contacts and completion of a report.
- It is recommended that the First Person confer with the Principal and/or Student Protection Contact, unless the Principal is involved in the allegations, to help determine if there is a reasonable suspicion that a child may not have a parent able and willing to protect them from the harm or abuse.
- It is recommended that the First Person not make a determination that the child has a parent able and willing to protect them from the harm without consulting the Principal.

Remember: Reporting occurs after the process of identification and conferral

The process for reporting is outlined in flowchart 4 below:

Flowchart 4: Reporting process to Child Safety for significant harm or risk of harm

- First Persons may be mandatory reporters under the legislation or any other Downlands College staff, as the College requires all staff to report significant harm or risk of harm.
- First Persons should make mandatory reports to the Department of Children, Youth Justice, and Multicultural Affairs through their Principal or Board Chair (as described above).
- However, if a person is a mandatory reporter under the *Child Protection Act 1999* (as outlined at 4.3.1), the legislative mandatory reporting obligation remains with them. If the First Person is unable to confirm that the Principal or Board Chair has provided their report to the Department of Children, Youth Justice, and Multicultural Affairs, the First Person must fulfil their legislative responsibilities by report directly to the Department of Child Safety, Seniors and Disability Services.
- First Persons are encouraged to confer with Downlands College Student Protection Contacts for support.
- The First Person must never make a determination that the child has a parent able and willing to protect them from the harm without consulting the Principal.

- The process for submitting reports through the Principal or Governing Body or delegate must at all times ensure that the integrity of the information in the report by the First Person is maintained.

4.4 Requirement to report under the *Criminal Code Act 1899*

- All adults in Queensland (as per s229BC of the *Criminal Code Act 1899*) are required to report a reasonable suspicion of a sexual offence against a child, irrespective of where this occurs. Examples can include but not limited to:
 - A teacher may be coaching netball for a private non-school related team and a disclosure of a sexual offence is made to them.
 - A staff member is made aware through their friendship network of a sexual offence against a child.
- It is a reasonable excuse not to report under s229BC of the *Criminal Code Act 1899* if a report has already been made to Child Safety or the Police in accordance with the *Education (General Provisions) Act 2006* or the *Child Protection Act 1999* as set out above.

Important Note: Failure to protect a student from a child sexual offence

In addition to the requirement to report a child sexual offence, under section 229BB of the *Criminal Code Act 1899* it is a criminal offence for an [Accountable Person](#) to fail to protect a child from a child sexual offence.

A failure to protect offence will be committed if an Accountable Person:

- a) knows there is a significant risk that another adult (the alleged offender) will commit a child sexual offence in relation to a child; and
- b) the alleged offender is associated with the institution (school)
- c) the child is under the care, supervision or control of an institution (the school)
- d) the child is under 16 years old or has an impairment of the mind;
- e) the Accountable Person has the power or responsibility to reduce or remove the risk; and
- f) the Accountable Person wilfully or negligently fails to reduce or remove the risk.

Failing to report sexual abuse also breaches the *Education (General Provisions) Act 2006*, and Catholic Education Authorities' policies and procedures.

4.5 Requirement to respond to all harm, abuse or allegations of harm or abuse

In accordance with legislative requirements, Catholic School Authorities have a responsibility to respond to harm or allegations of harm to a student irrespective of the cause. This section outlines our responsibilities.

4.5.1 Reporting all concerns about harm or risk of harm to a student

A member of Downlands College (including all personnel) who form a reasonable suspicion that a student has suffered or is at risk of harm (that is, sexual, physical, psychological, emotional harm or neglect), or has been subject to inappropriate behaviour, must report the matter to the Principal and/or Student Protection Contacts, so appropriate action can be taken to ensure the wellbeing of the student.

4.5.2 Allegations of harm/risk of harm or inappropriate behaviour by Principal, staff member or other personnel or volunteer

A member of Downlands College who forms a reasonable suspicion that a student has suffered or is at risk of harm (that is, sexual, physical, psychological, emotional harm or neglect), or has been subject to inappropriate behaviour caused by the Principal, staff member or other personnel (including volunteers), has responsibility to follow the processes outlined in this document. It is the responsibility of all personnel to safeguard and protect all students.

In accordance with section 16 (2) of the *Education (Accreditation of Non-State Schools) Regulation 2017*, a school must have a process for the reporting of staff behaviour that a student considers to be inappropriate.

Additionally, the College must have a process to respond to the reported staff inappropriate behaviour.

Inappropriate behaviour by a staff member or other personnel (including volunteers) may occur where there is a violation of professional boundaries. A description of professional boundaries can be found at Section 10 of the [Student Protection Guidelines](#).

Therefore, if a staff member becomes aware of staff behaviour that a student considers to be inappropriate, the staff member must report this behaviour in accordance with the designated processes without delay.

A staff member's failure to report may constitute a breach of the Code of Conduct and disciplinary action may be taken against the staff member.

The following procedures must also be followed:

- Downlands College Complaints Handling Procedure
- Code of Conduct
- Student Protection Guidelines
- Considerations around standing down staff members;
- Processes for consulting with Queensland Police Service around investigation outcomes.

Where a member of Downlands College forms a reasonable suspicion that a student has been harmed or is at risk of being harmed by the College **Principal** the reporting processes detailed in this document must be followed as appropriate.

The following procedures must also be followed:

- Downlands College Complaints Handling Procedure
- Code of Conduct
- Student Protection Guidelines
- Considerations around standing down staff members;
- Processes for consulting with Queensland Police Service around investigation outcomes

Resources:

[Refer also Flowchart 3 and Flowchart 4](#)

Important Note

Sexual activity between staff members and students

*The involvement of **any** Downlands staff member or volunteer in sexual activity with, or sexual exploitation of a student attending the school is **sexual abuse**. This must be immediately reported as per section 4.1*

It is a criminal offence to engage in sexual activity with a child aged 16 to 17 years of age if you are an adult who is in a position of care. This includes teachers, teacher aides, sports coaches and religious leaders. Penalties for this offence are up to 14 years in prison for a single offence and life in prison for repeat offences.

