

Ontario Healthcare Reporting Standards (OHRS) and Ontario Healthcare Financial & Statistical System (OHFS) Training Modules

On June 12, 2026, Health Data Branch (HDB) launched three foundational training modules aimed at strengthening Ontario Healthcare Reporting Standards (OHRS) data literacy and standardizing reporting practices across health service providers (HSPs), including guidance on reporting and submitting data through the Ontario Healthcare Financial and Statistical System (OHFS).

- **Module 1:** Introduction to the financial reporting standards and collection system
- **Module 2:** In-depth review of the financial reporting requirements and framework
- **Module 3:** Understanding how to submit financial data to the Ministry

The online training modules are designed to give users the flexibility to learn at their own pace. To access the modules:

- Log in to the Health Data Branch Web Portal (Note: you will need an HDB account to log in.)
 - [Health Data Branch Web Portal](#)
- Navigate to the Ontario Healthcare Reporting Standards page
- Click the respective training module links at the bottom of the page

The following drop-in webinars will be offered to provide HSPs with a brief overview of the Modules and an opportunity to ask the HDB team questions regarding the topics covered in the Modules, including the reporting standards and submission process.
