

CHILDREN'S RIGHTS POLICY

Children are entrusted to us as the future. Recognizing them as individuals, respecting their rights, and protecting them from all forms of psychological, physical, commercial, and other types of exploitation is our primary responsibility.

To ensure this, we:

- Do not allow child labor in our own institutions and expect the same sensitivity from all our business partners.
- Provide environments and opportunities within our business where children can feel safe and comfortable.
- Train our employees on preventing and recognizing child abuse.
- Ensure that children are under adult supervision during activities they participate in.
- Organize trainings and support relevant projects to raise awareness on the protection of children's rights.
- In cases where we witness suspicious actions involving children, we inform the hotel management first and, if necessary, seek assistance from official authorities.