4.5.3 Harm or risk of harm to a student caused by self-harm

All Downlands College staff and other personnel must respond to students who deliberately cause pain or damage to their own body which can be suicidal or non-suicidal in intent. The first priority is the immediate safety of the student. This includes determining if medical attention such as first aid is required and/or an immediate response from emergency services or mental health services is required.

Self-harm can take on different forms and its frequency can vary from student to student. Explanations can be found at 2.5 of the [Student Protection Guidelines](#).

Self-harm is normally a sign that a student is feeling intense emotional pain and distress. Therefore, self-harming behaviour by a student must be reported immediately to the Principal and/or Student Protection Contacts.

As with all situations, there is a responsibility to report the harm to the Department of Child Safety, Seniors and Disability Services (Child Safety) as per section 4.3 if the First Person forms a reasonable suspicion that a student:

- has suffered, is suffering or is at unacceptable risk of significant harm, as a result of their self-harming behaviour; **and**
- may not have a parent able and willing to protect the student from harm, (for example refusing to support the student in accessing medical or psychological care or unable to take protective action). The First Person must never make a determination that the child has a parent able and willing to protect them from the harm, without consulting the Principal.

4.5.4 Harm or risk of harm to a student caused by another student

Where a First Person forms a reasonable suspicion that a student has been harmed or is at risk of being harmed by another student, the process involves:

- Prioritising the safety of the student, this includes attention to any medical treatment.
- Managing student's behaviour in accordance with the Downlands College written processes for the conduct of students, or relevant behaviour support guidelines.
- Where criminal offences have been alleged, for example the serious assault of a student by another student over the age of 10 years, advising parents/carers of the option to pursue action through the Queensland Police Service. Downlands College will cooperate with any resulting investigation.
- Managing bullying behaviour, (including online bullying) in accordance with Downlands College bullying procedures.
- Making a written report to the Department of Child Safety, Seniors and Disability Services (Child Safety) (Child Safety) (Child Safety) (Child Safety) if a staff member forms a reasonable suspicion that a student has suffered, is suffering or is at unacceptable risk of significant harm, as a result of student to student behaviours AND may not have a parent able and willing to protect the student from harm, (for example an inability to provide supervision for the student), in accordance with section 4.3.
- Make any other reports that may be required, for example a report to the Police under section 4.2 of a reasonable suspicion of sexual abuse or likely sexual abuse.

Flowchart 6: Process for responding to harm caused by another student

4.5.4 Responding to student sexual behaviour

- Sexual behaviours of various kinds may be evident in children, particularly in the early years. Some forms of sexual behaviour may be considered developmentally appropriate for the child's age and stage of development.
- Other behaviours may indicate that the child could have been exposed to inappropriate material or experiences (for example, reports of very young children knowing about and experimenting with oral sex). Resources such as those published by the Department of Child Safety, Seniors and Disability Services can assist in identifying inappropriate sexual behaviour.
- Suspicion that a student has been sexually abused may also be formed in some circumstances where a student exhibits concerning sexual behaviour. In these circumstances, the First Person must follow the Framework for responding to and reporting student protection concerns of Identify, Confer, Report, Support. This includes:
 - identifying if a reasonable suspicion or significant harm has occurred; and
 - reporting as per this document, which may include a report to the Queensland Police Services, and/or the Department of Child Safety, Seniors and Disability Services.

4.5.5 Harm or risk of harm to a student caused by a person not associated with the school or family

There may be some circumstances where a First Person becomes aware of a concern that a student has been harmed, or is at risk of harm, by a person not associated with the College or family. For example, a boyfriend or girlfriend or ex-partner of a student; disclosure of abuse/harm by their dentist or physiotherapist or a stranger. In these circumstances, the First Person must follow the Framework for responding to and reporting student protection concerns of Identify, Confer, Report, Support. This includes:

- identifying if a reasonable suspicion or significant harm has occurred; and
- reporting as per this document, which may include a report to the Queensland Police Service, and/or the Department of Child Safety, Seniors and Disability Services (Child Safety).

The **first priority** is the **safety** of the student.

4.6 Responding to concerns that do not meet the threshold for reporting harm

- A First Person may identify concerns regarding a student that do not form a reasonable suspicion of sexual abuse, likely sexual abuse, or significant harm. However, the assessment or professional judgement of the First Person may indicate that without support or intervention, a student and/or their family is at risk of entering the child protection system.
- Concerns must be raised with the Principal and Student Protection Contacts, who may refer the student/and or their family to the appropriate service. This may include support options through the College, such as the Counsellors/Student Protection Contacts, or to community-based options such as Family and Child Connect.
- A First Person may also identify concerns regarding a student that may not meet reporting thresholds because of the age of the student. A First Person must always report the concerns to the Principal irrespective of the age of the student (or a director of the Governing Body if the allegations involve the Principal), so appropriate next steps can be determined.
- The Student Protection Guidelines Section 9 provide details of options available to support students and families.
- Concerns and decision making must be documented and retained by the Principal and/or Student Protection Contact.

Section 9 [Student Protection Guidelines](#)

4.7 Reporting by a student

If a student of Downlands College considers the conduct of a staff member of the College to be inappropriate, they may report to the Principal, the Chair of the Board or the Student Protection Contacts, or any staff member they feel comfortable speaking with.

Any staff member who receives a report from a student that they consider the conduct of another staff member to be inappropriate, must follow the Framework for responding to and reporting student protection concerns of Identify, Confer, Report, Support. This includes:

- identifying if a reasonable suspicion or significant harm has occurred; and
- reporting as per this document, which may include a report to the Queensland Police Services, and/or the Department of Child Safety, Seniors and Disability Services (Child Safety); and
- informing the Principal about the concerns (or the Chair of the College Board if the Principal is involved in the allegation).

