

Josh Bidwell Foundation Scholarship

2024 ATHLETIC

Deadline April 19, 2024

Josh Bidwell was a Douglas High School student and standout athlete. He played for UofO and was drafted by the Green Bay Packers. In his rookie year as the starting punter, he was diagnosed with testicular cancer and moved back to Oregon to receive treatment. At this time Roseburg's Community Cancer Center had not been established and Josh had to travel to Portland for treatment. Because of the circumstances of his treatment, the Josh Bidwell Foundation came to be in 2006 with a vision to aid cancer patients receiving treatment at Roseburg's CCC. Our second goal is to support local area youth programs, like those that had such an impact on Josh in his early years.

The JBF Scholarship program was established in 2016 to further the foundation's vision of giving back and making a difference in this community. The scholarships are presented annually to students who display a promising future in becoming contributing citizens of their community. To date, the foundation has awarded over \$50,000 to the youth of Douglas County.
