# Reviewing Footage

Start by locating the main menu icon, located in the lower left corner. Left click to expand menu. Select **PLAYBACK** see figure a.

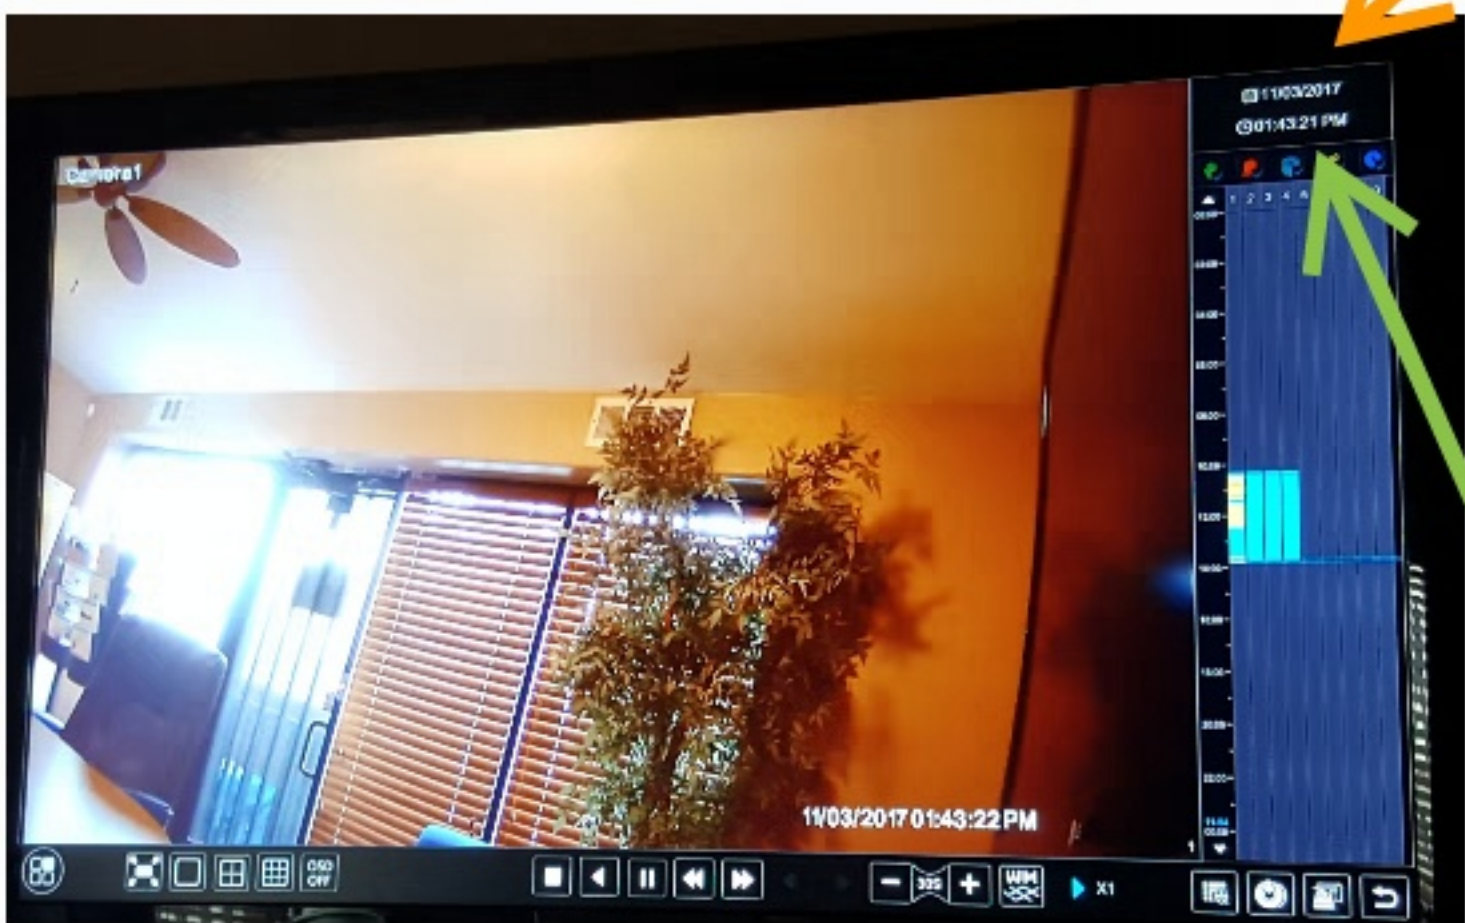

(a.)