4.8 Reporting to the Queensland College of Teachers

In accordance with section 76 of the *Education (Queensland College of Teachers) Act 2005* (Qld), when Downlands College deals with an allegation of harm caused, or likely to be caused, to a child because of the conduct of a teacher of the College, the College must provide a report to the Queensland College of Teachers as soon as practicable after starting to deal with the allegation.

The report must include:

- a) the name of the employing authority and, if the name of the authority is different to the name of the prescribed school, the name of the prescribed school;
- b) the name of the relevant teacher;
- c) the day the employing authority started dealing with the allegation;
- d) the allegation, particulars of the allegation and any other relevant information;
- e) details about what actions the employing authority has taken to deal with the allegation.

A report must also be given as soon as practicable after Catholic Education Queensland Limited stops dealing with the allegation for any reason, in accordance with section 77 of the Education (Queensland College of Teachers) Act 2005 (Qld).

5. Writing an effective report of concern

It is vital to complete a comprehensive report of the concerns using the Student Protection Mandatory Report Form. This will assist with an efficient and effective process important to ensuring the safety and wellbeing of the student. This is the responsibility of the First Person.

However, the First Person is encouraged to seek assistance from the Student Protection Contact and/or Principal as outlined in this document.

Resources:

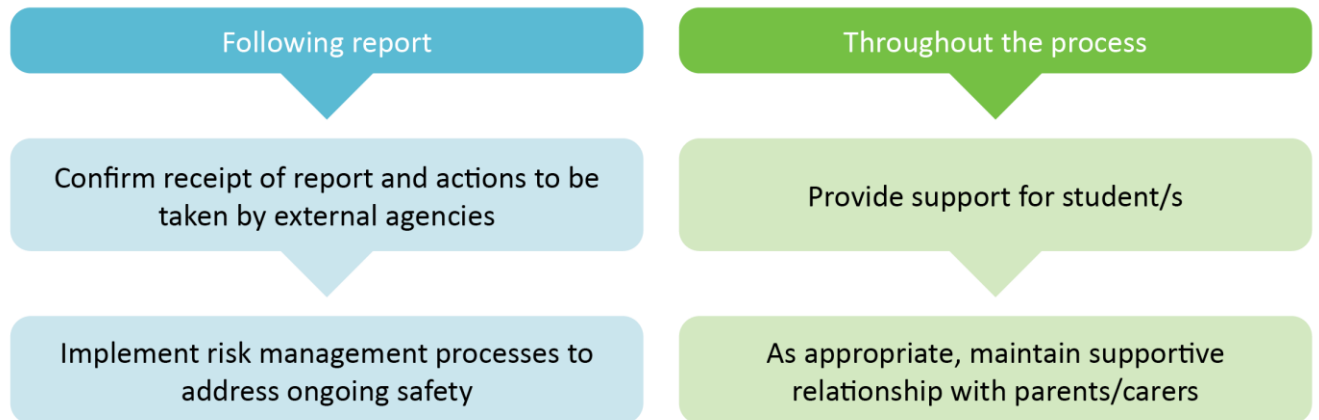

Key tips in completing the report can be found at Appendix 4

Catholic Education Queensland Commission Child Protection Interview Processes/Guidelines

6. After the report is made

It is important to remember that there is a parallel process of safeguarding through reporting the concerns **and** providing support to the student.

Flowchart 8: Parallel process of safeguarding and supporting

Our responsibility does not end with the report. The report is one step in an ongoing process that focuses on ensuring the safety and wellbeing of our students.

Follow up action includes:

- The Principal confirming receipt of the report and actions with Queensland Police Service and/or The Department of Child Safety, Seniors and Disability Services (Child Safety) to confirm both receipt of the report, and any action that these agencies may take. Wherever possible ask for written confirmation.
- Implementing risk management processes to address safety concerns of the student, this includes between students where harm has occurred.
- Providing or organising pastoral support to address the well-being of students. Ensure appropriate follow up is provided with the student.
- Maintaining supportive relationships with parents/carers, and families.
- Ensuring all parties involved respect the confidentiality and privacy of students and families involved.
- Where relevant, preparing for child protection interviews by assuring confidentiality, safety, and support. Seek advice from Student Protection Contacts to support the student and prepare for any interview.

[Catholic Education Queensland Limited Child Protection Interview Processes/Guidelines](#)

7. Advising parents/carers

When a student protection report to the Queensland Police Service and/or The Department of Child Safety, Seniors and Disability Services (Child Safety) is required, Downlands College personnel must consider **when** or **if** parents/carers are advised of the report.

It is recognised that in some situations, parents/carers should be advised immediately or just prior to the report being submitted, as the primary carers of the student. This acknowledges that we want to work with families/carers to support their children. However, in other circumstances it is recommended that parents/carers are advised after the report is made.

The following guidelines are recommended to support decision making:

- Confer with appropriate personnel as specified in this document which includes assessing the risks of when to advise the parent/carer.
- Conferral may also include seeking guidance from relevant authorities, The Queensland Police Service and/or Child Protection Regional Intake Service.
- Assessing risk of when to advise the parent/carer involves determining what is in the student's best interests. This includes determining whether there is a reasonable belief that:
 - Someone may be charged with a criminal offence for the harm and advising the family would jeopardise the investigation. For example:
 - ✓ The alleged person responsible for the harm/abuse is one of the student's parents/carers;
 - ✓ the alleged person responsible for the harm/abuse may abscond with the student;
 - ✓ risk that the parent/carer may confront a student allegedly responsible for harming their child.
- Advising the parent/carer may expose the student to harm. For example, the parent/carer may blame the student or threaten them which can cause greater harm, impede both the investigation and access to support.
- Advising the parent/carer may expose staff to harm.
- Where the suspected abuse or neglect is by a member of the student's family, the Principal, or a director of the Chair of the Board will only inform the parent/carer of the protection concern if appropriate and once guidance is sought from the Queensland Police Service or the Department of Child Safety, Seniors and Disability Services.

