Get to Know Local Businesses: Q & A Interview

What does your business do?

We serve fast & fresh sandwiches, salads, wraps, and snacks.

What inspired you to start your business?

We are a family-owned and operated Subway franchise. The restaurant owner, John Boike, began his career with Subway 40 years ago and his children now help keep the family business alive and well.

What makes your business unique or different from others in your industry?

We are seasoned operators whose only trade is Subway. We prioritize service excellence, operational consistency, and family values.

Who is your ideal customer?

Anyone who wants a convenient fast casual meal with wholesome ingredients!

What's your biggest business win or proudest moment so far?

In 2026, we have had 5+ restaurants receive recognition for being in the top 100 Subways in the nation for: customer loyalty, high scores on health inspections, and service excellence among other criteria! We also boast some of the longest tenure in Restaurant Manager positions, which helps us achieve consistent outcomes in our operations.

"40 years ago, John chose Subway because he saw an opportunity for his family. Today, we continue to choose this brand because we believe that fresh, affordable, healthy meals should be convenient in every community!"