This will open the playback interface. See figure b.

(b1)

(b)

(b2)

On the playback interface on the top right on figure b, you can select and change the date via a calender pop-up. (Figure b1). For more exact date and time you can select the clock and time icon figure b2. After a date is selected click ok. This will update the 24 hour time line. Time line has 2 colors blue indicating constant recording, yellow indicates motion recording (figure b3).

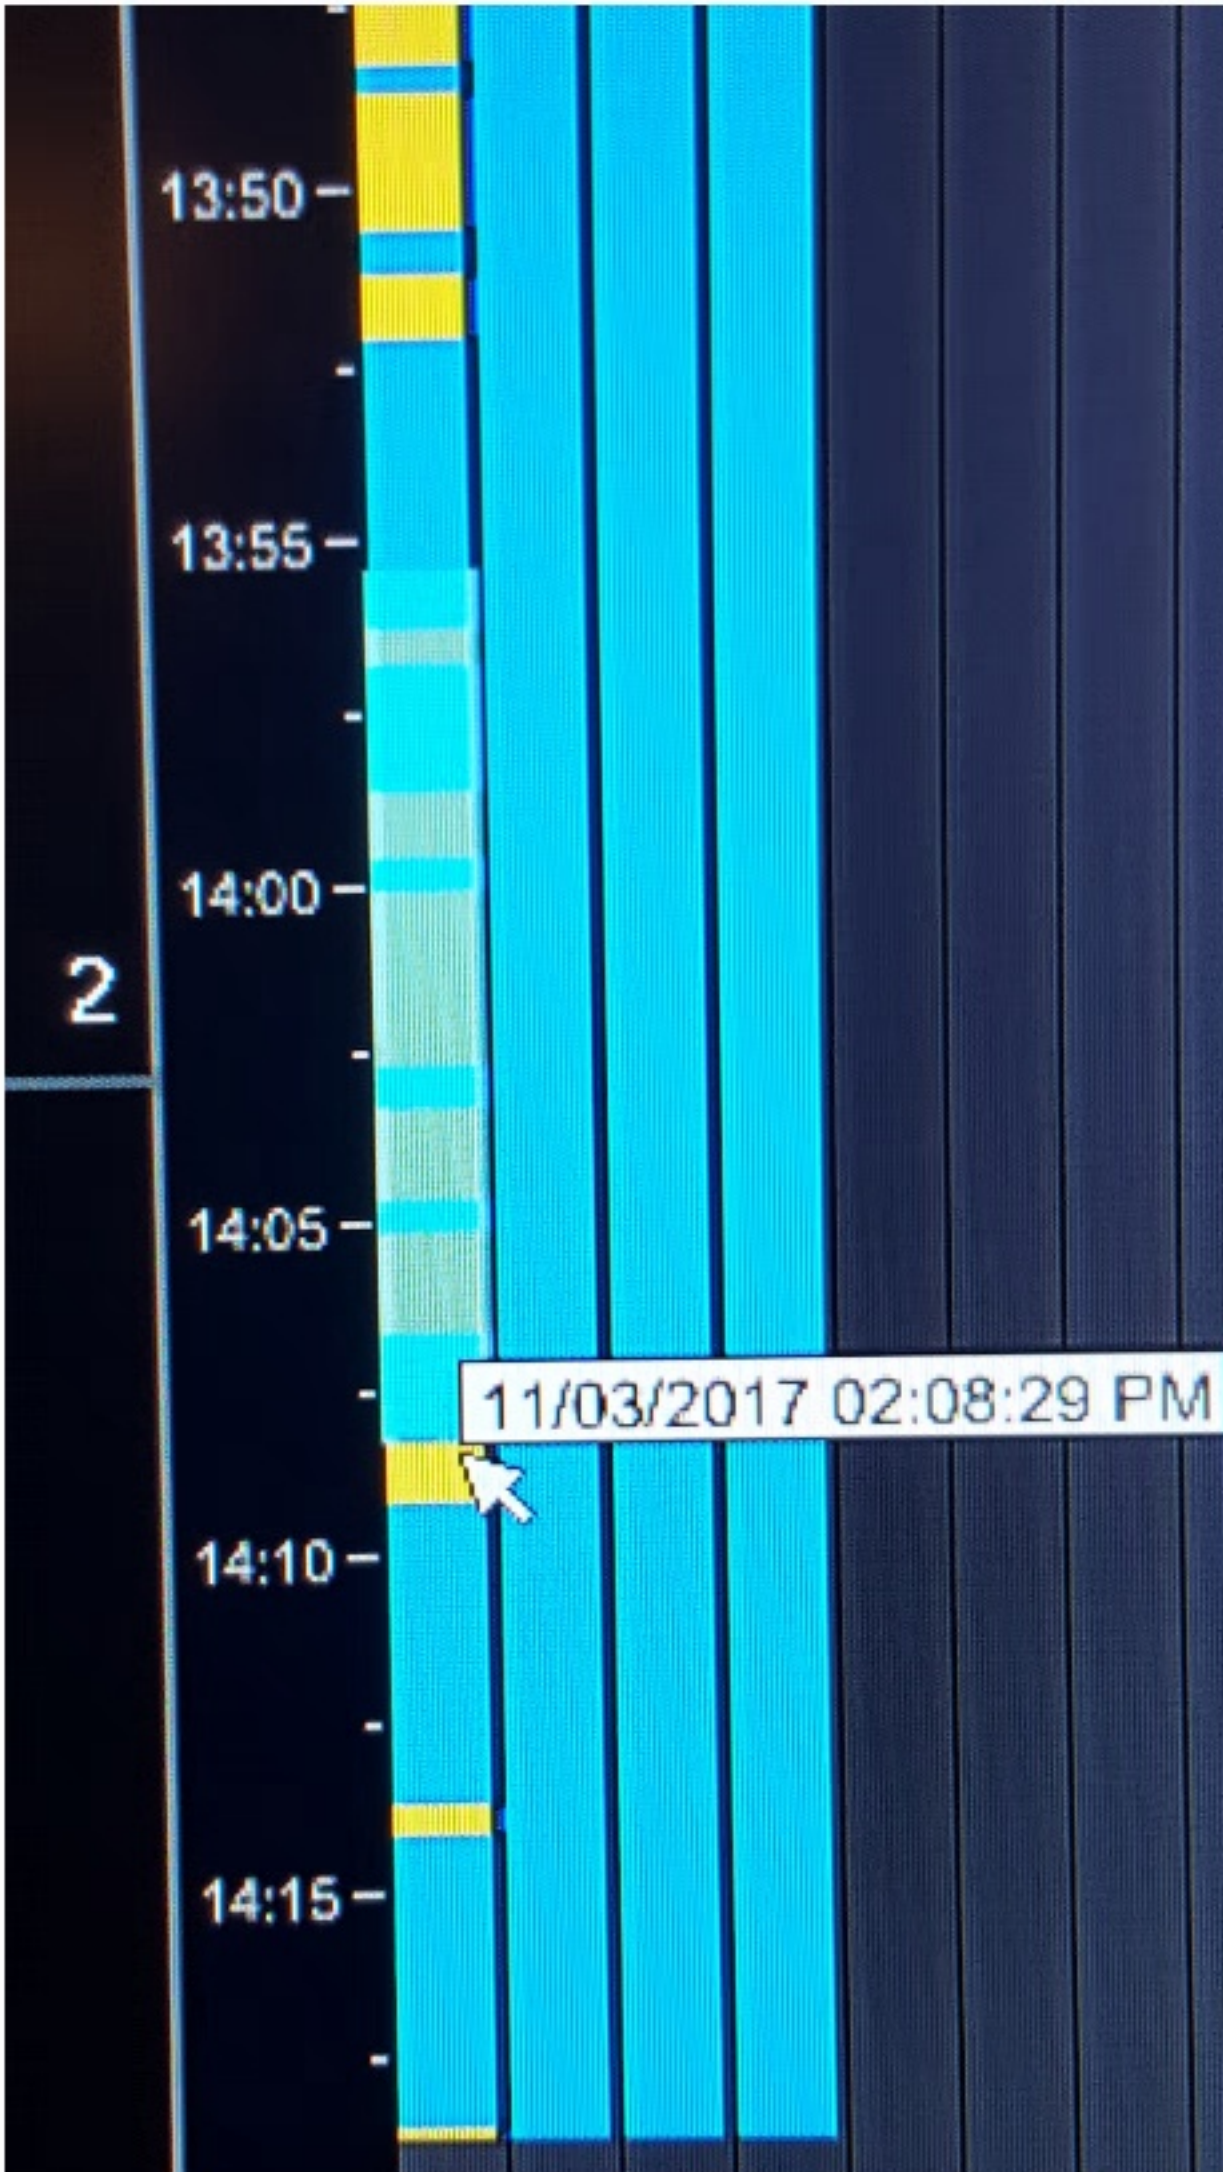

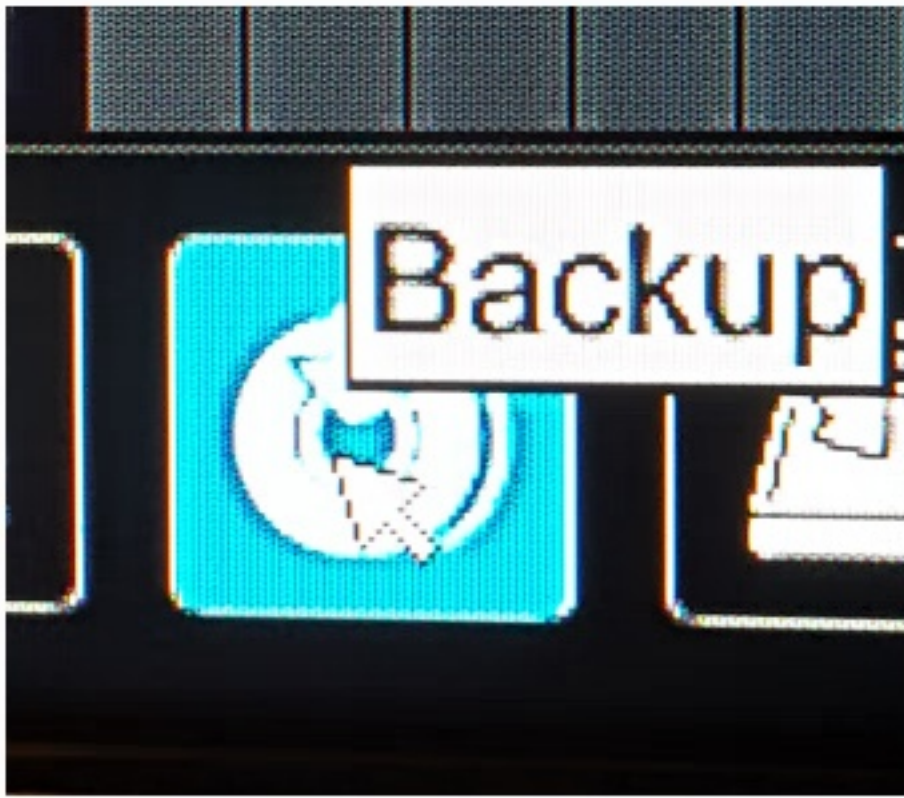

(b3)

