

# Sacred Time: The Liturgical Calendar

## Part 1

Write the names of the liturgical seasons and the months in which they occur in the appropriate spaces on the liturgical calendar. You may refer to part 2 for a list of the names. Also color in the liturgical color associated with each section of the calendar (or legibly print the name of )

## Part 2

Write a brief description of each liturgical season, liturgical celebration, or both, and place them in their proper order by numbering each, beginning with Advent as “1” One liturgical time occurs twice on the calendar and will, therefore, have two numbers associated with it.

| Number of each Season | Name of Liturgical Season of Celebration | Description of Liturgical Season or Celebration |
|-----------------------|------------------------------------------|-------------------------------------------------|
|                       | Ordinary Time                            |                                                 |
|                       | Easter                                   |                                                 |
|                       | Lent                                     |                                                 |
| 1                     | Advent                                   |                                                 |
|                       | Pentecost                                |                                                 |
|                       | Easter Triduum                           |                                                 |
|                       | Christmas                                |                                                 |
