Invitation

On behalf of Darling Downs and West Moreton PHN, in partnership with West Moreton Health and Darling Downs Health, we invite you to be part of our upcoming symposia as an exhibitor in Toowoomba and Ipswich.

This is an in-person event that fosters meaningful connections between GPs and their peers across the healthcare system, while providing up-to-date education and clinical insights relevant to general practice in our region.

Over 80 participants are expected to attend, presenting a valuable marketing opportunity for organisations interested in reaching and educating GPs who are interested in connecting with service providers and referral agencies.

A range of partnership packages and display opportunities are available to help your organisation reach this valuable market.