Extracting Video

Once you have located the video you want to extract. Move cursor over the time line see figure a depress left click and hold, move cursor to the desired end time and release click. This will highlight the area to be copied.
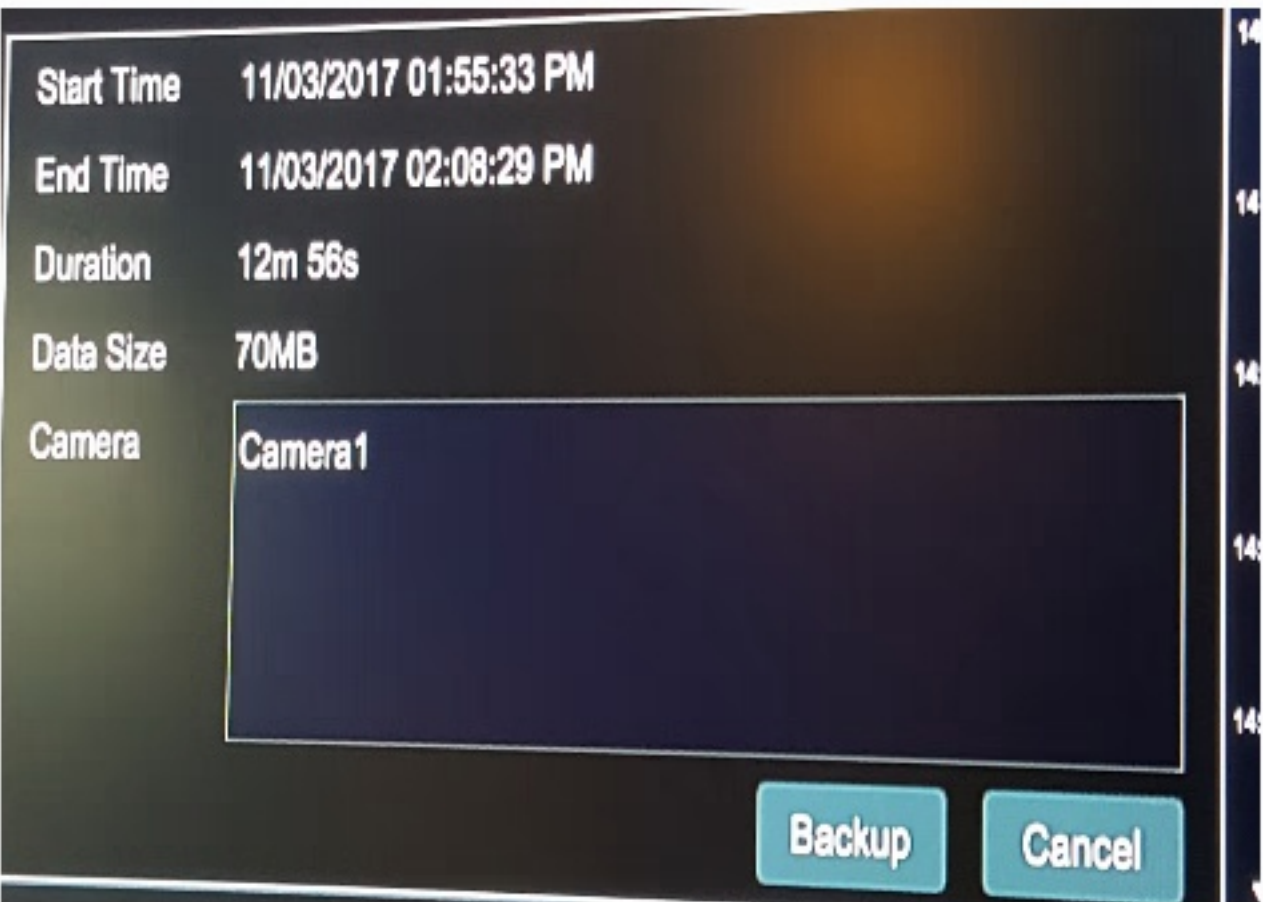

Locate the backup icon figure a1. This will open a preview window which has video information. See figure a2.