It is recommended that the Principal or Chair of the Board seek immediate guidance from the Queensland Police Service and/or The Department of Child Safety, Seniors and Disability Services (Child Safety) as to when it is appropriate to discuss the matter with the student's parent/carer.

The priority of all Downlands College personnel must remain on the safety and wellbeing of the student, and ensuring they have access to appropriate support including by parents/carers.

The *Education (Accreditation of Non-State Schools) Regulation 2017* prescribes the accreditation criteria relevant for a non-state school's accreditation as mentioned in section 11 of the Act. A staff member or Principal who fails to comply with the mandatory reporting requirements in relation to the sexual abuse or suspected sexual abuse of a student commits an offence under section 366 of the *Education (General Provisions) Act 2006* and is liable for a penalty of up to 20 penalty units. At the time of the offending behaviour, the child victim must be under 16 years of age or a person with an impairment of the mind. A 'child sexual offence' means an offence of a sexual nature [whether or not it meets the definition of sexual abuse under the *Education (General Provisions) Act 2006*] committed in relation to a child, including for example, an offence against a provision of chapter 22 and 32 of the *Criminal Code Act 1899*.

A reasonable excuse not to make a report includes that a report has already been made under:

- a) the *Education (General Provisions) Act 2006* (reporting sexual abuse or likely sexual abuse)
- b) the *Child Protection Act 1999* (reporting significant harm or risk of significant harm).

Maximum penalty—3 years imprisonment

Education (Queensland College of Teachers) Act 2005

The *Education (Queensland College of Teachers) Act 2005* requires an employing authority to notify the Queensland College of Teachers (QCT):

