

Walking With Purpose Bible Verse Study

1. Look up bible verse(s), spend time reading it and then write it down.
2. Paraphrase the verses I selected (put the verse in my own words).
3. Write down questions about the verse that come up for me like:
 - a. About text itself/biblical question
 - b. Personal question: How am I going to receive or take this Word that God has given me.
4. Cross reference/look for similar themes in other books of bible.
5. Personal application: How can I/or is God calling me to apply this to my life.
