## Service Project

The purpose of service during Confirmation preparation is to demonstrate the close relationship between faith and action. Service to others help your faith to grow and still respect and love for the Body and Blood of Christ. The Confirmandi can identify, develop and place his/her gifts and talents at the service of others. Service should be an intentional part of Christian formation from the time of our Baptism until the time of our death.

Other programs require a set number of hours of service. However, we feel it is far more productive for students to participate in intentional. Well-planned, service opportunities with time for follow-up reflections than to create a large number of hours' requirements that have to be completed. The focus is to develop growth as a disciple who can generously identify and respond to the needs of others. It is this spirit which is an essential characteristic of discipleship.

**The students are required to do two service projects, they must bring this paper to each community service, so that the person in charge can sign it and confirm your service attendance. After completing your two projects, on the back of this paper or on a separate paper write a 300-hundred-word reflection where you will describe your experience in each of them.**