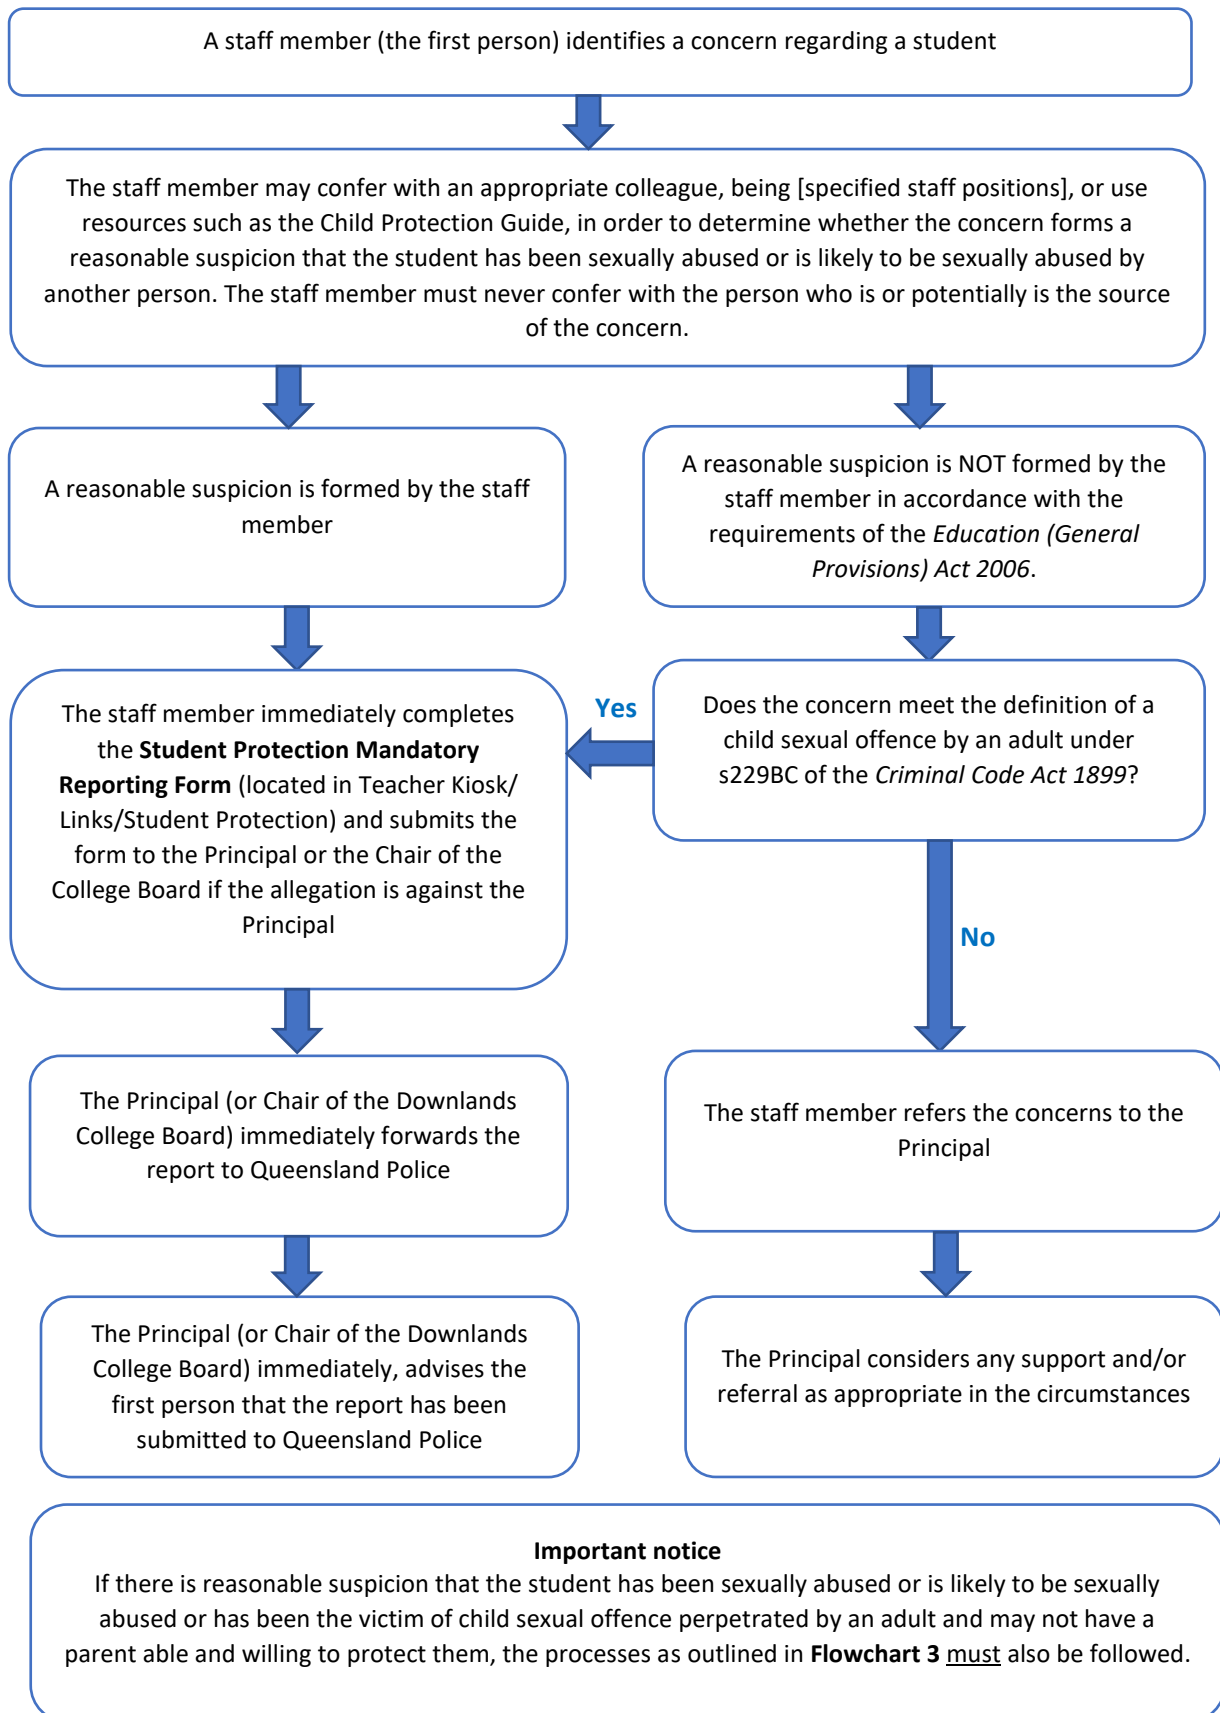

- about allegations of harm to a child because of the conduct of a teacher as soon as practicable, after commencing investigating the allegations (section 76)
- about the outcome of allegations of harm because of the conduct of a teacher where the teacher has been dismissed or resigned within 14 days (section 77)
- if the teacher has been dismissed in circumstances that call into question the teacher's competency as a teacher within 14 days (section 78).

