

DW Goalkeeping Academy Kit Policy

Here at DW Goalkeeping Academy, our kit policy, which has been in place for many years now, is key to our identity and, we feel, it helps to maintain a professional environment at all our sessions.

DWGKA kit is **mandatory for all** GK's once they have been attending for a month and is available to order via our kit partner ProKit UK, link below:

<https://www.prokituk.com/club-shop/dw-goalkeeping-academy.html>

Obviously as the weather conditions change, so does the kit requirements. As a **minimum** we ask that each GK has the following kit when attending sessions:

Warm Weather

DWGKA Boys training shirt (orange)

DWGKA Girls training shirt (maroon)

Cold Weather

DWGKA long sleeve training top (different styles available)

Wet Weather

DWGKA rain jacket

There are also additional items that can be purchased from our club shop on the above website.

We are, of course, aware that cost will be a factor for everyone especially in the current climate and all the above mandatory items can be paired with the GK's own BLACK shorts/base layers or tracksuit/padded bottoms.

Please Note - Adidas sizes do come up small, please speak with one of the coaches if you are unsure and would like any help with sizing.
