Get to Know Local Businesses: Q & A Interview

What does your business do?

Planet Fitness is one of the largest and fastest-growing franchisors and operators of fitness centers in the United States by number of members and locations. Our mission is to enhance people's lives by providing a high-quality fitness experience in a welcoming, non-intimidating environment, which we call the Judgement Free Zone®, where anyone – and we mean anyone – can feel they belong.

What inspired you to start your business?

Planet Fitness was founded in 1992 with the goal of making fitness more accessible to everyone. The founders recognized that many people avoided gyms because they felt intimidated or couldn't justify the high cost. Planet Fitness changed the traditional gym model and opened the door for people of all fitness levels to feel comfortable starting their health journey. Today, the brand has grown to thousands of locations worldwide while continuing its mission of providing a high-quality, non-intimidating fitness experience.

What makes your business unique or different from others in your industry?

At Planet Fitness, you'll find an uplifting and motivating community where you can define progress on your own terms. No matter where you are on your journey, we've got you. Our clubs offer convenient locations—most open 24 hours—plus free fitness training and innovative recovery options, providing you with a high-quality fitness experience at an affordable price. With different membership options, you have the flexibility to pick the one that works best for you.

Who is your ideal customer?

Everyone!

Are there any upcoming events, specials, or promotions you would like us to highlight?
