You will find the online survey at the bottom of the page that opens.

To help you we are including here (for each site) the response from the Parish Council in both PDF and Word Doc formats.

You will need to add your own details at the beginning of the survey but you can then cut and paste responses from the word documents.

You can also cut and paste the PDF's into a mail but ONLINE RESPONSE IS PREFERABLE.

It is vital that a robust response from the village is made.