Evidence Act 1977

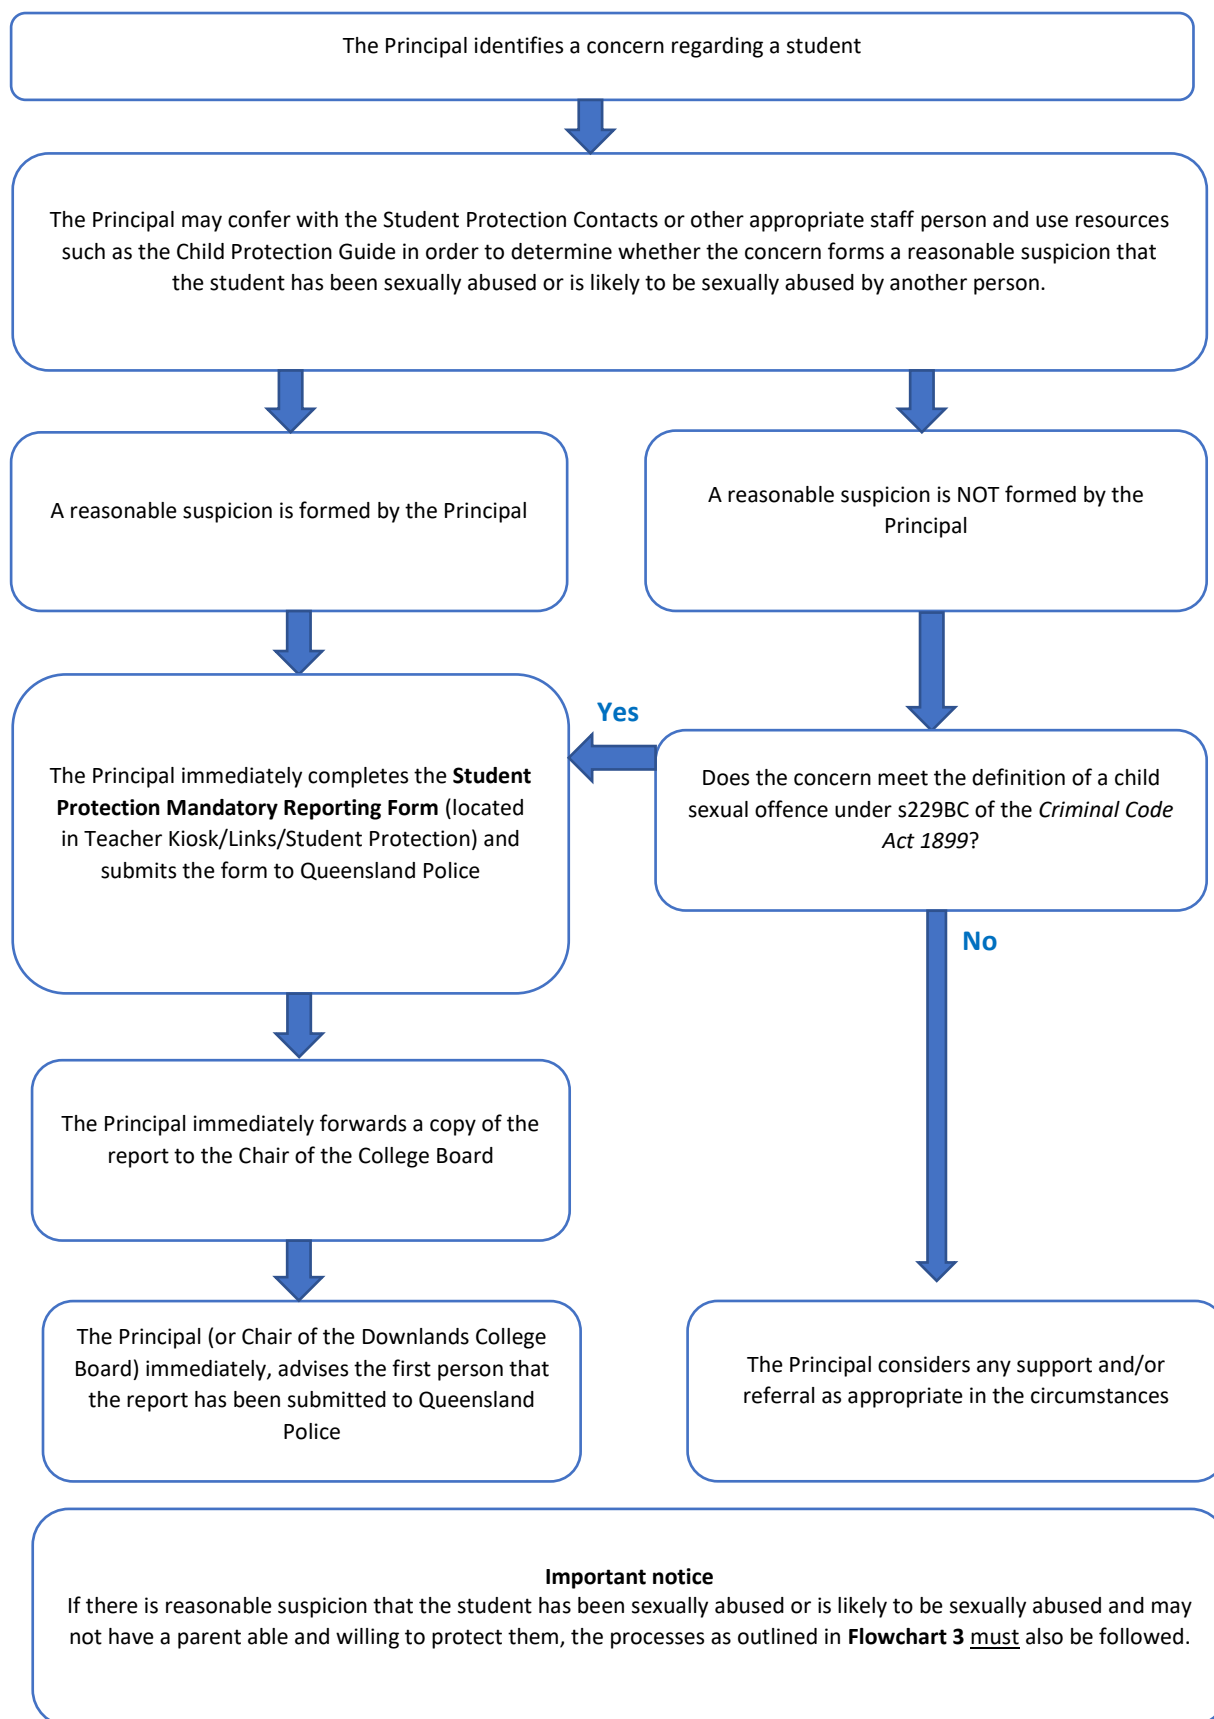

Section 93A provides the legislative authority for the Queensland Police Service and the Department responsible for Child Safety to conduct an interview and obtain a recorded statement from a child under 16 years, or a person who was 16 or 17 years when the statement was made and who, at the time of the proceeding, is a special witness, or an intellectually impaired person who has personal knowledge of the matters dealt with by the statement.

