## Think Chamber Member First!

### ***What is our Member-to-Member discount program?***

Our Member-to-Member discount program encourages our Chamber Members and their employees to think about our Chamber community when making purchasing decisions. This program is a great way to build relationships with new customers, save money, and ultimately strengthen our local economy!

### ***What types of discounts can be offered?***

Any! You could offer a percentage or dollar amount off the purchase price (10% or \$10 off) a “bonus” (free drink with the purchase of a meal), extra service (free financial consultation), or whatever discount applies to your specific business. Be creative! Keep in mind, to be effective and popular, the discount should be substantial enough to attract attention.

### ***How will the Chamber promote your discount?***

The Prattville Area Chamber of Commerce will promote this program at every opportunity including on your website, in our lobby, in E-blasts, and in new member packets.

### ***How can I verify a Chamber member customer?***

When a customer comes in and asks to use the Chamber discount, ask them the name of their business and verify that their company is a member in good standing on our website’s business directory:  
<https://online.prattvillechamber.com>.

☐ **Yes! I want to offer a Chamber member-to-member discount.**

**Business Name:** \_\_\_\_\_

**Address:** \_\_\_\_\_

**Primary Contact Name:** \_\_\_\_\_

**Primary Contact Number:** \_\_\_\_\_

**Discount you want to offer (Keep in mind this is how it will be shown on the website and in our packet):**
