

Spirit Lakes Improvement Association Summer Newsletter - 2018

Letter from the SLIA President

As a SLIA member and/or property owner, we as a Board would like to thank you for your continued commitment to the Association and its accomplishments. We're reaching out to ask for your further assistance to help make sure that these accomplishments are not wasted. If you know of a lake neighbor or friend that utilizes the lakes, please reach out to them and inform them of the importance of what the Association provides (brochures are available, ask a Board member!). Encourage them to become a member. We are at a point, that if we cannot maintain or grow our membership, the Association will eventually die and along with that the lakes will suffer. This affects everyone who enjoys the lakes. Please consider not only maintaining your own membership, but encouraging others to join as well. Please help us to continue the great work of the past and present members and continue to give the lakes a bright future!

Life Jacket Kiosk

We have renewed the Life Jacket for Kids Program through the DNR! The costs of building the kiosk and maintaining the life jackets is paid for by the DNR. This is a free program which supplies life jackets for children while boating on Spirit Lakes. The daily maintenance of the kiosk is up to the association. Please help us keep it looking great!