Important notice

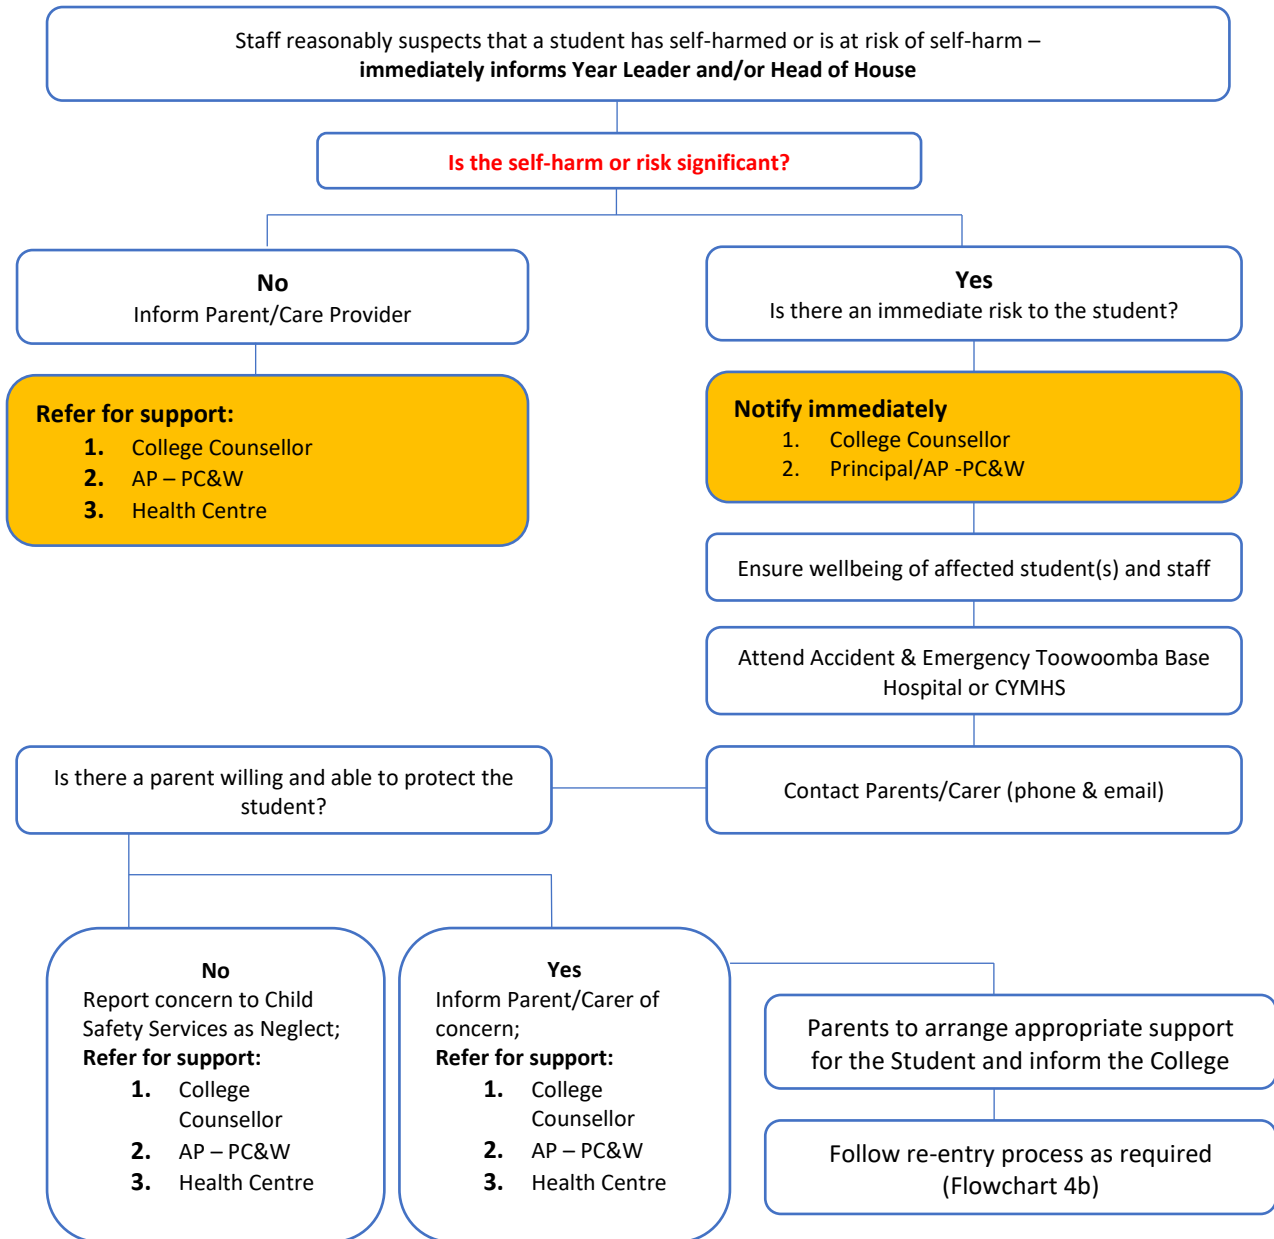

If there is a reasonable suspicion that the student has been sexually abused or is likely to be sexually abused by another person, then the processes as outlined in **Flowchart 1** must also be followed, or **Flowchart 2** if the first person is the Principal

Mandatory Responsibilities

If the First Person is a mandatory reporter under the *Child Protection Act 1999* (teachers, nurses, doctors, police officers, early childhood professionals, registered child advocates), and the reasonable suspicion is that the student has suffered, is suffering, or is at an unacceptable risk of significant harm caused by physical or sexual abuse and may not have a parent able and willing to protect the student from the harm (a reportable suspicion under section 13E of the *Child Protection Act 1999*), the mandatory reporter is responsible as a matter of urgency, to ensure that the report has been submitted to Department of Children, Youth Justice and Multicultural Affairs unless they become aware, or reasonably suppose, that the matter has already been brought to the attention of the authorities.

If the mandatory reporter forms a reportable suspicion and is not able to progress a report through the process detailed in the Flowchart above, they are able to meet their mandatory reporting obligation through reporting directly Department of Children, Youth Justice and Multicultural Affairs via the online reporting Form: [Make a Report to Child Safety](#).

What happened?	<ul style="list-style-type: none"> • Keep this factual. Use headings to break this down so it is easy to read and makes sense to you and the reader. • Explain the concerns you have identified and categorise if more than one, for example, physical harm, neglect, psychological harm. • Identify if in your assessment if there is a parent willing or able? This assessment should be made in consultation with the Principal (or a Director of the Governing Body if the Principal is involved in the allegations)

STUDENT PROTECTION PROCESSES

Injuries to child	Be as specific as possible, for example “bruising noted all along the left side of the face, around the eye, cheek, and neck. Bruising including to the right forearm, approximately the size of an adults hand. The bruising was purple and black in colour, with a hint of yellow.”
Immediate safety concerns	This asks you to identify immediate safety concerns and involves identifying if the student is currently at an unacceptable risk of harm. This again draws on your professional judgement and the information you have obtained. <i>For example, Adrian hinted that his father caused his injuries to his face and neck. Adrian stated his mother had told him to say he fell when at the skate park. Adrian’s father lives at the family home and will have full access to him. No medical attention was sought by Adrian’s father or mother.</i>
Observations of the child	Describe the student’s behaviour, how did they respond when you spoke with them? Have there been any patterns or concerns that you have noticed, for example, a decline in grades or the student becoming more withdrawn. Be specific.
Unborn child	Document if to your knowledge there an unborn child in the home that you know of who may be at unacceptable risk of harm.
Alleged person responsible for the abuse/harm	From your observations or information, who is the alleged person causing the abuse/harm? Provide as many particulars as possible about their identity. For example, <i>Adrian’s father.</i>
Persons with more information	Include the name of any adults who may have additional information. Do not ask parent/carers for information if they are, or you reasonably suspect they are the alleged source of abuse or neglect.
Actions taken by staff member	List what actions you or other staff members have taken in response to the concerns. For example, <i>Consultation with Guidance Counsellor Ms Smith on 20/6/23 to provide emotional support to Adrian; Consultation with Student Protection Contact Ms Habib and Principal Ms Ying on 20/6/23. Child Protection Concern completed on 20/6/23 and submitted at 4.30 pm.</i>
Prior discussion with parent/carers(s)	Document any discussions you may have had with the parent/carers about the concerns. Importantly do not ask the parent/carers for information if they are the alleged person responsible for the abuse or harm. If this is the case specify this in the ROC.
Parent/carers(s) risk factors	Record any parental/carers risk factors you are aware of. Your Principal or Student Protection Contacts may have additional information or provide assistance. Be as specific as you can.

Frequently Asked Questions

What is my responsibility once I have become aware of abuse, harm, or alleged staff inappropriate behaviour by a staff member towards a student?

Your responsibility is to take every concern seriously and gather sufficient information to help you identify if there is a reasonable suspicion of abuse, harm, or alleged staff inappropriate behaviour. From there, follow the Framework set out in this document of Identify, Confer, Report and Support.

What is the difference between gathering information and investigating?

Gathering information is the process of seeking more information to determine if you have reasonable grounds to suspect abuse, harm, or alleged staff inappropriate behaviour towards a student (see definition at Appendix 1). You can do this by speaking to the student and conferring with the Principal and/or the Student Protection Contacts. You do not have to determine if the concerns are true or false.

Who has responsibility for investigating?

Investigation may be undertaken by the appropriate authorities, the Department of Child Safety, Seniors and Disability Services and the Queensland Police Service. Where appropriate, the Principal or Governing Body may determine to investigate a matter. The Principal, Student Protection Contacts can help guide you about the boundaries of responsibilities.

If in doubt, can I talk with the alleged person responsible for the abuse or harm just to confirm?

No, the safety and wellbeing of the student is your priority, this means ensuring your focus is on safeguarding them. Talking with the alleged person responsible can place the student in greater risk, and potentially obstruct the investigation by the relevant authorities.

Conferral regarding harm or abuse or alleged staff inappropriate behaviour towards a student

What happens if during the conferral process, there is disagreement between the First Person and the Principal?

Seek another point of conferral, this should include the Student Protection Contacts, Director of Governing Body or delegate.

Does conferral involve talking to the alleged person responsible for the abuse or harm?

No, the safety and wellbeing of the student is your priority, this means ensuring your focus is on safeguarding them. Talking with the alleged person responsible for the abuse or harm can place the student at greater risk, and potentially obstruct an investigation by the relevant authorities.

Does conferral involve talking with the student's parent/carer?

It is always advisable to confer with the Principal, and/or Student Protection Contacts in the first instance to determine if there is a parent willing and able to safeguard the student.

When can I advise the parents/carers?

Parents/carers are an important support in student's lives, and we acknowledge the importance of working with and supporting them to support their children. However, an assessment must be made about the safety of the student. Therefore, confer with appropriate personnel to determine if and when to advise parents/carers.

Reporting harm or abuse

As a Teacher what is my responsibility?

Teachers are mandatory reporters and have a duty to report any concerns of abuse/harm to a student as per these processes.

As a Principal what is my responsibility?

In addition to being a mandatory reporter, Principals have responsibility for ensuring the processes set out in this document are followed.

Principals are responsible for maintaining a culture of safety and have a duty to report any concerns of harm to a student as per these processes.

As a staff member what is my responsibility?

All staff members are responsible for safeguarding students, this includes identifying and responding to concerns about abuse, harm or alleged staff inappropriate behaviour and ensuring the processes in this document are followed, including reporting.

As a volunteer/other personnel what is my responsibility?

You are still responsible for following the process of identifying and conferral with the Student Protection Contacts. The Student Protection Contact at the College will then facilitate reporting the concerns if necessary.

What happens if the online form is not available?

Where there are IT issues, you must still report without delay. This will involve:

- Making a verbal report to the relevant authority as a matter of priority
- Writing out the report using the headings specified in this document
- Following up with completing the report and submitting this.

What happens when the Principal is not available?

Do not delay. Remember the safety and wellbeing of the students is of paramount importance.

The College has a designated delegate, and you must confer with this person and follow the reporting procedures.

What happens if I don't have time to make the report because I am teaching or busy?

Prioritising the safety and wellbeing of the student is the priority.

The First Person can seek support from the Principal and or Student Protection Contacts to ensure they have the time to Confer, Report and Support.

The First Person should be provided with support that may include having someone else take over their teaching responsibility or other duties.

Remember it is of paramount important to not delay.

What happens if it is an emergency?

- Immediate safety concerns require immediate attention, do not delay, and Call 000 and speak with the relevant authority, for example The Queensland Police Service or the Department of Child Safety, Seniors and Disability Services.
- In a medical emergency contact **000** and ask for an Ambulance.

What happens if I am worried about a student, it is Friday afternoon, and I cannot find an appropriate person to confer with?

- If you cannot locate any appropriate member of staff as outlined in this document, you can contact the Department of Child Safety, Seniors and Disability Services or Child Safety After Hours Service, or Queensland Police Service and confer.
- In the case of any sexual abuse or other related harm where there has been a possible criminal offence, for example domestic and family violence, immediately contact the Queensland Police Service and confer with them.

Supporting students

What is my responsibility in supporting a student?

The wellbeing of our students is our priority. This means making sure that we provide whatever emotional, physical, and medical support is necessary. Confer with the Student Protection Contacts/Principal about the best way to do this.

Do I need to do anything else after I have reported the harm or abuse?

Yes, your responsibility does not end with the report. Remember we need to ensure the wellbeing of the student; this means considering whether they need to be linked with support services such as counselling or other specialised supports. Always confer with the Student Protection Contacts Principal about the best way to do this.
